THE ACADIAN.

WOLFVILLE, N. S., JUNE 1, 1900.

Local and Provincial.

Mr. P. Giffins has been promoted to the position of General Manager of the Dominion Atlantic Railway.

We have had a whole week of beautiful weather and farmers have had a good chance to rush along their work.

Messrs Bently & Ellis are having improvements and extensions made in their wharf property. The whole property is to be put in good condition.

If the blossoms on the trees are an indication of a crop there will be a big fruit crop this season. Every tree and bush will be covered with blooms.

The Halifax Chronicle is publishing a series of articles relating to the mayors of the different provincial towns. Wednesday and yesterday, Kentville and Amherst's mayors received attention.

The watering cart was out for the first time this season yesterday. The streets have been very dusty for a week back and the appearance of the cart was much appreciated by the citizens.

The Kentville Chronicle's allusion to the need of more policemen in Wolfville on the 24th is very timely. According to report it was found necessary to make 22 arrests in that town, while in Wolfville there was no disorder of any kind.

The consumption of tea in the United States, in 1899, was an average of a little more than one pound for every individual in Canada the average consumption was something more than five pounds per head. You want the best quality and best value. Try Union Brand.

The many friends in Wolfville and vicinity of Prof. H. N. Shaw will be glad of the opportunity of hearing his readings on Saturday evening. There will no doubt be a full house and a pleasant evening's entertainment. Miss Lida Manro and Miss Eva M. Doyle of the Seminary will assist.

A joint meeting of the Executive of N. S. F. G. A. and the Board of the School of Horticulture was held on Monday. The attendance was not large but the meeting was quite successful. A satisfactory report was read from the principal of the School, which showed a balance on hand. Prof. Sears was concluded for another year, under the same conditions.

The following statement of the money received and expended in the Queen's Birthday Celebration has been handed to us for publication by the committee in charge:

Amount collected	\$79.70
Paid out for prizes, labor, fire-works, etc.	70.33
Bandmaster	4.09
Balance	\$74.33
	\$ 5.37

Alumnae Hall was well filled with invited guests on Tuesday evening, on the occasion of the graduating recital of Miss Coryl Campbell Schurman and Miss Emily May Christie, students in piano music at Acadia Seminary. The hall was prettily trimmed in class colors. The principal and members of the faculty occupied seats on the platform. The programme was exceedingly well rendered, and indicated careful training combined with unusual talent on the part of the performers. Miss Nina V. Shaw assisted in the programme, giving a reading entitled: "How the Le Rue Stakes Were Won," in a manner which drew forth generous applause.

Room Paper, etc. included, at 4c per Roll at WOLFVILLE BOOK STORE.

Grand Pre.

The eclipse on Monday was a wonderful manifestation of a rarely used natural law. It was an ideal day for an eclipse—a cloudless sky and the sun shining at its brightest. It appeared at Grand Pre to be about three-quarters covered, and the strange darkness and queer shadows on the face of nature gave one a most uneasy and weird feeling. For the day the eclipse eclipsed the interest in Queen's birthday celebration, and even "Bob's" magnificent campaign in the Transval. Those who saw this eclipse will probably never see another like it.

Mr. Roscoe arrived this week from Boston, and is visiting her son, Harry Palester of Long Island.

Rev. W. H. Langille has been in Sackville since Friday morning. Mr. Langille and Carman have been visiting at Clear View.

Queen's weather over since the 24th, and farmers are hard at it. There will be a good time according to promise.

Caterpillars are getting in their work these fine days. They are frightfully thick in the orchards here, but we have no collets yet or bark-boring.

These are the delightful days of apple blossoms, and "College Closings," and fair girl graduates.

The death of Mrs. W. A. Reid is very sad. She was a most estimable Christian woman, and the very soul of honesty and industry.

Wool taken in exchange for goods and on account at C. H. Borden's, the Wolfville Shoe, Hat, Clothing, Men's Furnishing and Trunk Store.

The Eclipse.

For some time past considerable interest has been manifested in the approach of an event not often seen in Nova Scotia—a partial eclipse of the sun. Monday was the day set down for the phenomenon and the conditions for witnessing it were exceptionally good. Shortly after eight o'clock the sun entered the shadow, and a slight obstruction became noticeable on one side. This increased until two-thirds of the sun's face was covered and its rays were much subdued. The eclipse was at its best about 10:30 o'clock, when the sun was so obscured as to make it quite dark. Soon after the sun low commenced to pass away, and by eleven o'clock the sun was clear again. Numbers of citizens by the aid of smoked glasses, and at the observatory on the hill the students from the institutions had an excellent opportunity of taking observations through the telescope.

Seeds, fresh and reliable, at the Drug Store.

Mr. H. N. Shaw, B. A., a graduate of Acadia '91, so well known as instructor in elocution and vocal music, is to give an evening's recital in College Hall, Saturday evening, June 2nd. As Mr. Shaw remains in Wolfville for ten days he has made arrangements to accept a limited number of pupils for that length of time. Since leaving Wolfville Mr. Shaw has studied extensively in Europe. Shaw has special attention to voice training, giving singing and public speaking. From among his many teachers we select such names as Mr. Fred Walker, Herr Hugo Bayer of London, M. Delle-Salle and Sig. Sbriglia of Paris. Mr. Shaw's success as teacher and reciter both in Europe and Canada, is too well known to need any further mention than to say that he is the Principal of the Toronto College of Music and most advanced institution of the kind in Canada. The recital in College Hall will be of universal interest. For terms, etc., enquire of Miss Mabel Hall, Acadia Seminary.

Personal Mention

(Contributions to this department will be gladly received.)

Miss Dockrill, of Halifax, is visiting Mrs. T. R. Wallace of Pleasant street.

Mr. Johnson H. Bishop arrived home from Boston on Wednesday afternoon and will likely remain the summer.

Messrs G. H. and J. W. Wallace, who have spent the winter in the Southern States arrived home on Tuesday. Both look as if their trip had been an agreeable one. We are glad to welcome them home again.

Miss May Henderson, who for several years past has been on the ACADIAN's staff of composers, left on Wednesday for the United States. Miss Henderson has been a useful and valued member of our staff and we wish her much success in her new field of labor.

We had a very pleasant call yesterday from Mr. W. E. Farrell, a former Wolfville boy and for a time a member of the ACADIAN's staff. He is now engaged in the hardware business at New York having a good position with that well-known firm—the A. L. Clark Co.

He is now on a visit to his mother at Kentville. Mr. Farrell is one of the young men of whom Wolfville has reason to be proud. His brother Mr. J. E. Farrell is manager for the New England States and Canada for the same firm, with headquarters at Boston. Both these young men are highly appreciated by their employers and fill places of trust with credit to themselves.

Wheels.—The "Crucian" is the best wheel in town. It's riders are entirely satisfied. Chain wheels, \$35 and \$40.—Chainless, \$50. Agency at Drug Store.

For the Women and Children of the Empire.

A new society, called "The Daughters of the Empire," with junior branches called "Children of the Empire," has recently been formed in Canada. Its object is to make a golden chain of patriotism throughout the country, bringing the women and children into touch with each other by means of small clubs called "Chapters," which are being started all over the world. These clubs are of two kinds, either of grown-up women, or of children guided by their older friends. The meetings take place once a month in each others' homes, when a nice little patriotic programme is enjoyed. Each club has its flag and its badge. The badge is made from a special design which has been registered, and is worn all over the world. This Federation has already spread over the other colonies, and has taken root in England, and among British residents in the United States. Single members may enroll individually. We heartily commend it to our readers. Every woman and every child in Canada ought to be a member. For further information, send a pretty card of introduction, write to the Secretary,

MISS CLARE MURRAY,
240 Wood Avenue, Montreal.

The Western Chronicle admits now it is "Kentville has not as yet obtained a lease of the twenty fourth of May."

From its issue of last week it might have been inferred that they had a bona fide title.

The property on Main street, between the college property and Highland avenue, formerly occupied by Mr. Ashby Brown, has been purchased by Mrs. James Stewart. Some improvements have been made in the residence.
