futen Signal.

If there is anything, boudes the famou ald prides and plumes himself, it is his sourceary; which he says has resulted in a samples of Taxee Million Dollars mow at while dit of Untario-saved by him, the head of the administra

We have received the Public acc 12 months to 31st Dec. 1969 and for 10 mths to 31st Oct. 1870. The Treasurer ress could for bringing down the latte

After the commencement of the session. Let us compare a few accounts, deduct ing one-sixth from theoxyonditure in 1869 that year and the ten months of 1879. ent for 1870 costs \$13.

Civil Government on the Section 281.79 more than for 1869. Administration of Justice foots up in 1870 to \$10,790.47 more than in 1969. The susintenance of the Liout. Governation of the Liout. The maintenance of the Lieut. Govern-s' residence is \$500 more in 1870 than

in 1869. And so on we might go ad infinitume, in showing that all the ordizary expenses of Government have been increased instead. nt have been increased instea hed and that the cryof retreach

ment is a farce. How then is the Premier able to boast How then is the Premier able to bonst of a Three Million Surplus when all ordin-ary espaniture has increased, and is in-creasing / The receipts from the Doumini-on Government have been about One and a quarter million of dollars annually since Confederation. Our Crown Lands, Woodfs and Forests all inferet or investments have realised half a million more. Instead therefore of meeting onlinary expenditure with ordinary revenue, by means of econo-mu and retrandment, the expenditure has yearly osten up all the revenue and norme \$750,000 early beides, out of what might be turned ourspilled The \$3,005,645,999 now invested, in Dominion Stock and on special dopost at the credit of Ontaries. spectral depends as two trends to commissions and the second dependent of the second did his very body knows that Sandfield Macdonald did his very best that sandfield Macdonald did his very best being bei to prevent the confederation scheme bei carried out. It will thus be seen how mu redit he is entitled to for the surplus he

eredit he is entitled to for the surplus he brats so much about. This people's representatives, the further of this measure will not be left altoge to become harders of money ; and if the surplus is now judiclously expended in alting the nuterial improvement of the country, such a scheme will meet with greater approval in the constituences, than investment in Government took at 6 per
