WAS IT A RUNAWAY?—At 3.30 this morning when the storm was raging, a horse attached to a sleigh minus a driver—came galloping up Prescott Street and continued along Rawlins' Cross to Monkstown Road. A gentleman passing at the time made an effort to stop the frightened beast, but without success.

BOYS CLEAR OUT.—Two boys, aged about 15 years each, left here by the Bruce express on Tuesday evening without the consent or knowledge of their parents. The boys were well supplied with money and took first class tickets for Boston. Yesterday their friends who were anxious about them learned of their escapade and they will be stopped at Port aux Basques.

KERO OIL EXPLODES.—At eight o'clock last evening, an alarm was sent in from box 12, bringing the Central and East End Companies to the grocery store of Joseph Peckford, Hoytestown, where a slight blaze was in progress. A small quantity of kero. oil, which was thrown in a stove, exploded. A blaze followed and soon the shop was filled with smoke. No damage was done.

When putting coal on the fire in the sick room, it should be put into paper bags and laid gently on the fire to prevent noise.

Week of Prayer.

NATIONS AND THEIR RULERS.

With the interest manifested in the services so far held, it was only to be expected that the attendance at the Presbyterian Church, last night, should be large and representative; and it is a matter of gratitude that these expectations were realized, and that both people and leaders displayed their interest by their presence.

The service, as is customary, was conducted by the Pastor, the Rev. Mr. Sutherland; and he was accompanied in the pulpit by the Rev. Dr. Rogers, Rev. J. W. Bartlett, Rev. R. Matthews, B.A., and Rev. Mr. Thomas; the latter leading in the opening prayer; and also by the Rev. Mr. Whitmarsh, who was the speaker of the evening to whom was entrusted the address, the lessons being read by the Rev. Mr. Bartlett.

The subject is one that immediately attracts the attention of all classes of persons, even those who may not be very directly interested in church work, but who are keenly interested in the movements of the nations, and in the personnel of the rulers. Especially is this so at the present time, when war seems to be at our doors, and an indiscreet move may implicate the powers of Europe. Thus last night's address was interesting from a national and diplomatic, as well as from a religious standpoint; and we are glad to say that Mr. Whitmarsh did justice to the subject, and dealt with these issues of the questions, which pertain to the peace of the world. The moment is critical, and therefore the Rulers and those in authority need all the sympathy of the people, and also the prayers of the church, so that the best may be done. The nation's greatest strength is her moral strength, and national prowess is at its best when based upon Truth, and for this end the Church should ever pray.

Mr. Whitmarsh spoke for eighteen minutes, and was very deliberate in his statements, and was listened to with close attention. This is Mr. Whitmarsh's first year in the city in connection with the Week of Prayer, and we feel sure that his effort last night made a good impression, and should certainly be the means of other young men devoting themselves to the work of the ministry. Following he addressed the usual devotional exercises were carried out, and the singing was heartily taken up by the people; so that all must certainly have felt "it was good to be there." I.C.M.

THE WEEK'S SERVICES.
Thursday, 8 p.m., Congregational—Rev. J. W. Bartlett: "Home and Foreign Missions."
Friday, 8 p.m., George St.—Rev. Dr. Curtis: "Home, Schools and Colleges."

Bowels Bad, Liver Torpid, Cascarets.

If Constipated, Bilious, Headachy, Stomach Sour, get a 10-cent box of Cascarets—take one to-night.

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have back-ache and feel worn out. Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels.

A Cascaret to-night will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe or sicken.

Record Trip.

The passage made by the schooner Water Witch, Capt. Moore, which arrived here yesterday, from St. John's to Pernambuco and return is considered one of the best on record at this particular season. After leaving here last autumn she made the run to the Brazilian port in twenty-two days. After discharging, which occasioned a fortnight's delay, she left for St. John's making the trip in twenty-six days. The Water Witch is a staunch vessel and has certainly demonstrated her sailing qualities.

AGED MAN FELL.—Mr. John Griffin, an aged workman at Shea & Co's., while leaving the premises at six o'clock last evening, slipped on the ice and fell heavily. His head struck the ground with great force and a nasty cut was inflicted.

With the Puck.

The ice at the Prince's Rink is in splendid condition. The Victoria and Crescent teams will hold practice to-night, the former at 6.30 and the latter at 10 o'clock. Some new material have joined the ranks of the four different teams. The Crescents will have Marshall and Stick, while Parsons and Vinnicombe of the Victorias have retired from the game. There will be a few changes in the Feildians but the St. Bon's will have an entirely new septette. An interesting series of matches is anticipated this winter. As the visitors from Antigonish are coming here the second week in February the local fourteen will soon be picked.

S. U. F.

In the British Hall on Tuesday night, after the regular business of St. John's Lodge, No. 5, S.U.F., had been gone through, the Worthy Grand Master, Bro. J. A. Clift with the Grand Officers, was announced; they were received with the grand honors. The W.G.M. then proceeded to install the W.M., officers and committee for the ensuing year, G.S.O., A. Edgcombe, acting Marshal.

Secy.—Bro. A. E. Withycombe.
Chap.—Bro. W. R. Hammond.
Committee—Bros. J. Bartlett, J. Deer, W. T. Lever, F. G. Reid, Jas. Perchard, J. Billard. After the installation all were served with refreshments. Toasts were drunk and responded to. P.M. Cheeseman, of Burgeo Lodge, and P.M. Fagan, of Middle Light Lodge, were also present.

Firemen Meet.

The annual meeting of the South Side Volunteer Fire Company took place last night in the hall when most of the old executive were re-elected. After the meeting refreshments were served and all enjoyed a very good time. The South Side men under their efficient chief, Mr. F. Bursell, have done splendid service at fires on both sides of the harbour in the past, and the presence of such a fine body of men on that side of the harbour always ready to respond when outbreaks occur assures owners of property that their interests are carefully guarded.

The Higher Levels and Water Supply.

Editor Evening Telegram.
Sir,—Some time ago the City Council expended a lot of money in laying water pipes on the higher levels, particularly Pennywell Road. So far so good. But although a large sum was spent in doing the above necessary work, yet the service, at this time of the year and in such weather prevailing, is of little or any benefit to the people on the above road. There is no water above a certain point, and people who live on the upper end are put to considerable trouble and inconvenience to get enough of this most necessary commodity for even drinking purposes, and in several instances people had to melt snow to obtain water enough to wash themselves. Surely something can be done to remedy this evil. There is no scarcity of water at its source. The belief is general that owing to the bickering and petty jealousies in the Council, and the domination of the whole show by one or two men, that a state of carelessness exists which tends to demoralize the public service in the city, and the poor unfortunate people of the higher levels have to suffer.

I have been told, sir, that since the hydrants were placed on Pennywell Road have they been regularly tested to learn the pressure of water in that locality. If this is correct, there should be an investigation.

Hoping this notice will bring home to the Council the necessity of attending to the matter.

Yours truly, AQUA.

Railways Officials Indicted For Manslaughter.

Indianapolis, Ind., Dec. 31.—Sixteen officials and directors of the Cincinnati, Hamilton and Dayton railroad and two trainmen were indicted on charges of involuntary manslaughter by the Meriden County Grand Jury in connection with its investigation of the wreck on that road in a suburb on Nov. 12th. Sixteen persons were killed when a passenger train ran into an open switch and collided with a freight train.

Those indicted were: Daniel Dillard, President; George F. Randolph, Vice-President; George M. Schriver, second Vice-President, Baltimore; W. C. Lorge, General Manager; H. B. Voorhees, Cincinnati, general superintendent; R. B. White, Indianapolis, Division Superintendent; O. C. Murray, Geo. W. Perkins, H. F. Lorge, H. P. Davison, Frederick W. Stevens, Jos. Wood, E. R. Bacon, F. Dunderwood, Harry Bronner and Norman D. Ram, officials of the railroad, and Carl Gross, brakeman on the freight train, and Willis York, engineer on the same train, both of Indianapolis.

Prosecutor Frank P. Baker, says he will make an effort to bring the indicted officials to trial as soon as possible.

Wives of Sultan for Red Crescent.

Constantinople, Jan. 2. — For the first time in the history of Turkey its women have done active work of mercy on the battlefield. In the lead were the Sultan's wives, and they are now busy tending the sick and wounded in the lazarettos established in all the public buildings, palaces and churches.

They are under the direction of the Sultan's chief wife and the kadyns, as

well as the odalisques, work heroically as nurses of the Red Crescent. The kadyns, nor ladies of the palace hold the rank of plural wives, while the odalisques are their servants. Yet they are not servants in the ordinary sense of the word, for the Sultan may raise them to the state of favorites at any time the fancy seizes him.

The Sultan, too, is most lavish in his contributions to the hospitals, and his private kitchens and tobacco works are working overtime to supply denties and cigarettes for the poor soldiers.

Heroic Death.

Archbishop McCarthy's Former Secretary was a Martyr to His Charity.

Details of the death of Reverend Father Pujos du Coudray, former secretary to Archbishop McCarthy, which have been received here, show that he died the death of a hero.

He had been for some time chaplain to the soldiers at Versailles. About two weeks ago one of the soldiers was stricken with a contagious disease and nobody was allowed to go near him. When he was at the point of death, the young chaplain, guided only by his zeal, and in spite of the prohibition, entered the soldier's room and heard his confession. The poor young man was so troubled by the zeal of the priest and so happy in having made his confession he asked the priest to embrace him, which he did. He was seized himself with the horrible disease and died in three days a martyr to his charity.

COLD AND STORMY.—The snow storm of this morning prevailed all over the country, though the fall of "the white" was not very heavy, and the tarins are running without plows. The lines are interrupted west of Bay of Islands. At noon to-day, the temperature was becoming lower, and at Quarry it registered zero. It is evident that a cold wave is approaching.

Kiss Leads to Death.

Kissing Friend on Station, Woman Falls and Is Crushed.

London, Dec. 29.—Lingering to take a farewell kiss from a friend who was leaving Fenchurch Street Station, for Tilbury, Miss Elizabeth Whybrow, aged 25, of Abbey Wood House, West Malling, Kent, was caught between the train and the platform and crushed. The pain immediately rendered her unconscious and when extricated she was dead.

F. Chaplin, a foreman porter, described the accident. "I was turning to signal the driver," he said, "when I saw the young woman running alongside the train, trying to get a kiss from someone in a carriage. She fell and I signalled the driver and the guard and the train was pulled up. The young woman was dragged about 25 yards, and got so jammed that we had to saw off a portion of the footboard to release her."

Ingersoll's Daughter

New York, Dec. 31.—A seventeen word ceremony was a feature of the marriage of Miss Maide R. Ingersoll, daughter of Col. Robert Ingersoll, the agnostic, who died in 1899, to Wallace McLean Brobasco, of Cincinnati, at the bride's home here yesterday.

The ceremony was one adopted by the Ethical Culture Society and approved by the New York State Law.

After an address by Dr. John L. Elliott, a leader of the Society, on the responsibilities of the marriage relation, the groom placed a plain gold ring on the bride's finger and they repeated the ritual: "With this ring I thee wed, in love and truth for life till death us do part." The bride has been active in philanthropic and suffrage work for several years. Mr. Brobasco is a son of Wallace Brobasco, of Cincinnati, and a nephew of the late John McLean, Supreme Court Justice.

A Tea Cup

Contains

Over 1½ Grains of Caffeine.

A cup of Coffee contains over 2½ Grains.

Physicians recognize this drug to be of poisonous effect upon stomach, heart and nerves. Scientists employed by the U. S. Government found, in the famous Rabbit Case, that an amount of caffeine equivalent to that contained in three and one-half average cups of tea or two cups of coffee killed a Rabbit.

What wonder then, if you are a tea or coffee-drinker, that you suffer from indigestion, heart disturbance, headache and biliousness, sleeplessness, or nerve irritation?

Multiply 1½ grains of caffeine by the number of cups of tea or 2½ grains by the number of cups of coffee you drink each day and you will determine the amount of poison you give yourself daily.

Eminent physicians are protesting against the present use of tea and coffee. (Your family doctor can vouch for this.)

The aches and ills of your own body also protest when the burden becomes too heavy.

Doesn't your own common sense suggest that you quit tea and coffee now?

The New Food-Drink,

Instant Postum

offers the easy way.

This charming table beverage furnishes a hot drink of remarkable palatability. It has a rich seal brown color which changes to golden brown when cream is added. With its delicious flavour and rich aroma, it makes the ideal cup for those who want to get away from tea and coffee troubles.

Instant Postum requires no boiling.

It is made "quick as a wink" by pouring hot water upon a level teaspoonful of the powder in a cup and stirring until dissolved. Add sugar and cream to taste and you have a very fascinating beverage.

Grocers sell Instant Postum, 90 to 100-cup tins, 50c; 45 to 50-cup tins, 30c.
