

ONTARIO ELECTION NOT CLOSE AT HAND

Cannot Be Called for at Least Two Months.

OWING TO ENUMERATION

In Thirteen Constituencies, Which Would Consume a Good Deal of Time.

Toronto, Sept. 28.—With Sir James Whitney and every member of his cabinet out of town, with the exception of the Attorney-General, the possibility of a provincial general election in the near future formed the main topic of conversation in the offices of the Parliament Building today.

Until within the last day or two, it had been generally believed by local politicians of both parties that great advantage would be gained by holding the elections immediately. The Premier, however, was inclined to defer them. Sir James is absolutely in his own domain, and while he worked hard for Mr. Borden, it was pointed out that he had no intention of taking any action which might cause anyone to regard him as the tail of the Borden kite.

But whatever may have been the first view of the Premier with regard to the matter, there is now a well-defined idea that he has determined to call an election.

This does not mean necessarily that an election will be called within a few weeks. At the very least it would probably be two months before the appeal to the electorate could be made. Of the 106 constituencies in the Province, thirteen contain many unorganized municipalities. An enumeration in each of these would be necessary before the lists could be made up. The statute provides that the first step is for the Government to appoint such enumerators as are necessary. These officials then cover the territory assigned to each, and post placards announcing their intention of returning after 30 days to register such as are entitled to vote under manhood suffrage.

Next, fifteen days have to be allowed for appeal, and only then can the lists be made for election purposes.

Politicians who are watching closely for developments are keeping their eyes open, particularly for the announcement of the appointment of those enumerators as the first definite intimation of the likelihood of an early election.

Gordon Wilson, of Dundas, who resigned his seat in the Local House to contest Wentworth in the Dominion election, and succeeded in winning the seat from Oscar Sealey, was visiting friends in the Government offices this morning. When asked if he had heard when the by-election was to be held for the Legislature, he replied: "I don't know if a by-election will be necessary."

BIG CHANGE RUMORED IN G. T. R. STAFF

Several Officials About To Be Retired on Pensions.

Montreal, Sept. 29.—Rumors of some important changes that are soon to be made among the officials of the Grand Trunk Railway are going the rounds in railway circles today. No one in a position to do so authoritatively cared to discuss them, and therefore nothing like official confirmation or denial could be obtained. It is said that the G. T. P. is soon to take over the operation of the transcontinental, and that a consolidation of the officials of the Grand Trunk Railway and Grand Trunk Pacific is to be made for the sake of cutting down expenses. The story goes that W. Wainwright, second vice-president; Frank Scott, treasurer, and A. Butze, general purchasing agent, having reached the point at which they are entitled to pensions, will be retired. It is also said that H. G. Elliott, general passenger agent, may also retire.

Rumor says that J. E. Dalrymple, assistant freight traffic manager, in Winnipeg, will succeed Mr. Wainwright. The only other one it provides a successor for is A. Butze, general purchasing agent, to succeed whom, it says, a new man is to be brought in from the Southern States.

Business

"Knock-Outs"

Often come from within one's self.

If Brain and Nerves are fighting the internal opposition that tea and coffee drinking sets up, business is likely to suffer.

A change from tea or coffee to

POSTUM

not only removes the cause of the trouble, but puts a powerful restorer to work.

Instead of racking the nerves and setting up internal disorder, as does tea and coffee, Postum soothes and strengthens the nervous system.

Ten days on Postum in place of tea or coffee puts one in condition to face the world and betters the chances of success.

METHODIST MEETING

GATHERING AT TORONTO

Hundreds of Delegates From All Parts of Empire To Be Present.

Toronto, Sept. 29.—One desirable end that will in all probability be attained during the meetings of the ecumenical conference of the following of John Wesley, which will be held in Toronto beginning Oct. 4, is the formation of a joint board or committee to deal with matters which concern the conference between each decennial convention.

This is the opinion of Rev. Dr. James Chapman, honorary secretary of the east section of the Ecumenical Conference of the Methodist Church, which he expressed to a representative of the Canadian Press in his rooms at the Elliott House, where he, along with his son, J. Crosby Chapman, is staying, while completing the preparations for carrying out the programme of the great conference.

Dr. Chapman explained that such a board or committee is desirable in view of the fact that the conference is held only once in every decade, the one to be held in Toronto during the first two weeks in October being the fourth. Matters of great importance necessarily arise in the interim, and unless they are dealt with as they arise, the programme of the conference becomes too complicated and serious exigencies are not met in their proper time or pass beyond the opportunity of practical action.

Dr. Chapman expects a large attendance at the conference. Five hundred delegates from the empire will be present, and, of course, a large body of members and adherents of the Methodist Church.
