

The Defender Chosen.

The third trial race between the yachts Defender and Vigilant took place Friday and the Defender won by five minutes and twelve seconds elapsed time over a 20 mile course. The tacking breeze and rough sea made the test of the abilities of the new boat one of the best that has been effected. She removed all doubts as to her ability to go through a head sea in a blow. She established a record as a weather boat and out-pointed, and out-footed the centre boarder, although carrying less sail. After the race the following announcement was made by the cup committee: "America's cup committee have selected the yacht Defender of the New York yacht club to compete against Valkyrie III, in the contest for the America's cup."

Equity Court.

In the St. John equity court, Judge Barker presiding, on motion of L. A. Curry, Q. C., Miss Minnie Vincent Burns was appointed guardian of the infant daughters of the late Senator Burns. The eldest daughter, Minnie V. Burns, was named guardian of the daughters under age by the last will and testament of the late Mr. Burns, but the insurance companies in which the deceased was insured demanded that a guardian be appointed under the act passed last winter.

Miss Minnie V. Burns was accordingly appointed such guardian, the income of the estate to be used for the young ladies' support. The insurance amounts to about \$14,000.—*Telegraph.*

Why Not You?

When thousands of people are taking Hood's Sarsaparilla to overcome the weakness and languor which are so common at this season, why are you not doing the same? When you know that Hood's Sarsaparilla has power to cure rheumatism, dyspepsia, and all ailments caused by impure blood, why do you continue to suffer? Hood's cures others, why not you?

Hood's Pills are prompt and efficient.

A Bare Flower.

For about four years Mrs. L. Malby of this town has been in possession of a night blooming cereus which this season for the first time put forth a bud. For a number of days it was expected to burst into bloom and the long expected event was realized on Saturday evening last when the night passed the rare blue bloom burst out in full beauty and fragrance. It lasted until about midnight when it gradually faded away, and early the next morning it was withered into a lump of pulpy matter.

A Large Land Sale.

The Fredericton Gleaser is informed from St. Stephen that Mr. Ernest Hutchins has bought from the St. Stephen bank the Todd lands on the Miramichi. There are three tracts, making in all 25,000 acres. The price paid for this land was \$1.75 per acre, cash. It is said to be very good spruce land. The price originally paid for this land was \$1 per acre. Probably \$30,000 in stumpage has already been received from this land by the former owner.

Seizure.

The high sheriff was yesterday afternoon in charge of the cargo of goods on board the steamer Ardgarnagh. The seizure was made to secure moneys. Ritchie & Co. the payment for quantity of spoolwood sold by them to be shipped on that steamer on certain terms which had not been complied with, hence the seizure. The matter is expected to be satisfactorily arranged without delaying the steamer.

St. John Exhibition.

The time for receiving entries at the International Exhibition, St. John, has been extended until and including Tuesday, September 17th.

Nervine Tonic.

The South American Nervine Tonic for sale at E. Lee Street's drug store.

THE UNION ADVOCATE

Is only \$1.00 per year when paid in advance.

CLIPPING ARRANGEMENT.

The Union Advocate and the Montreal	per year

Daily Witness	1.00
Northern Messenger	1.00
Harpers Magazine	1.25
Harpers' Young People	1.25
The Comopolitan	2.00
Scientific American	3.75
do. Supplement	5.00
do. Architectural Building edition	2.25

Literary Notes.

Fiction and travel are the strong points of the September Comopolitan, which, by the way, illustrates better than any previous number the perfection of its plan for printing a magazine of the highest class. Conan Doyle, H. H. Boyesen, and Clark Wells are among the story-tellers. A well-known New York lawyer relates the story of "A Famous Crime"—the murder of Doctor Parkman by Professor Webster. A delightful sketch of "An English County House-Party" is from the pen of Miss Laro Smith—the house at which she visited being no less than the historic Abbotford, still described by the late descendants of Sir Walter Scott. "The Realm of the Wonderful" is occupied by the strange forms of life discovered by science in the ocean's depths, and is superbly illustrated in a surprising and marvellous way by the author, who is a member of the Smithsonian staff. An article on Cuba is timely. Without bothering the reader with unnecessary description of the famous yachts now so much talked of, Thomas Moran again contributes a series of the most exquisite landscapes of western scenery, twelve in number, illustrating an article by Col. John A. Cockerill, on "Modern Yachting." And it may be said that no more beautifully illustrated number of The Comopolitan has ever been given to the public.

Weak and Nervous

Whenever the body has been weakened by disease, it should be built up by Hood's Sarsaparilla. Read this: "About two years ago I suffered with a very severe attack of inflammation of the bowels. When I began to recover I was in a very weak and nervous condition, and suffered intensely with neuralgia pains in my head, which caused loss of sleep, and having no appetite, I

Became Very Thin and weak. Fortunately a friend who had used Hood's Sarsaparilla with great benefit, kindly recommended me to try it. I took it and a perfect cure has been effected. I am now as well as I ever was, and I could not be without Hood's Sarsaparilla in my house for anything." Mrs. G. KERR, 245 Manning Ave., Toronto, Ont.

Hood's Sarsaparilla

Is the Only True Blood Purifier

Prominently in the public eye today.

Hood's Pills are prompt and efficient.

Nothing Better in The World.

We call the attention of THE ADVOCATE readers to the Clipping Announcement on page 3rd whereby our readers can get at a rate that magnifies the weekly newspaper THE FAMILY HERALD and WEEKLY STAR of Montreal. Wherever the English language is spoken, the FAMILY HERALD and WEEKLY STAR is appreciated. With an enormous circulation and an enormous business the FAMILY HERALD is enabled to procure a special clerk to spend a special staff of writers and workers. The result is a paper that is unique and that is in demand all over the world, being perhaps the best medium of news presented to the public. ADVOCATE readers should weigh well the clubbing chance as announced in the advertisement in our advertising columns. The publishers offer to refund subscription to any subscriber who does not think he is getting at least double the value of his money.

A Handsome Premium

We have made arrangements with an Art Company in this province to offer as a prize to all subscribers to THE UNION ADVOCATE, \$3.00 will pay for a copy of ADVOCATE and a handsome crayon portrait enclosed in a gilt and oak frame 25x30. The frame is a very handsome one, worth the whole price charged. This offer is only open for three months so send along your orders at once. Read the ad. on other page.

New Blank Forms.

Bills of sale having the necessary affidavits as required by law in New Brunswick and the new form of Teacher's agreement according to the School Law of 1892 can be obtained at the ADVOCATE OFFICE.

THE PASTOR'S WIFE.

AS INTERVIEWER INTERVIEW WITH MISS (REV.) F. B. STRATTON.

Threatened With Paralysis—Weak, Ennervated and Unable to Stand Fatigue—Pink Pills Restore Her Health.

From the Napane Beaver.
The Rev. F. B. Stratton, of Selby, is one of the best known and most successful of Quakers in Canada. He is a member of the Quaker conference, of which body he is the President. During the two years Mr. Stratton has been in Selby, he has been a most successful and popular Christian worker. Some time ago Mrs. Stratton was attacked with partial paralysis, and her restoration having been attributed to the use of Dr. Williams' Pink Pills, a reporter of the Beaver was sent to interview her. In reply to the reporter's questions, Mrs. Stratton said that she had been greatly benefited by Dr. Williams' Pink Pills, and was perfectly well to give her experiences that those similarly afflicted might be benefited. Mrs. Stratton said that before moving to Selby she had been greatly troubled by a numbness coming over her sides and arms (partial paralysis) which, when she moved, felt like a heavy weight. She was becoming so weak and was unable to sleep. The trouble seemed to be worse at night. Mrs. Stratton had become greatly alarmed at her bad state of health, and it was feared that complete paralysis would result. Mrs. Stratton's mother, the late Mrs. Weaver, of Ingersoll, had been similarly stricken, at about the same age. Knowing a young lady in Toronto, where Mr. Stratton had been previously stationed, who had been cured by Dr. Williams' Pink Pills, it was decided to give them a fair trial. When Mrs. Stratton began using the Pink Pills she was very thin, her system badly run down, and after taking the pills a time, all symptoms of paralysis disappeared, and she found her health and strength renewed, and her weight increased. Mrs. Stratton is about fifty years of age, and a more healthy, robust, and younger-looking lady is seldom met.
