## Amusing Stories

of Kaiser

NOW GOOD COPY IN GERMANY.

Berlin, March 5 (A.P.)—Certain German newspapers never tire of publishing amusing stories about the former Kaiser, one of the latest being his experience at the Vatican in October, 1888, when the former ruler was received by Pope Leo XIII and caused a ripple of laughter among those present by his awkwardness.

"William began the performance by dropping the valuable 'tabatiere' he carried as a gift to the Pope," writes Ernest Smith in a book of his 40 years' experience as a British journalist in Rome and other European capitals. Smith's account of the Kaiser's audience with the Pope has been reproduced in numerous German newspapers, some of them even publishing the article in the columns devoted to comment by their humorists.

"As William stooped to recover the 'tabatiere,' before a courier dashed forward to recover it for him, he let his helmet fall, and, to add to his confusion, a seam in her garments collapsed audibly as he bent down," writes Mr. Smith. "When William recovered he could scarcely stammer out several incoherent words, and a witness of the scene told me that the Kaiser was trembling like a leaf all the time."

## Wild Depredations

SOUND DEATH WARRANT OF HORSES.

Clinton, B.C., March 22 (A.P.)—Scouts are out locating the haunts of each band in a horde of several thousand wild horses that has laid waste the rich Cariboo grazing district in the north part of the Province of British Columbia. This reconnaissance is preparatory to a roundup to be held in the spring.

In the roundup all these animals for which sale can be found at \$5 a head on the hoof are to be captured. The rest are to be slain. Every Cariboo cowboy is being mustered for the roundup.

Like the cayuses turned out by Indians on the Yakima Reservation in the State of Washington, south of here, the horses of the Cariboo thrive too well, and have become a burden on the country that ranchers have pronounced intolerable. Provincial officials have lent their aid for the spring cleaning of the Cariboo.

Provincial participation resulted when the British Columbia Government was informed that many roundups in the past had fallen short of exterminating the evil. Ranchers complained to Victoria, capital of British Columbia, that the horses, besides denuding the Cariboo of grass, enticed domesticated animals off to retreats in the hills.

## Prohibition Fever

AMERICAN SCIENTIST'S FIGHT TO BAN TEA AND COFFEE.

An effort to prohibit tea and coffee as well as liquor in America is being made, according to the following Reuter message from Trenton, New Jersey.

Mr. Hudson Maxim, a scientist and inventor, of Lake Ronkonong, announced recently that he intended to take action under the eighteenth amendment against restaurants, hotels and other places selling tea and coffee.

He now states he has engaged counsel, and intends to proceed with the matter.

A prominent hotel in Newark or New York City, Mr. Maxim asserted, would be selected for the first raid.

The eighteenth amendment, declares Mr. Maxim, prohibits intoxicating liquors, and, therefore, applies to all drugs and other preparations which produce intoxication in any degree.

Dictionary definitions, he says, will be sufficient to bring tea and coffee within the Prohibition law.

## Irish Boundary Line

CAUSES RAILWAY EMBARRASMENTS.

DUBLIN, Mar. 7 (A.P.)—The recent meeting of the Great Northern Railway revealed some conspicuous embarrassments caused by the partition of Ireland, which the chairman said is now two countries. Sixty per cent. of the railway is in Northern Ireland and forty per cent. in the Free State. The line crosses the border 14 times, and at each of these points there is a customs barrier delaying travellers.

The company is also embarrassed by the question of double income tax, and it requires a tedious readjustment before the shareholders get their returns. It is urged that a friendly modus vivendi be reached between the two Governments in such a matter which affects both parts of Ireland is of more importance than a readjustment of the boundary.

Following an all too short pastorate, Canon Earp has felt obliged to sever his connection with the Parish of St. Thomas's and the city where his broad Christian citizenship, his unflinching interest in all measures that make for righteousness and his forceful pulpit messages, have singled him out as "a Brother Beloved." To his new sphere of labor in the Canadian North West he will carry the earnest hopes of citizens generally, that the future may be fully freighted with happiness, health and prosperity as his life's work proceeds.
