which hung at one end of the court, and ATTRACTED EVERYBODY'S ATTENTION, said 'Canada floated the North West. Water The North-West is now going to float Canada.' Hon. Alex. Mackenzie, M. P., came in one day, arm in arm with Sir Hemispheres, and you will see Halifax Charles Tupper, and was very much pleased. Mr. Mackenzie is very particular about what where the western Hemisphere, and follow

"What about the prizes?"
"They have not yet been awarded. It is not known what we shall get in that line, but I am convinced we shall get a full share. The Dartmouth Rope works only sent a few coils of rope; had they taken pains and sent a larger assortment. taken pains and sent a larger assortment taken pains and sent a larger assortment they would have taken first prize. Their they would have taken first prize. Their they would have taken first prize. Their they would have taken pains and sent a larger assortment they would have taken pains and sent a larger assortment they would have taken pains and sent a larger assortment they would have taken first prize. exhibit, small as it was, attracted much attention. In fishing rods, those sent left the port of Halifax and I had lost sight of all the people who had come to approved, and will, I think, stand second on the prize list. The cost of the whole exhibit will, I think, be within the \$40,-000 raised by Parliament for that pur-

"How did Canada's show compare in desired information and has distributed and many gulls enjoying them

TRADE MARK.

"In all that was practicable in fish and distributed an immense quantity of immigration literature supplied by the Minister of Agriculture and the Canada Pacific Railly fish matters it was complete; in purely fish matters it was larger than the exhibit of the United States. The American's had no preserved specimens of fish, but simply plaster casts. Ours was the most complete and varied show of prepared specimens of fish in the world.

NO OTHER COUNTRY WAS EQUAL treatment does not effect a one allowed the treatment does not effect a one allowed the treatment does not effect a one allowed the treatment does not effect a one allowed with its country was placed in information and has distributed an immense quantity of immigration literature supplied by the Minister of Agriculture and the Canada Pacific Railly way. The North-West had so riveted they sleep on the top of the waves, and Good takes care of them.

One day a gentleman on board, who had been round the world and had taken many photoe, gathered all the cabin passengers together and took our photo, captain and all. One evening another extraordinarily numerous. And the money market. Such a magic lantern. It was pleasant to see the children of the waves, and Good takes care of them.

NO OTHER COUNTRY WAS EQUAL to us, none even compared with us. Our collection comprised ish of every variety. Our salmon weighing 70 and 80 lbs. at tracted universal attention, but our 70 lb.

AN UNPRECEDENTED EXHIBITION

specimen of trout from the Western lakes surprised everybody. No other country made even a pretense to compare with us in these lines. I think that, perhaps, the best exhibit mode with the surprised everybody. The country made even a pretense to compare with us in these lines. I think that, perhaps, the best exhibit mode have the country made and almost undreamed it was fine, but poor things, when it was prough, they as well as their parents were to invest in Canadian enterprises. Mr. Begg. the Canadian Project P lakes surprised everybody. No other country made even a pretense to compare with us in these lines. I think that, perhaps, the best exhibit made by private individuals was of canned salmon and other goods from British Columbia. They did credit to themselves. The Lower Provinces also made a good display of canned goods; but I cannot go into details."

"Which of the provinces made the best display?"

"We didn't divide the exhibits by provinces. We thought it best to mass them

BRIGHTER THAN EVER BEFORE." Institute the photos of them. The models were considered one of the features of the show and were frequently referred to in specches in the conference. The sching of the show are the conference of the show and were frequently referred to in specches in the conference. The sching of the show are the conference of the show are the sching of the show are the several seve speeches in the conference. The fishing After some hesitation Mr. McLelan gave dory exhibited by Embree & Sons of the letter for publication. It is as follows.

be and I had a number of applications for it to be used as a model.

THE PRINCE OF WALES
expressed a wish to have it. I wrote to his private secretary saying that I should be very much pleased if His Royal Highness would accept it. He did so,"

"What about the frozen fresh fish?"

"Yes, that was another matter of marked attraction. There were quite a number of specimens, mostly from the Miramichi. These beautiful specimens of fresh salmon were caught a year or more ago, and are as fresh to-day as when first caught. Our fresh fish exhibitions, and might perhaps be allowed to speak or write from experience. I have been thirty years engaged on exhibitions, and might perhaps be allowed to speak or write from experience and hatched 50,000 fish. I have been thirty years engaged on exhibitions, and might perhaps be allowed to speak or write from experience the ergos and hatched 50,000 fish. The ergs and bright that this is one to the very intelligent method displayed in the selection of all that this is due to the very intelligent method displayed in the arrangement. I have been thirty years engaged on exhibitions, and might perhaps be allowed to speak or write from experience. I have been thirty years engaged on exhibitions, and might perhaps be allowed to speak or write from experience in the province of the ergs and hatched 50,000 fish. The learnin Nova Scotia particularly as the result of this exposition?" to add a dignity and importance to the lake, a lew hymns and cateenism, and question of the fisheries, and we all feel that they can tell me they are reading most sensible that the Dominion has

Moneton, July 18.

NOTICE.

A LL persons having any claims against the Estate of the iate WILLIAM WATT, deceased, are requested to render for Loan," until SATURDAY, the 25th day of August, at noon, for Debentures of the Management of the subscriber, to be marked "Tender centum per annum, payable half yearly, to the amount of

Eight Thousand Dollars i in whole or in part, in sums of not less than an one hundred dollars, for the following purpose, viz:—To consolidate the indebtedness of the Municipality of Gloucester, consisting of the Municipality of Gloucester, consisting any claims against the world who seem to think that composition comes by nature. The said debendures may be paid before the exhibition of the fix young one of the subscriber. It was a new thing to plurity at sight. It was a new thing to be like the idea. It was one of those of the same, duly attested, to the undersigned to like the idea. It was one of those things that take at sight. A big market will be found for that line of goods. I think it would pay our live fish dealers to organize an excursion to go over to London and see the exposition, and take steps to capture this new trade."

"Will it give us any new foreign and ided suddenly last evening, of parts, it was new thing to like the idea. It was one of those things that take at sight. A big market will be found for that line of goods. I think it would pay our live fish dealers to organize an excursion to go over to London and see the exposition, and take steps to capture this new trade."

"Will it give us any new foreign and the steps to capture this new trade."

"I can't say much about that, but I can't say in that body. The friends of a strict observance of the fresh and sail water fish, but of fresh and sail water fish, which we could largely use in feeding almost.

"I can't say from the f

Letter from a Lady while travelling to her Sabbath Scholars in

He expressed himself as being very huch pleased. I might almost say that all England was there to see, wender at, and praise. Mr. Gladstone and Mr. Bright were there together. Lord Kimberley was in one day, and after looking for some time at the great map of Canada, which have seen any of the court and which have seen any of the court and the pressed response to the court and the pressed response to the court and the c crossed were as deep as five miles; only

a plank or two between us and that deep After leaving Halifax; please to look pleased. Mr. Mackenzie is very particular about what he says, and only speaks after careful thought, but after carefully looking over the Exposition he said he was perfectly satisfied with Canada. Mr. M. C. Cameron also expressed the great pleasure it afforded him to see Canada's magnificent exhibits."

"What about the prizes?"
"They have not yet been awarded. It am sure your teacher will show you the road we took. We then left St. see their friends away, and the Queen's red-coated soldiers, who had come to bid farewell to their Colonel and his family with the band playing the tune of "Auld Lang Syne;" we had scarcely left them all when the fog surrounded us. Fog is a very dangerous thing for a ship at sea; for another ship might run into

ion?"

"Decidedly favorable. I have a man tationed at the large map who gives any We saw a great many porpoises playing,

"We didn't divide the exhibits by provinces. We thought it best to mass them as a whole and call special attention to articles of special merit. Our models of did go to the bottom—all was well. But on this voyage I did not hear the officer light burning, sir." I thought what a nice addition that is! The clear light
