Property Owners Object to Radial's Latest Plans.

May Engage Toronto Expert to Look After the Pumps.

Other News and Views Gathered in Municipal Circles.

A petition is being circulated among property owners in the vicinity of Can-non and Madison streets, who are up in arms over the proposal of the Radial Railway to divert its line at this point to handle freight. Those who sold the company land for its private right of south of Cannon street and east of Madison avenue are not objecting, but the other property owners complain of the annoyance that will be caused by the cars and the danger of two more level crossings. At the last meeting of the Board of Works this matter was left over to see if the property owners would offer any protest.

K. L. Atkins, the Toronto expert, who K. L. Atkins, the Toronto expert, who reported for the city on electrolysis, has made a proposition to the Mayor in connection with the purchase of the new electric pumps which he is inclined to view favorably. Mr. Atkins for about two and a half per cent., of a commission, or from \$1,000 to \$1,200, would undertake the work of buying and other details in connection with the pumps. He has had twelve years' experience and has done this in a number of other cities. There is no one in the city's employ now capable of doing this, and the Mayor thinks that when Mr. Atkins says he would be able to save more than his salary it may be true. The matter will be dealt with by the committee.

Mayor Stewart to-day characterized Mayor Stewart to-day characterized the story that Engineer Barrow had been asked to resign by a politician represent-ing the Conservative party as decidedly foolish. The Mayor inquired from some of the big moguls of the party and they smiled, too. Those who know the alleged politician smiled also when they heard it.

The Mayor is favorably impressed with the new smoke consumer that has been brought to his notice. The representatives of the company have promised to instal it on any boiler the city may name at a cost of \$150, and if it does not fill the bill take it off at its own expense. The Mayor thinks the experiment should be tried on some chinney that belches forth black smoke.

The Mayor received word from the Beach at noon that the sand sucker was being fitted up to-day and would throw dirt for sure to-morrow.

The Brantford & Hamilton Railway is said to be having more trouble with land slides.

City Engineer Barrow is satisfied that the efforts of a certain faction to oust him from his position is not meeting with the approval of a majority of the people. He has received the assurance with the approval of the assurance of several prominent citizens that they are not in sympathy with the move. Mr. Adam Brown, Postmaster, and one of the original Waterworks Commissioners, told Mr. Barrow that he considered it a shame, the vindictive way in which the Engineer was being treated.

Mr. A. W. Robertson, of the Board of Works office, received a telegram this morning from Secretary Brennan, saying that his cousin, John Brennan, of New Jersey, to whose bedside he was suddenly called the other day, had died. Mr. Brennan had many friends here, who will deeply regret his death. For nearly forty years he had charge of the police at the Pennsylvania Railroad station and was serving his second term as Fire Comwas serving his second term as Fire Com missioner of Jersey at the time of his death. He spent a short vacation here almost every year. Ptomaine poisoning caused death.

The contractors are ready to proceed with the filling in behind the bay front revetment wall and the Harbor and Beach Committee is pressing the Sewers department to extend the Catharine street overflow and Ferguson avenue sewers outside the wall. City Engineer Barrow says there is no money to do the work this year, but by building a shallow sewer from Catharine street there need be no delay of the filling in work. Only surface water is discharged from this sewer, and effluent from Ferguson avenue. Engineer Barrow will advise avenue. Engineer Barrow will advise that his scheme be proceeded with.

The Hamilton Health Association will The Hamilton Health Association will meet at 11 o'clock to-morrow morning to confer with the sub-committee appointed by the Board of Health to see if an arrangement could be made to build the Southam home for advanced cases of consumption on the Sanitarium grounds, on the reportation

Applications for water services con-Applications for water services continue to pour in. There are nearly a score from the county. The city will be under no expense installing these, but there are a number in the city and a main on Burris street that will have to be provided.

Building permits were issued to day to E. New for two new brick houses on Bold street, between Pearl and Locke streets, \$3,000, and to Walter Firden for a brick house on Locomotive street, north of Barton, for H. B. Spohn, to cost \$2,000.

#### KILLED HIS SISTER.

Pôttsville, Pa., Aug 29.—Thos. Lavelle, a prominent hotel keeper of Girard, Ill, shot and instantly killed his sister Mary while she was sleeping early to-day and then fatally wounded himself. He is probably insane.

Sees It and Does It.

(N. Y. Sun.)

If the Oriental Exclusion League of Vanecever attempt to carry out its threat "to
so to the next boat which brings in Orientals
with guns in our hands and prevent them
from landing," some of the leaguers will cerfainly lose the number of their mess, for the
Canadian police is organized to do its duty,
and sees it and does it.

Guess Again.

(Dundas Star.) The Hamilton Times is very anxious to know who watches the unlicensed groggeries of the city. Why this great enxisticy. Does the Times man want to stand in with the watchers and be ellowed special privileges?

### TEA TABLE GOSSIP. The Sovereign Bank

Mr. R. T. Miller, of the London Advertiser, was in the city to-day.

—Mr. Stevens has resigned his position a choir leader of Wentworth Street Pap-

—The Royal Muskoka Hotel will re main open till September 14th this year. The hoter has had a very successful sea-

—Lavergne Adams, of Caistor, charged with stealing a horse belonging to Mr. J. Pettit, of Saltfleet, was arraigned before Judge Monck this morning. He elected to be tried by the Judge, without a jury, and his trial was set for next Tuesday. He had no counsel.

—Acting for Truancy Officer Hunter, Constable Nichol arrested a woman who lives on King William street, near the fire station, for neglect of her child, who is eleven years old. She is charged with letting the child lead a dissolute life. She will come up for trial on Monday morning.

—The last of the series of open air services on the lawn at Christ's Church Cathedral was held last night, and it was well attended. Rev. Gore, Barrow conducted the service. These services have been held under the auspices of St. Andrew's Brotherhood, and have been very successful.

-Budimir Protich was called to —Budimir Protich was called to a house on Hunter street east yesterday to help a woman living there, and who had been abusedbby her husband who has since skipped the town. She has a two weeks old baby, and, it is claimed the brute struck the baby as well. Mr Protich had the baby removed to the hospital. The woman went back to the house.

and county road superintendent has started the stone crusher at the Flock mountain, near the Barton reservoir, and is making the road there more passable. The stone which is being taken out is being placed on Main street, between Sherman avenue and the Delta. He says the county end of Main street will be better than the city end when his men get through with it. -The county road superintendent has

#### LATE SPORTING NEWS

The annual picnic of the Jolly Good Fellows' Club is the biggest event of the summer season to many Hamilton sporting men. Yesterday's picnic was the seventh, and it was enjoyed by a large crowd. The head-line feature, on the programme was the baseball match between the Willie Pinks, captained by Dr. Johnson, and the Bay Fronts, with Jack Murphy at the helm. The Willie Pinks won without calling on their reserves.

serves.

The Bay Fronts turned the tables on the Willie Pinks in the tug-of-war, winning in straight pulls. H. Hawkins was the Pinks' anchor, and "Lemon" Murphy was the solid man for the bunch below the bridge.

A long programme of games was run

the bridge.

A long programme of games was run off. Jack Sayers, the mixerologist, was well backed in several events, and while he got in the money in every start, he failed to pass under the wire first in one.

Billy McGill and Dan Dewey, the official referees of the club, officiated in a satisfactory manner. satisfactory manner.

The Boston Zingari Cricket Club will The Bosson Zingari Cricket Club will play here to-morrow with the Hamiltons, starting at 10.45. The Hamilton team will be as follows: R. B. Ferrie, J. Boddy, A. H. Gibson, J. L. Counsell, F. Young, K. Martin, W. R. Marshall, W. S. Marshall, N. Sengram, S. S. Mills and S. F. Wash-

Niagara-on-the-Lakes, Aug. 20.—Play in the international tournament was continued here this mornings Men's international singles — Burns (Toronto) beat Campbell (Kingston) 6—1, 6—4; Kirkover (Buffalo) beat Cutler (Buffalo) 6—4, 6—2; Shirwell (Montreal), beat Smith (Buffalo) 6—1, 6—2; Foulkes (Ottawa) beat Crangle (Buffalo) 6—3, 6—2.

Men's handicap—Foulkes (Ottawa) beat Sherwell (Montreal) 6—1, 5—7, 6—6; McEachern (Toronto) beat Carroll

mer's nandcap—rounces (Octawa) beat Sherwell (Montreal) 6-1, 5-7, 6-6; McBachern (Toronto) beat Carroll (Buffalo 3-6, 6-1, 12-10; Jones (Dun-kirk) beat Bryant (Buffalo) 6-2, 6-4; Callahan (Toledo) beat Fox (Buffalo) 6-3, 6-1

#### A MOST BEAUTIFUL DISPLAY

A wisit to the fine display of Gerhard Heintzman, Limited at the exhibition grounds, in the manufacturers' building, will foreibly demonstrate that it pays to buy a good aricle. There is a subtle something about the Gerhard Heintzman piano that, from the first glance, impresses one with its artistic excellence. The beautifully chaste case serves as a fitting covering for the delightful harmonies it encompasses. Everything about the "Gerhard Heintzman" suggests refinement, and the thought that it is designed to harmonize with beautiful home surroundings and lend such a charm to the music room, that the children will not have to seek for attractions outside. Such an instrument is not a thing of a day. It has been established that the "Gerhard Heintzman" retains its appearance and exquisite tone quality through long years of service. In choosing a piano, therefore, it is wise to take some heed of the future. The outlay of a few additional dollars for the purchase of a "Gerhard Heintzman" being returned to the investor many times over in pride of ownership, wearing qualities and general superiority.

A duplicate of the exhibition display can also be seen at the firm's boautiful showrooms, 127 King street east, Hamilton, opposite new Terminal Station.

#### JOHN'S RAILWAY FARE.

Chicago, Aug. 29.—John D. Rockefeller's bill for witness fees and mileage for his trip to Chicago last July makes a new necord for scrupulous honesty in the office of the United States Marshal in Chicago. Deputy Marshal John P. Wolff says Mr. Rockefeller "has cheated himself." Mr. Rockefeller "has cheated himself." Mr. Rockefeller "has cheated himself." Mr. Rockefeller strip here, one way, covered 856 miles. This makes the amount of railway fare he could collect \$35.60. Because he did not return to Pittsfield, he sent in a bill for \$72.45 railway fare and \$1.50 witness fees. The \$73.86 will be paid him, the Government \$73.85 will be paid him, the Government thus saving \$13.15.

INDEX FOR THE BLIND Remarkable Reference System Installed in a New York Library.

Work is nearing completion on a remarkable reference system—a card index—intended entirely for the use of the blind. It is being made on the point system—that is, by denoting each letter with pricks in the cards placed in various nestitions. The index is in the system—that is, by denoting each letter with pricks in the cards placed in various positions. The index is in the rooms of the department for the blind of the New York Public Library, a branch situated at Amsterdam avenue and Eghty-first street. The cards are larger than those employed in the ordinary indices and are placed upside down in the drawers. Blind readers run their fingers over the reverse sides to ascertain the name of the book which contains the subject in which they are interested. These are now more than 3,000 volumns. A consignment of books in Russian has recently been received, says The Scientific American, and there is a small collection of works in Arabic expressed in the point system which has a prominent place in the catalogue. First an index according to authors was made, and now the subject index is under way. Heretofore the blind visitor to the library has been obliged to consult with the librarian and have parts of the catalogue read to him. Various references and cross-references which make up the card index will require thousands of cards, and those that have been compiected represent nearly two years of hard work.
