WEATHER FORECAST. N. E. Gales, with snow or

/EARNEY'S **NOLUMN.**

The weather man was right! Drip, drip, drip, patters the rain on your old coat.

It's a blue day to-day for those who are not

Blizzardeen Protected.

But the man with the BLIZ-ZARDEEN smilingly flaunts the weather. 'Come day, go day, God send Sunday''—it's all the same to him-wet or fine. The oiled silk interlining protects him wherever he goes.

"Water can't get through the dduck's back!" says he.

Blizzardeens triple-lined; colors Fawn and Navy Blue; belted at waist.

Other coats with plain backs: Burberrys, Dexters, Rubber Coats; all colours, from \$30.00

SAVE YOUR HAT!

UMBRELLAS, \$3.50, \$15.00.

FRENCH HAS RESIGNED.

LONDON, April 18. The Standard says it can be asserted on very high authority that Lord French has placed his resignation, as Lord Lieut. of Ireland, in the hands of the Government. The Sunday Times also says it is informed that Lord French has resigned from his

BRUTAL MURDER.

DUBLIN, April 18. Sergt. Carroll was killed, and Constable Collins seriously wounded today, while returning from mass at Kilmihill Church, in Kilmihill, West Clare. The men were shot from behind. Carroll's heart was pierced by a revolver bullet. Constable Martyn, who was with Carroll and Collins, was

DERRY EN FETE.

BELFAST, April 18. Sticks, stones and iron bars were freely used, and revolver shots occasionally were exchanged in a fivehour melee at Londonderry Sunday. Three separate attacks on soldiers were made by civilians, and factional fights occurred between Unionists and Sinn Feiners. These necessitated frequent charges by the police and military, in which twelve persons were injured. Their wounds were treated at the local infirmary. The police barracks at Rossville were considerably damaged by a mob.

Terra Nova's Turnout.

The S. S. Terra Nova's turnout is s follows:—958 young harps, 16 hoods, 2170 bedlamers, 509 old harps, old hoods. A total of 3,660 seals. Gross weight 127 tons, 17 cwt. 1qr. Nett weight 118 tons, 12 cwt., 3 lbs. The average weight of young harps was 45 3-4 pounds. The crew shared

George St. A. B. C.

Yesterday (Sunday) the George St. Adult Bible Class held its Annual Meeting, and after the hearing of the esson, and the reports from officers of the past year, the election of officers for the ensuing year commenced. They are as follows:-

Teacher-C. P. Ayre. Asst. Teacher-C. C. Pratt. Pres.-Mr. C. F. Scott. Vice.-Pres.-J. M. Barbour. Secretary-John H. Fowler. Asst. Secty.—Cyril F. Horwood. Treasurer-George Hunter. Asst. Treas.-Ernest Hunter. Librarian-Byron Halfyard. Asst. Librarian-J. R. Butler. Organist-Mr. C. R. Peet. Violinist-Mr. Wm. Brett.

EXECUTIVE COMMITTEE. - Mr. Harry Maddock, John B. Fowler, C. J. Winsor, A. H. N. Snelgrove, Chas. Peet, William Knight

The reports of the Secretary showed a great increase in attendance, there being at present 215 members enrolled to date. The class is also in and this year promises to be a far better one the last. The meeting closed with the Benediction at 5.55 p.m.

TO CORRESPONDENTS. - If the writer on the subject of Prohibition -Moonshine and Dope or Wine, Whiskey, Rum and Liberty, will call on the Editor of the Telegram, take back his manuscript and rewrite or type it more clearly, publication of the letter will follow. We cannot ask our printers to set illigible and illwritten copy, nor that written on ooth sides of the paper.

FISHERMEN!

Here's the Boot for You: "Excel" Boots

Pliable Uppers. Weather Proof and Wear Resisting. Tough Tire-Tread Soles. Hard to Wear Out.

For Men and Boys.

Pliable Uppers, Weatherproof and Wear-Resisting, Tough Tire-Tread Soles. Hard to wear out.

You know from experience what happens to ordinary boots when used in fishing. You've seen how salt water seems to take the life out of the rubber and how the rubbers crack and the soles wear through in a surprisingly short

The "EXCEL" is a different and better kind of boot. It has been made especially to stand up under the unusually hard use a fisherman's boot gets.

The rubber and fabric in "EXCEL" boots are of the very highest quality. But it is the special method of curing, under tremendous pressure, that makes the "EXCEL" so wear-resisting. The pressure forces the layers of rubber and fabric together so that they are actually "one-piece", without losing the least bit of the life of resiliency of the rubber. Salt water has practically no effect on "EXCEL" boots. The UPPERS remain pliable and weatherproof, and resist the drying-out action of sun, heat and cold far longer than other boots, consequently they don't crack anywhere so quickly. The SOLES are almost wear-proof, because they are made like an Auto Tire, with 8 plies of rubber and fabric welded by tremendous pressure into a "tire-tread"

sole that rivals an automobile tire for toughness and dur-

These are exclusive features of "EXCEL" boots.

The picture at the left, of an "EXCEL" boot, with every detail of construction visible, shows how "EXCEL" boots are reinforced at every point of strain. There is not a single feature but what has been proved necessary and desirable by tests of severest use. Your own experience will tell you that a boot with these features simply must be a better

Study this picture. Learn these features. Remember them when you compare "EXCEL" boots with ordinary And remember, too, that very important which the picture cannot show, namely, that "EXCEL" boots are cured under tremendous pressure which leaves the rubber pliable, weather-proof, and wear-resisting. It is only by the use of this tremendous pressure combined with highest quality materials that the best results are obtained.

Below are listed seven special features which make "EXCEL" boots superior. Read them carefully so that when you need boots you will know how to get the best value for

Seven Special Features that make the "Excel" Best

FEATURE No. 1—The entire boot is cured under heavy pressure, forcing all parts together in "one-piece", and retaining the full life and resiliency of the rubber.

FEATURE No. 2—An 8-ply double sole of tough, durable rubber, made like an Auto Tire, running all the way under the full moulded heel. This sole and heel are so wearresisting that they are commonly called the "tough on rocks" sole and heel.

FEATURE No. 3-A heavily reinforced boot which will withstand the hardest kind of wear.

FEATURE No. 4—Six plies at the instep relieves strain and prevents wrinkling or cracking.

FEATURE No. 5-Reinforced five-ply leg for extra wear. Just the right amount of strength to stand up, yet not be uncomfortable.

FEATURE No. 6-Four-ply top, very pliable.

FEATURE No. 7-Heavy duck lining, and a heavy insole prevent dampness and keep feet dry and comfortable.

Most reliable dealers sell "EXCEL" boots. Be sure to look for the name "EXCEL". Substitutes and "just as good" boots will not give you "EXCEL" service. If your dealer does not have them in stock, write us for name of nearest dealer.
