## Notes on the Patriotic Tour.

### ROSE BLANCHE.

L. C. M.  
CHAPTER X.  
At Channel we met many friends and we are sorry we could not stay with them awhile longer, but duty called us on, hence we bade them a kindly adieu. We, however, wish to place on record our thanks to all who assisted us, and especially the Rev. Mr. Read, Messrs. Clement and Pike, merchants, and Messrs. Soper and Pike, of H. M. Customs and Mr. James.  
So far we had travelled by train, but at Channel we joined the Fiona and completed our tour by water. We found the train service very satisfactory, and mid-winter though it was, all the connections were made in good time. The run from Channel to Rose Blanche our next port of call was accomplished in about three hours, and though the Fiona pitched somewhat, the run was enjoyed by all on board. Arriving at Rose Blanche we found that arrangements had been made by Mr. Furieux for our meeting to be held in the school room, and that like all the other public officials, he had done his best to make the meeting a success. We found, however, that we were too late to meet the men of Rose Blanche proper, as a great many of the crews had begun their winter fishing, and were therefore absent from home. Nevertheless a goodly gathering assembled within the school room, and the meeting was satisfactorily conducted, Mr. Furieux presiding. We cannot say what impressions were made, or whether any volunteers afterwards offered; but we feel certain that some of the misconceptions which we met while talking to the people in their homes were removed as a result of the meeting.  
As a centre of trade Rose Blanche is one of our foremost winter fishing ports, and we were pleased to notice that at the time of our visit, the ports and prospects of the fishery were very good. The principal firms which do business at Rose Blanche are those of Messrs. Harvey and Co., T. and R. Mouton, L. Chafe, and Mr. Horwood. Rose Blanche was formerly the home of the Rideouts and Garcins, but other names have supplanted these firms, but business seems to be conducted very satisfactorily for all concerned.  
Rose Blanche has often been referred to as possessing valuable gold quartz, but so far it seems to have been in name only that this valuable mineral exists; but the nature of the rock and the entire strata of the locality does certainly impress one as containing mineral of a valuable quality. Many years ago Professor Jones, of Wales, who devoted much time to the consideration of our asbestos, and whom we happened to meet during his stay at Rose Blanche, made a survey of some of the quartz which he saw, and which abounds in the district; and he was quite satisfied that it contained gold. Professor Jones was a gentleman of much experience, and was not given to quick conclusions nor exaggerations, but he seemed to judge things from a safer medium than that of extremes; hence his opinion as to the mineral value of the quartz at Rose Blanche may be taken as trust-worthy and correct.  
So far the fishery has been the mainstay of Rose Blanche, and all the people are comfortable, and own their own homes; but this place does not seem to grow much, and several people leave and make their homes elsewhere. There is certainly room for a much larger population, and if any developments could be made in the direction of its gold mine, they should prove beneficial to the trade of the place, and to the advancement of the people.  
Near Rose Blanche is the smaller settlement of Harbour LeCou, where a nice trade is carried on, where independence seems to be the heritage of all. Our stay at Rose Blanche being short we did not form any acquaintance; but to all who helped us in our work we desire to express our thanks; and to especially mention Dr. Walker, Mr. Furieux and Mr. Luke Chafe.

In comparing our notes of Rose Blanche we cannot say that we found much progress in other parts of the West Coast. It seemed to us there were less schooners of the

larger class of tonnage than formerly, but more of small tonnage. But on all sides there was the gratifying fact that everybody's wants were supplied, and that peace and contentment were enjoyed by the people.  
(To be continued.)

### YOUR BOYS AND GIRLS

Every child delights in a chain of any sort, from a daisy chain to those of popcorn or cranberries. Paper chains are pretty and easily made. Show the child how to cut strips of paper five inches long and one-half inch wide, paste the two ends together making a ring.  
Link another strip and paste the ends and so on until the desired length is made by using colored papers.  
Common dried peas and toothpicks furnish amusements. Soak the peas over night and by using toothpicks to join them, quaint little people and tiny furniture may be made.

### Economy

GAS COKE yields 44 per cent of radiant heat, whereas coal gives only 19 per cent, under the same conditions.  
GAS COKE is clean to handle.  
GAS COKE is smokeless.  
GAS COKE gives a clear red glow.  
GAS COKE lasts longer than coal.  
Light the fire with paper and sticks and a little coal. When once burning make it up with Coke, the cheapest solid fuel.  
For a limited time only, the St. John's Gas Light Company will deliver in any part of the town at \$6.50 per ton, or \$3.25 per half ton.

### Charity Committee Meets.

The committee appointed at Monday afternoon's meeting at the Board of Trade rooms, to consider the formation of a Charity Organization to relieve the destitution in the city, met again yesterday afternoon.  
Mr. W. G. Gosling presided and those present were:— Rev. Fr. McDermott, representing Archbishop Desjardins Roche, Rev. Canon White, Rev. D. B. Hemmison, Mrs. W. C. Job, (Dorcas Society), Mrs. V. P. Burke and C. W. Ryan, St. Vincent de Paul Society, Hon. John Harvey, Commissioners C. P. Ayre and F. W. Bradshaw and Inspector O'Brien.  
Mr. C. W. Ryan, President of St. Vincent de Paul Society, reported that ten representatives of that body were making the rounds of the city distributing coal and other necessities yesterday, and that with the aid of a collection it was hoped that sufficient relief might be given until labour is provided.  
Mrs. W. C. Job, on behalf of the Dorcas Society, reported that the funds of that body were entirely exhausted and they had been forced to discontinue their work.  
Mrs. V. P. Burke, representing the Women's Branch of St. Vincent de Paul Society, stated that they would be able to continue their work for some time yet.  
Fuller reports will be made at a meeting to be held on Monday next.

WHEN SHALL WE LEARN!  
(By J. A. Gilman.)  
When shall we learn, and when shall we learn?  
How foolish we all can be?  
We first build up, and then tear down  
When cherished ideals flee;  
We worry and hurry and toil through the years  
For that which brings renown:  
And then like children who build in the sand,  
We tear the whole thing down.  
When shall we learn, and when shall we learn?  
That rulers are only men,  
Who patiently build for a nation's weal,  
And then tear down again?  
With false ambition they toil through the years  
To win enduring fame;  
And then they cast the garland of praise  
In the furnace of war's red flame.  
When shall we learn, and when shall we learn?  
That brothers all men should be,  
And whether they're white or yellow or black,  
Should matter not to me?  
And those who earnestly seek through the years,  
To learn the Father's plan,  
Will find neither war nor race nor creed  
In the brotherhood of man.

### Fire Destroys Octagon Hotel

Yesterday afternoon the Octagon Hotel, near Irvine, was completely destroyed by fire the cause of which is attributed to a defective chimney.  
About 2.30 p.m. yesterday Mr. Poole, the proprietor of the place, visited the hotel which had been unoccupied since last fall, and lighted a fire in the kitchen stove. He then went down to the ice house, some 200 yards distant, to inspect the winter's cut of ice, and upon his return noticed smoke issuing from the roof. He hurried to the scene, but the house was filled with smoke and he was obliged to retreat. No water being at hand the flames spread rapidly and in less than an hour the building and most of its contents were consumed. All the bedding, linen and other furnishings were destroyed, as well as a piano that was in the ballroom. The latter was insured for \$250, but the other furnishings were not insured and the loss to Mr. Poole is estimated at about \$500. The building was owned by Mr. Fowles of Trinity, and was, we understand, insured.

### TO REMOVE DANDRUFF

Get a 25-cent bottle of Dandrin at any drug store, pour a little into your hand and rub well into the scalp with the finger tips. By morning most, if not all, of this awful scurf will have disappeared. Two or three applications will destroy every bit of dandruff; stop scalp itching and falling hair.

### FUNERAL YESTERDAY.

The funeral of the late Mrs. James took place yesterday afternoon from her late residence, Bannerman Street, and was largely attended. The burial service was conducted by Rev. Mr. Clayton, of St. Thomas's who also officiated at the graveside. Interment was at the Church of England Cemetery.

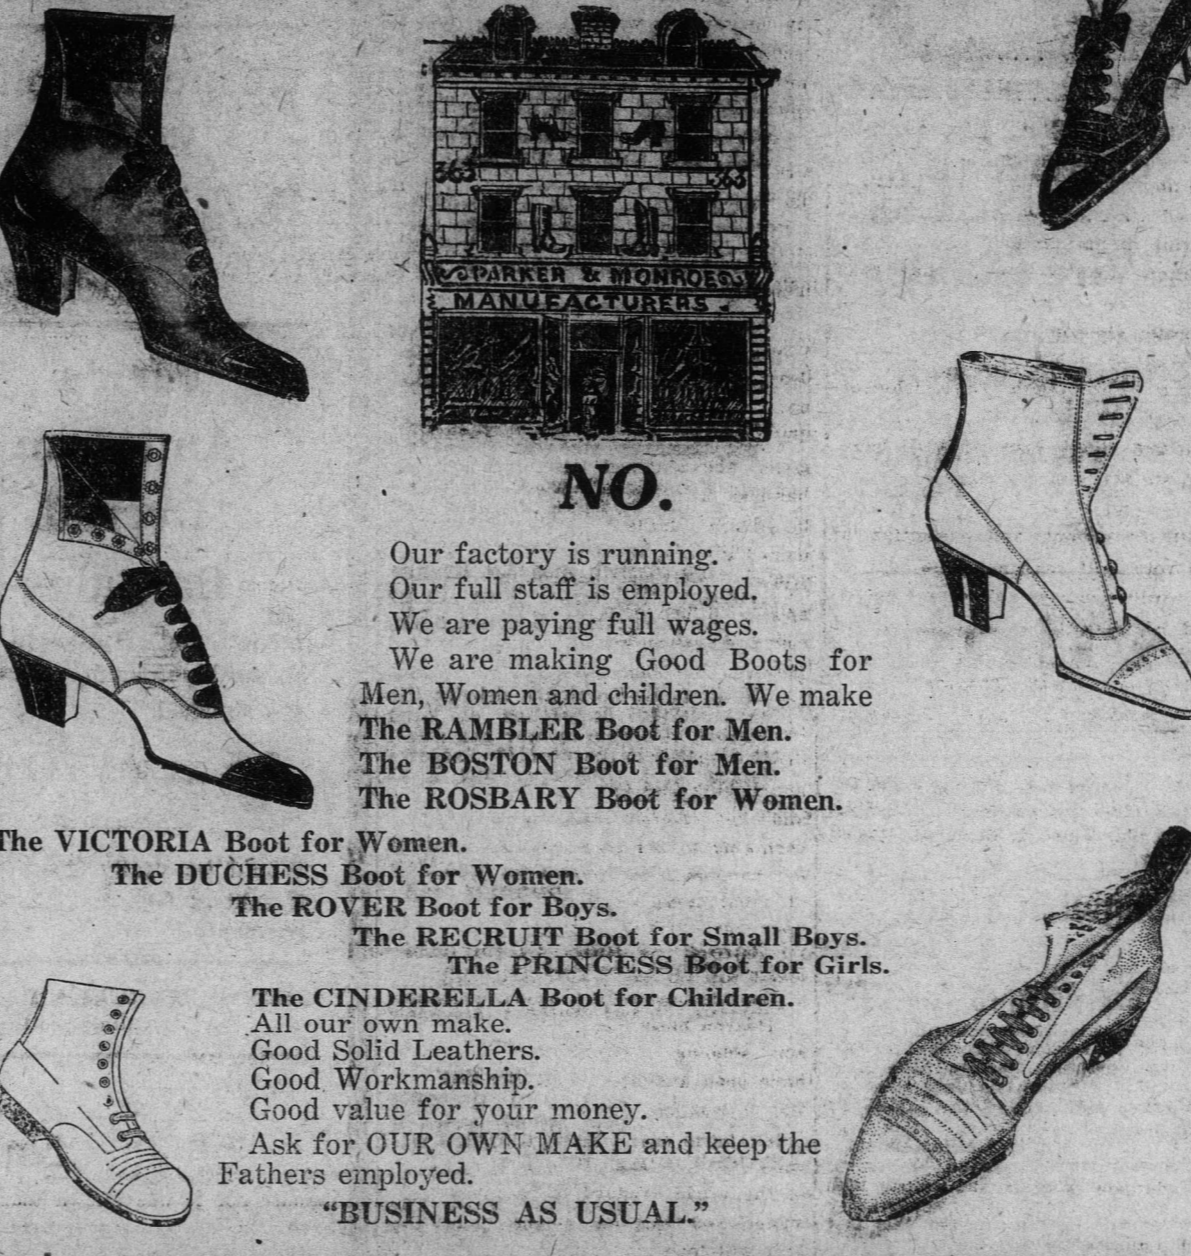

### TONIGHT'S LECTURE.

At the Star of the Sea Rooms to-night Rev. Dr. Kitchin will lecture, taking as his subject "Louvain in History and Remembrance."

### HEAVY ICE.

On her last trip across the Cabot Strait the S. S. Kyle met considerable heavy ice.

### At the R. C. Cathedral.

Rev. Fr. Cox, S. J., occupied the pulpit at the R. C. Cathedral last night, and preached an eloquent and instructive sermon on the duty of man to his Creator. Before the sermon he made reference to the appointment of Rt. Rev. Monsignor Roche as Archbishop, of St. John's, congratulating the new Archbishop on the great honour conferred on him, and also the people of St. John's on having one so much revered and beloved by them raised to the exalted position for which he was so eminently qualified. He exhorted the congregation to pray fervently for strength for their new leader, that with God's help he may long be spared to guide the affairs of the Archdiocese, over which he so ably presided as Administrator.  
After the sermon the Te Deum was sung in thanksgiving for the blessing conferred on the Archdiocese, and Benediction of the Blessed Sacrament was imparted by Rev. Fr. Cox, S. J., to the large congregation present.

### They Cured All Of His Troubles

WHAT NOVA SCOTIA FARMER SAYS OF DODD'S KIDNEY PILLS.  
Just Why John A. Campbell Recommends Dodd's Kidney Pills to Everybody who has Kidney Disease.  
Hillsdale, N. S., Feb. 24. (Special).  
"I can recommend Dodd's Kidney Pills to everybody suffering from Kidney Disease." These are the words of Mr. John A. Campbell, a well known and highly respected farmer living near here. Mr. Campbell suffered from Kidney Disease for three months. He used two boxes of Dodd's Kidney Pills with the result that he says emphatically, "Dodd's Kidney Pills cured me of all my troubles."

It is well to note that Mr. Campbell says he was cured of his troubles. For when you cure the Kidneys with Dodd's Kidney Pills the result is new health and vigor all over the body. The Kidneys are the organs that strain all the impurities out of the blood. When the Kidneys are wrong they fail to do their work and the impurities remain in the blood, the circulation becomes clogged and the net result is lassitude and weakness all over the body. Dodd's Kidney Pills correct all this and give new life and energy all over the body.

### St. Andrew's Club.

"How an English Railway Advertiser" was the subject of an interesting lecture given by Mr. Thorpe, of the Methodist College to the members of St. Andrew's Club last night. Mr. T. McNeil, Vice-President of the Club occupied the chair, and introduced the speaker who dealt with his subject in an interesting and instructive manner. The lecture was illustrated with maps showing the north eastern portion of England, including Hull, Scarborough, Whitby and Hartlepool. During the course of his remarks, Mr. Thorpe pointed out how the coal, iron and other industries of the places, as well as their historical associations were used by railway companies to attract visitors.  
At the close a vote of thanks, moved by Mr. M. Parsons and seconded by Mr. J. A. Carmichael was accorded the lecturer for his interesting discourse.

### FOR A BAD COLD

The surest way to stop a cold is to liven the liver and cleanse the bowels, and the nicest cathartic to do this is a 10-cent box of Cascarets. Take one or two Cascarets to-night and your cold may be gone by morning.

### "OURS" IN THE WEST END.

Crowded out to the doors at each performance. The pictures are fine and were loudly applauded last night. "The Spirit of the Orient" with Marjorie Costello and Clara Kimball Young in the leading roles. "Arizona Show-off" in two reels had the house thrilled with excitement, and several others. The little vocalist in beautiful costume, sang a dainty telephone song much to the delight of the crowd. The West End patrons must not forget the great benefit on Friday, 26th of Feb. Every penny turned in for bread for the city poor. The benefit is under the distinguished patronage of His Excellency the Governor and Lady Davidson. Rally round, friends.
