THEY HAVE THE WAGON DRAFT.—A
number of the county papers, as well as
the city papers, have the wrong dates
for the West Riding of Huron fall show,
to be held at Goderich this year. The
days are September 29 and 30, and our
exchanges should make a change to those
dates for the Goderich show.

MISS MARY WILSON, upon whom a
difficult operation for removing a tumor
was performed a few years ago, died on
Sunday, the old lady having returned.
The doctors feared to attempt a
second removal, and the young lady
steadily failed in strength, until her de-
cease on the 21st of August.

WE ARE GLAD to hear that Mr. D. Fraser,
Deputy Registrar, about again after a
painful siege by lumbago and sciatica.

debted to R. Sallova for some excellent views

decent set of people.

Among those who left on the steamer

to be worthy of the highest regard during
their stay in Goderich.

The Brussels Post says:—This week
our town was honored with a visit from
Miss Eloise Skimmings, of Goderich,
Huron's poetess, who has been pushing
the sale of "The National March," and
"The Cleveland Waltz." These popular
pieces of music are composed by Miss
Skimmings, and have been very heartily
received by the general public.

As an exchange says:—"Osgoenville
temperance workers want a Police
Magistrate to hold the 'Scott Act' to be
enforced properly, and have raised a
year's salary by subscription. That
honorable body will not, however,
if the Dominion Government would
support officers who would not try to
make the 'Act' unenforceable and thus
benefit their own pockets."

REUNION ACCIDENT.—On Wednesday
afternoon a team of horses driven by
Tom Swartz ran away. The driver was
fing through a fence, and though not
seriously injured was not a little bruised.
The horses ran on the sidewalk near the
Albion Hotel, and started off another
team, which was fortunately caught
before any damage was done. Swartz
horses started on the sidewalk, and
knocked down a five year old boy
named Webster, nephew of John Martin.
The little fellow was cut about the head,
but no serious results are feared.
The wagon to which the horses were
attached was badly wrecked before the
runaway steeds could be secured.

Chicago Inland Marine says:—
Murphy has been singularly successful
in wrecking the propeller Quebec. Every
one said the job could not be accomplish-
ed. Murphy thought different. His
men succeeded in getting the propeller
hoisted out, and by pumping the
pistons the Quebec was lifted clear of
the bottom and hauled shoreward a
distance of 100 feet. At last accounts
she was only thirty feet of water, and
by this time has probably been floated.
While lifting the propeller, the vessel
was cut through by the chain, the pos-
tions to which the cable was attached
having been floated too high by the
swell of a passing barge. The divers
report that the engine and machinery
of the Quebec are in good order, and
the vessel is uninjured the only apparent
damage being to the planking of her
hull.

REUNION BOY.—There was intense
excitement in town on Friday and Sat-
urday over the disappearance of young
Scott Gibson, the 11 year old son of our
postmaster. All sorts of rumors were
abound as to the fate of the little fellow.
The harbor and river was dragged in
vain, and the town scoured in every
direction for traces of the missing lad,
but without avail. On Sunday morning
D. C. Strachan and R. F. Ewing, who
the boy with a farmer named E. Ford, at
Holmesville, having tramped that direc-
tion while running away from home.
Mr. Dickson had two or three days of
the most painful suspense, and the
search for the missing boy must have
been a tremendous physical and mental
strain.

A sacred song service, entitled "Chas-
tity, the Hero," the Christian, the
Soldier, the Hero," will be given in the
Victoria St. Methodist church next
 Sabbath afternoon, at three o'clock
sharp. Quite a number of male and
foreign aid has been secured. Miss
Emma and Miss Hattie Rumball, and
Miss Sarah Bean, of Clinton; Misses
Wilkinson and Ellard and Messrs. Hen-
derson and Deisher, of the North St.
Methodist choir, are among the number.
As this is an entirely new service,
and interferences with no other church
services, there ought to be a large number
of listeners. Miss Traeman accompa-
nies on the organ, and Rev. G. F. Salton
will be the soloist. The service will
be taken at the close of the
service.

GUN CLUB SPORTS.—At a meeting of
the Goderich gun club held on Tuesday
evening last, it was decided to hold a
series of matches, the first of which
will take place on Thursday the 10th
inst., at two o'clock in the afternoon at
the flats below the G. T. R. station;
rotary traps to be used in all the
matches, and the losing side pay for
the balls in each match. The first prize
for the highest aggregate score will be a
pair of rubber boots, the second a
rubber coat, and the third a pair of leggings.
The committee have the power to hand
out. The sides are to be chosen on the
ground. A good afternoon's sport is
expected, as the club has stirred up
the spirit of shooting the most popular
some been practice has been indulged in
by some of the "cracks."

ALMA COLLEGE, (ST. THOMAS, ONT.)—
This flourishing institution for the high-
er education of young women has just
closed a year of great prosperity, gradu-
ating a class of twelve in literature,
music, and commercial science, in ad-
dition to over 70 certificates from the
Ontario School of Art won by its stu-
dents during the year. Every depart-
ment is most thoroughly manned, and its
large staff of (18) teachers has been very
carefully selected. For a school offering
first class advantages in the way of
board, tuition, gas lighting, steam heat-
ing, etc., the rates are very low, running
from \$39 to \$46 per term. The year-
ly rate is still more favorable offering
board and tuition in all literary
subjects and instruction (from resident
teachers) in music and drawing for \$190
a year in advance. The new year opens
September 16th, 1885. For announce-
ment address Principal Austin, E. D.

UNLAWFUL EXCURSIONISTS.—When
the United Empire steamed into port on
Tuesday last, she carried the largest
lot of passengers ever brought into
this harbor. Shortly after eight o'clock
the good ship sailed from Sarnia with
over 600 excursionists, under the aus-
pices of the Methodist church of that
place. They were bright and gay, and
merrily trotted out sea songs as the ves-
sel pushed through the waters. But the
sea rose, and the steamer rocked, and the
passengers grew silent and pale, and when
the boat made Goderich harbor out of
sight, many of the excursionists had
refused to pay tribute to Neptune. Even
Capt. Robinson got sea-sick at the sight
of so many of his friends laid out. All
afternoon two hose were playing clear-
ing the decks, as the passengers failed to
carry their breakfasts into port. It had
been arranged that the North street
Methodist church should have the boat
for the afternoon, and many of our
townfolk went down to the dock
to go out, but owing to the rain, and
the roughness of the water, as well as
the sorry plight of the unfortunate vic-
tims from Sarnia, the captain did not see
fit to put out. The vessel did not leave
for Sarnia until about 10 p. m., and we
have not learned if the scenes of the
morning were repeated. Capt. Robin-
son did all possible to make his unfor-
tunate passengers comfortable.

County Court.
The following cases were tried before
Judge Tams, without a jury, this week:
"Masters v. Hild"—Action for goods
sold debt. Judgment rendered. Gar-
ner & Proudfoot for plaintiff; Cameron,
Holt & Cameron for defendant.
"Runciman v. Seaguller"—Action on
promissory note. Judgment for plain-
tiff for \$200.00, less the costs of the ac-
tion. Cameron, Holt & Cameron for
plaintiff; Garner & Proudfoot for de-
fendant.

General Friends.
The editor of this paper has not been
remembered during the week by those who
grow things toothsome.
Mr. John Mueely led the van by a
basket of choice apples, topped by cu-
cubers.
Miss Walton, of the Huron Road, sent
us some early celery very tender. They
have a large quantity now ready for sale.
Mr. John Varcoe, of Carleton, deligh-
ted us with a bag of apples the following
day, ripe and appetizing.
Mr. Dick's gardener to Col. Row,
on Monday presented us with some
monster tomatoes, grown by him. They
were firm and luscious.
In fact, the editor has been in luck
during the week.

COMMUNICATIONS.
We do not hold ourselves responsible for
the opinions of our correspondents. Contribu-
tors to this department must confine their
articles to public questions, and be brief.

Wrong to be Righted.
To the Editor of the Huron Signal.
Sir,—I suppose you will agree with me
that the conduct of our public officials is
a legitimate subject for criticism. The
public are aware that councillor But-
cher owns a billiard room in Goderich, and
that to enable himself to hold a seat in
the council for a number of years he has
had the license taken out in some other
name than his own. But that is not the
biggest fraud that has been practiced in
the billiard business. For the last six
or seven years licenses have been taken
out for four tables instead of six.
In this way the town has been swindled
out of thirty dollars a year. As a tax-
payer I am entitled to ask our town fathers
to look into these charges.
Then, again, with regard to the man-
ner in which our Sessforth officials are
carrying out, or rather refusing to carry
out, the provisions of the Act. It is most
disgraceful. Medical men know that by
the plain meaning of the Act liquor
should only be given by them for medi-
cal purposes, but it is a notorious fact
that some of our doctors give to irrespon-
sible parties on any pretence, and lar-
gemen can be seen coming out of the
liquor stores carrying a bottle in each
hand like a pair of dumb-bells. Children,
too, seem to find no difficulty in getting
all the whisky they want, and some have
been picked up so drunk that they were
within a little of dying. This is a dis-
graceful state of things, and medical
men who are guilty of such outrages on
public decency ought to be arrested for
committing a misdemeanor. The law
being violated openly every day. It can
be proved that liquor is being drunk in
licensed and unlicensed places by the
glass, and no attempt is being made by
our paid officials to enforce the law.
Secret societies for the suppression of
crime ought not to be necessary. Tem-
perance men should not be called upon
to constitute themselves special police.
But if we cannot get justice from those
in authority we ought to organize our-
selves into a law and order society
and secure it for ourselves, if the paid
officials persist in their present disgrace-
ful and criminal neglect of duty.

Yours, etc.,
W. G. SMITH.

The Sarnia Injustice calls attention to
a most flagrant injustice that is being
done in that town in allowing a harbor
master to collect dues for vessels touch-
ing at that port. The Overseer shows
that the docks at Sarnia are the result
of private enterprise, the Government not
having expended a dollar in the improve-
ment of the harbor or docks. It is
claimed that the Government has de-
vised a plan for injuring the town of
Sarnia by driving the shipping trade.

TEMPERANCE RALLY.

A Great Prohibition Gathering to be Held
in Toronto on Sept. 14th and 15th.

A call has been made for a con-
vention on the prohibition question to
be held in Toronto on the dates named
above. The circular issued by the Alli-
ance, invites the attendance and coop-
eration of every friend of the cause, and
shows the need of action in the following
language:—
The liquor traffic, beaten at the polls,
now seeks to influence legislation so as
to prevent the successful working of the
Act. At the last session of parliament,
the Senate passed an amendment creep-
ing Beer and Wine from the operation
of the Act; this was rejected by the
House of Commons, the Small amend-
ment being defeated by vote of 80 to 78,
or by a majority of eight.

It is generally believed that the pro-
moters of the Beer and Wine amendment
will re-introduce it at the next session
of Parliament, while it is an open secret
that the liquor party are resolved to se-
cure, if possible, the defeat at the next
general election of every man of the
able eighty six who stood up to be
counted against Beer and Wine, and for
the Scott Act in the entirety of its pro-
hibitory clauses. Under these circum-
stances, the executive of the Ontario
Prohibition Association, who feel it
imperative that the convention be held,
to receive reports of the working of the
Act, and the relation of Government
officials to the matter of enforcement;
to consider the duty of temperance men
under the circumstances; also to mature
a policy for the future election of tem-
perance electors, and to take such fur-
ther steps as may be necessary to protect
our friends from the assault of the liquor
party in the next general election.

The convention will meet for organi-
zation in the Lecture room of the Rich-
mond Street Methodist church—kindly
granted for the occasion by the trustees
—on Monday, September 14th, at 2
o'clock in the afternoon, sharp, and
sessions will be held Monday evening,
and Tuesday afternoon and evening.
At ten o'clock on the morning of Tues-
day the 15th, there will be a special
meeting of police magistrates, justices of
the peace, and assizes, to compare notes
and give and get information in relation
to dealing with charges for Scott Act
violation.

Miss Oliver's successor is Miss Spence,
of Prince Albert, county of Ontario, an
honour and under-graduate of two years'
standing of Toronto University. She
enters on her duties next Monday.
The High School has responded with
over 90 pupils in attendance, and more to
come.

THE DEMAND FOR NEW MODEL
Thrashers, Engines and Horse Powers, is so
great that the Hall Works are working
over time with 140 men to meet it. The
Works open at half past six, a. m., and
close at seven, p. m., stopping only half
an hour for dinner. If it were not for
the admirable system adopted by the
present management, even this extra
time would not meet the demand for the
New Model. We are informed that
orders for the New Tractors are being
received by telegraph, and we have no
doubt but that when the great surplus-
of the engine is known, a still further
increase on the force will be required.

Ontario cannot be benefited by
the introduction of so very important an
improvement in the use of steam power.
