THE STATEMENT OF THE CHARGES OF THE PRESENT COMPARED WITH THOSE OF THE LATE QUEEN'S PRINTER.

Having promised, previous to the transfer of my Printing establishment to my son, to lay before the public a comparative statement of the charges made by me for public printing, when I held the office of Queen's Printer, and of those made by the individual who at present holds that office, I now give the subjoined, both sides of which have been copied from the Journals of the Assembly, as an evidence of the excess and unjust increase of charges in that department of the public service, which indeed is only the natural fruit of that system, the Responsibility of which consists of making officials *accountable to themselves.*

As I have been waiting to get into my possession the accounts of 1851 and 1852; but, up to the present time, all I can obtain, is, from the 14th July to the 15th November, 1851. Thus, although the present "Responsible" Government has been in operation for upwards of two years, the public have before them, the accounts of the Queen's Printer for no longer a period than four months.

"In order to facilitate comparison, I have stated the charges, &c., in four columns; and for the present, I submit them to the public "without note or comment." The unenforced evidence afforded by them, is, of itself sufficiently condemnatory of the present system of *official Irresponsibility.* I shall, shortly, however, follow up this statement by some remarks upon the speeches of certain *Honorable* gentlemen in the Assembly, when this subject was before the House, for the purpose of correcting some of their *mistakes*, and of placing some of their distorted "facts" in a proper light.

At these very moderate charges about one-eighth, on some items, was deducted from J. D. Haszard's Accounts by the Executive Council, but E. Whelan's excessive amounts were paid. On what principles? Surely not in those of honesty.

The above statements are extracted from only three Departments, but shew the sum of £35 and upwards, which with smaller items will exceed £40 unjustly taken from the public for four months services.

* A similar service was often performed, but never charged for by J. D. Haszard.

† E. Whelan supplied the Gazette to those Offices only from 14th July, and yet he has charged and been allowed payment for the whole year.

The charge for Advertising Average Return of Grain was never allowed to me.

Under the head of the Col. Secretarys Department there are several items of over charges amounting to £4 10s. 3d. not included in the above statement other Departments have not been so closely examined although the same style of charging exist.

To the Electors of the Second District of Queen's County.

Gentlemen,—

The results of the canvass for your suffrages at the ensuing Election have been highly gratifying to me, and, upon the whole, such as to justify an almost confident expectation that, were I to abide the issue of a contest at the Hustings, I should have the honor to be returned one of your Representatives. This however, for reasons which I am certain you will well know how to appreciate, I have determined not to do.

Since the publication of my Address to you, two other Candidates for your suffrages Alex. McDonald and John Longworth Esqrs., both professing the same political principles that I myself entertain, have the one after the other, thought it right to tender you their services, and as it appears to me, almost certain that were we all three to continue Candidates upon the present occasion, our doing so, would through the division which it would occasion among the common friends of our cause afford some advantage to "the enemy." I have come to the conclusion that under these circumstances by withdrawing my own personal pretensions to your support, I shall afford you the best evidence that I have it in my power to offer, of the sincerity and disinterestedness with which I have stood forward as the advocate of those principles of Government, the practical recognition of which I hold to be necessary to ensure the just and efficient working of the *Responsible System* and the future well being and prosperity of the Colony.

On my retiring from the contest, for the reasons above stated, I respectfully tender you my grateful acknowledgments, for the very kind and flattering reception, which you have generally accorded me, throughout my canvass; and, as my declining to prosecute it to the last, proceed from no other feelings than a desire to ensure the promotion of your best interests, and those of the Country in general, I take leave,—convinced by circumstances I am privileged to do so—earnestly request all of you who are my personal and political friends, to extend to Mr. McDonald and Mr. Longworth, that support at the Election, with which you intended to favor me, for it is only by the Election of such men to the Assembly, that any sufficient check or remedy can be provided against such errors in Legislation and abuse of power as have hitherto marked the progress of the *Responsible System* in this Colony.

I have the honor to be, Gentlemen,
your obliged and obedient servant,
JAMES D. HASZARD.

To the Electors of the First Electoral District of Queen's County.

Having been nominated, in my absence from the Island, at a numerous meeting of the respectable Constituency at the west end of the District, and strongly urged on my arrival at home, to allow myself to be put in nomination as a Candidate to represent them in General Assembly, I have, on mature consideration, *deemed it my duty to respond to their call;* and having, from a very extensive canvass, the most encouraging prospects of success, I beg leave most respectfully to solicit your suffrages. If returned, my energies will be devoted to the promotion of the best interests, whether of a moral or pecuniary nature, of the inhabitants of this my native Isle. The local requirements of the First Electoral District of Queen's County will at all times, have my best attention by aiding to exclude from the Assembly, all Officers who are appointed for receiving or collecting the Public Revenue.

I have the honor to be, Gentlemen,
Your Obedt. Servt.
JOHN McLEOD.

P. DESBRISAY, G.Sc.
Charlottetown, June 28th, 1853. All the papers.

To the Electors of Queen's County.

Having had an opportunity of reading in Mr. Whelan's paper, a garbled account of a meeting that took place on Friday last at Cove Head, I beg leave to state, that if the meetings which take place in other parts of the Island are not more faithfully represented than the Cove Head meeting, the whole are a tissue of falsehoods and gross misrepresentations *got up for the purpose of deluding the voters throughout the Island*, and endeavouring to make them believe that the party now in power, are carrying all before them, and that their reign is likely to last four years longer, whereas the real truth is quite the reverse. Nothing could be more at variance with truth, than that the meeting at Cove Head was a secret one, and called by Mr. Beer. I had no knowledge whatever of a meeting being at all contemplated, if I had, I should have used what influence I had to prevent it. Knowing as I do, how shamefully all those meetings are misrepresented in the paper published by Edward Whelan. The origin of the meeting, I have ascertained is as follows, on Monday the 20th, inst., a Church Meeting took place at Cove Head, after the congregation were dismissed they commenced to talk politics, some of the Church members present were of Mr. David Lawson's family, (Mr. Coles' head men) it was decided among them to call a meeting of the Cove Head, and Brackley Point people, to be convened on the Friday following, to determine to whom they would give their support at the ensuing election—this was on the Monday, on the day following, one of those who was present, met Mr. M'Leod in Charlottetown, informed him of the contemplated meeting, invited him to attend with any of his New London friends, who could make it convenient to come down. On that same day, I was canvassing the Winsloe Road, and in the evening, came out at Mr. Mathewson's Mill, where I first heard the intended meeting spoken of, it then struck me, that no candidates had better be there, but afterwards hearing that Mr. M'Leod had an invitation to attend, and would likely be there, I determined on going; the greater part of my supporters knew nothing of the meeting, in proof of which, I would state, that not one man from the Winsloe Road, not one man from the Brackley Point Road, not one man from the Union Road, not one man from Little York, or the St. Peter's Road, were present, save and except two men who were Mr. Coles supporters. And it is a fact well known, that with very few exceptions the whole on those Roads have promised to Vote for me. On the contrary Mr. Coles or his friends had been quite busy in rallying all the forces he could muster to attend that meeting; his supporters from the Cove Head Road, his only strong hold, in Lots 33 and 34; twomen from the Suffolk Road, Mr. Robertson, from the St. Peter's Road, Mr. M'Millan from the one side of the Cove Head Bay, and the Messrs. Lawson from the other side were on the ground, and, what was the result, Mr. George Brodie was called to the chair; a number of people addressed the meeting, and after Mr. Coles had taken up at least one hour in endeavouring to prove that he was all perfection, a resolution was introduced to the effect that that meeting pledged itself to support Messrs. M'Leod and Beer at the ensuing election, a division was taken, when a majority of the Voters present, appeared in favour of the motion,—38 Voting for it, 29 Voting against it,—13 out of the 29 who voted against it, having previously engaged to vote for me at the election, but not having promised to support Mr. M'Leod; if any one doubts the correctness of this division, I have the names of the whole, and will shew them to any one who wishes to be satisfied. I have already shown them to nine persons who were present, some from each side of the division, in order to come at the whole truth—possibly there may be a name or two omitted, but I do not think there is—there were from a dozen to fifteen young men present not included in the above number, who had no votes; while the meeting stood thus divided, an attempt was made to seperate those who were going to support Messrs. Cole and Beer, but Mr. Cole not liking that move, prevented its taking place. As regards Mr. Laird there did not appear to be ten persons present who would vote for him and if he polls 20 Votes out of Lots 33 and 34 I shall be surprised, so that out of 67 Votes, 51 have engaged to vote for me, the names of the whole I will shew to any one who wishes; in the account of the meeting it is stated, that "Mr. Coles had a triumphant majority, one third more than Mr. Beer." So much for the truth of Whelan's Gazette.

Mr. Coles appears to have in his employ, some Halifax man, I think his name is Mitchel, who accompanies him in his perigrations through the Districts, I suppose for the sole purpose of *getting up* accounts of the meetings, suitable to Mr. Cole's taste, and agreeable to the way he would wish them to be, but I would beg to inform Mr. Coles, after all his attempts to delude the people, that I have this day in company with Mr M'Leod, canvassed the greater part of Lot 33, and we have found the people almost unanimous in their promises of support to both Mr. M'Leod and myself, and furthermore that our present prospects are, that we shall both be returned with a majority of 150 votes over the President of the Council.

Your obedient Servant
GEORGE BEER, Junr.
