NEWCASTLE, MIRAMICHI, N. B.

WEDNESDAY, MARCH 14, 1888.

EDITORIAL NOTES.

Some correspondence has passed between the Governor General of Canada and the Governor of Newfoundland in reference to the latter island becoming a part of the Dominion of Canada. It onsidered probable that a deputation

by Mr. Mills, one of the opposition in the that it might not be crowded out if left the present age. to a later period as was the case last session. We gave last week the strong points of Mr. Jamieson's proposed bill. Mr. Mills, who is not known as a prominent temperance man, moved the following amendment .- "That the house do not go into committee, but that it be re-

embodying the required amendments." The amendment of Mr. Mills was lost until he expired. by a vote of 56 to 109, government majority 53. Among the names mentioned as having veted for t e amendment we the Emperor and King, our most grafor this County, and venture to say that ness and after a richly blessed reign. this is the first time in his political his- The whole nation mourns with the royal tory that he voted in favor of temper- house the decease of the deeply beloved

They comprise all papers in my power to lay before the house. It was a question as to whether the protocols should contain proposals and counter proposals and replies of the other side; or whether in addition to that should include the lengthy arguments submitted on the various points to the convention. I had always supposed that even the formal protocols would contain porposals and counter proposals, but after I left Washington it was decided by the American and British plenipotentiaries remaining that merely the formal protocols should be submitted, containing merely a statement of the meeting and adjournment. From this should be deducted \$2,406.11, 400; lunatic asylum admissions are ed the formal protocols would contain, as This was contrary to what I had expectposals and counter p both sides. I have, however, obtained permission to bring down the proposal of the British plenipotentiaries on commercial relations. It reads as follows :-That with the view of removing all causes of proposed by Her Majesty's planipotentiaries that the fishermen of both countries shall have all the privileges enjoyed during the existence of the fishery articles of the treary of Washing ton in cousideration of a mutual arrangement providing for greater freedem of commercial tercourse between the United States and Ca-

nada and Newfoundland. The reply of the American plenipotentiaries was as follows: "While continuing their proposal, heretofore
