

WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Mothers having once used Baby's Own Tablets for their little ones would not be without them. These Tablets are a never failing remedy for the little ills such as constipation, colic, worms, colds, etc., that afflict so many little ones. And then, too, they can be given with absolute safety to the youngest child for they are sold under the guarantee of a Government analyst to contain no opiate or other harmful drug. Concerning them Mrs. Chas. Whately, Peterboro, Ont., writes: "I have used Baby's Own Tablets for my little girl and have found them to be of great value. Others to whom I have recommended the Tablets say they would not be without them." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

REMARKABLE

"I remember," said the Yankee, "when I was in Cincinnati we planted a small rose bush one morning and in the afternoon a large bush had come up, off which we gathered a score of full-blown roses."

"Oh, that's nothing," retorted the Britisher. "Why, I recollect burying a cat in our back yard one day, and in about an hour a sanitary inspector came up!"

MOUNT CLEMENS, MICHIGAN.

Mount Clemens is famous throughout America as an all-the-year-round health resort, and thousands of people bear testimony to the benefits derived from its mineral waters in cases of rheumatism and kindred diseases. For bilious and liver troubles, digestive troubles, nervous disorders, general debility, etc., the efficacy of its waters is wonderful. Seventy-five per cent. of rheumatism are cured and ninety per cent. benefited. Write J. D. McDonald, District Passenger Agent, Grand Trunk Railway System, Toronto, for handsome descriptive booklet telling you all about it.

Fortune may not knock at your door, but you can always depend upon undesirable callers.

River steamers and forwarding Agents at Prince Rupert are accepting freight for up river points at the shipper's risk only. There is now enough freight at Prince Rupert, so they say, to keep all the river boats busy until the close of navigation. Warehouses at Port Essington are full of freight, as well as local warehouses at Prince Rupert. Transportation to Big Canon by rail over the Grand Trunk Pacific is expected to open within the next 30 days, but beyond that point there will only be stages and pack trains for the new towns beyond Hazelton.

TERRIFYING NIGHT IN COREA.

Nobleman's Funeral Provides Weird Scenes.

The mountain, north of Seoul, is crossed by Peking Pass. We had overtaken the relay of chair-coolies in the afternoon, but the journey had been long and trying on all, and the men, completely exhausted, swayed and reeled from one side of the path to the other under their heavy burden. I insisted that they should rest.

Grateful for an opportunity to rest my cramped limbs, I scrambled from the chair, then stood transfixed with fear and terror. Coming over the crest of the mountains were hundreds of torches and lanterns. Faintly from far away came strange wild voices, shouting and screaming. Louder, louder swelled the weird, fantastic noise, and drums, and bells and gongs could be heard.

Turning to the men I cried: "What is this?" and pointed to the strange thing now descending quickly towards us. The men in an excited way talked altogether.

I could see that it was something very unusual and they seemed to be very much frightened. My Christian boy, Ke Tai, came to me from being alarmed. He carefully explained, but using many words I had never heard before. I listened, more mystified than ever; whether it were a mob or an uprising I did not know. He saw that I did not understand, and so at great length and with many more strange words, not in my vocabulary, he tried to enlighten my bewildered mind.

Nearer came the menacing mob, and above the clanging of brass, the yelling and wailing arose in an unearthly roar. Alone, at midnight, on the dark mountain pass, I stood and faced what I knew not, but certainly something terrifying and awful. My heart was filled with horror and a strange unutterable longing for my homeland and mother swept over my heart. Had my time come to go? It might be indeed so.

With faltering voice I insisted again: "Can't you tell me in a few words what it is? I will not fear."

BLACK'S SCIATICA.

HE WAS IN AGONY WHEN A FRIEND GAVE HIM A BOX. NOW HE RECOMMENDS THEM TO EVERYBODY.

Newcastle, N. B., Dec. 12 (Special).—In these cold fall days when the chill winds crystallize the uric acid in the blood and cause the pangs of Rheumatism and Sciatica to bring sleepless nights to many a home, a man's best friend is the one who can tell his neighbor of a sure cure for his tortures. Such a friend is Wm. F. Black of this place. He suffered from Sciatica and lame back. He was so bad that he could not lace his boots or turn in bed. Dodd's Kidney Pills cured him and he wants all his neighbors to know of the cure.

"Yes," Mr. Black says, in an interview, "I was so bad with Sciatica and Lame Back that I couldn't lace my shoes or turn in bed, when a friend gave me about a third of a box of Dodd's Kidney Pills. I started taking them without much faith in their curative powers, and found them all they were recommended to be."

"Now I am recommending Dodd's Kidney Pills to all sufferers from Kidney Disease. Dodd's Kidney Pills are no faith cure. They're a simple but sure cure for diseased kidneys."

EFFECTS OF TOBACCO.

Carbon Monoxide a Dangerous Constituent of the Smoke.

It has not been proved that tobacco causes any definite, characteristic lesions of the nose, throat or ear, declares a writer in the Boston Medical and Surgical Journal. While it is possible that the excessive use of tobacco may by indirect action produce a toxic effect upon the olfactory and auditory nerves, with resulting impairment of the sense of smell or of hearing, there is not at the present time any definite laboratory proof for such an opinion, nor is there sufficient clinical evidence to substantiate the belief.

The ill effects of tobacco smoke upon existing diseases of the throat arising from other causes is established and is the same as would be observed from any other form of irritation. That gastric and systemic nervous disturbances may arise from excessive use of tobacco in any of its forms is unquestioned; the nicotine content of tobacco is a recognized poisonous substance, and in the process of smoking there are involved other injurious chemical products. Carbon monoxide is probably a more dangerous and injurious constituent of tobacco smoke than is nicotine, only a very fractional amount of which ever enters the tissues. If there is any more danger to be anticipated from cigarette than from cigar smoking, it is to be looked for solely in the inhalation of the smoke; cigarette smoking without inhaling is no more injurious than pipe or cigar smoking, probably not as much so, unless enormous numbers are smoked.

ZAM-BUK CURES PILES.

Maritime Magistrate's Case. Mr. C. E. Sanford of Weston, King's Co., N. S., a Justice of the Peace for the county, and a Deacon of the Baptist Church in Berwick, says: "I have used Zam-Buk for piles and found it a splendid remedy. It cured me."

Mr. Thomas Pearson, of Prince Albert, Sask., writes: "Last summer I had a fever, which left me with piles. I started to use Zam-Buk, and three or four boxes effected a complete cure."

Zam-Buk will also be found a sure cure for cold sores, chapped hands, frost bite, ulcers, scrofula, blood-poison, varicose sores, scaly sores, ringworm, inflamed patches, babies' eruptions and chapped places, cuts, burns, bruises, and skin injuries generally. All druggists and stores sell at the box, or post free from Zam-Buk Co., Toronto, upon receipt of price. You are warned against harmful imitations and substitutes. See the registered name "Zam-Buk" on every package before buying.

They are the medicine of the poor man and those who wish to escape doctors' bills will do well in giving them a trial.

THE BEST WAS LAUGHTER.

"O Dear!" cried Mrs. Mason, seizing spoon and bending over a dish on the supper-table. "Here's a fly in my preserve."

"I'll bet he never got in a worse jam in his life," hazarded Mr. Mason, with the chuckle of a husband who rejoices in a momentary eminence over his wife.

A YOUNG PHILOSOPHER.

Time is a relative quantity. Some minutes seem like hours, and some hours seem like minutes. How to control this flight is beyond most persons, but the little boy mentioned below seems to have progressed pretty well for a youngster. The teacher was surprised to see that he remained perfectly idle all through recess, and accordingly asked him why he did not play.

"Cause," he said, slowly, "it makes recess too quick if I play, and I want it to be a rest."

The speedy use of Bickle's Anti Consumptive Syrup will be found a preventive and a protection, strengthening the organs so that they are not so liable to derangement from exposure or abrupt atmospheric changes. Bickle's Syrup is cheap and good.

PNEUMONIA WARNING.

Good Ventilation is the Secret of Its Prevention.

Dr. Nief, Philadelphia's Director of Health, has sent out a circular warning the people of the dangers of pneumonia and telling them how to prevent it. "Ventilation is the key-note of prevention from pneumonia whether in office, public building, sitting room or bedroom," says Dr. Nief. "Day and night pure air should be breathed. The old superstition that the breathing of night air is conducive to disease has been eliminated from the minds of nearly all by public education, with the exception of a few of our foreign population, who still believe that some diseases are spread by the breathing of night air. As a matter of fact, the night air is purer than the day air, as there is less black smoke belching from chimney stacks and locomotives and less dust in the air, owing to reduced street traffic; so windows should be opened both top and bottom in every sleeping room."
