SIMCOE DESIRES NEW O. H. A. GROUP

Club Thinks Paris and Brantford Teams Are Too Strong.

JUNIORS ARE INTACT

Majority of Members of Last Year's Team Are Available.

Special to The Advertiser.
Simcoe, Nov. 12.—Hockey prospects in Simcoe for the coming winter are to be thoroughly discussed at a general meeting of the S. A. A. tomorrow night. At the present time the outlook for an immediate H. A. A. season is not promising, not only owing to the lack of material, but because Paris and Brantford, with whom the local team are always been grouped, are known to be unusually strong. Paris will ice an intermediate team composed of last year's junior stars, plus Jemmett, who was with Port Dover last winter, and other newcomers.
Brantford has imported such well-known stars as Emmis of Midland, Pearson and Park of Chillingwood, and Hollands a goaltender, also from the north country, and has nearly all its regulars of last year besides.
Under these circumstances it is felt locally that the only result of competition with these flashy aggregations could be a repetition of last year's disappointing conclusion, when Simcoe was forced to abandon its schedule in mid-season. The only salvation would be a change in the district grouping.
With the bulk of last year's classy junior O. H. A. sextet in line again, Simcoe will have the nucleus of another fast junior team this winter. Cross, Osborne, Hart, Port, Bennett and Potts are available, and a host of other promising youngsters will round out the crew.

SIX GIRLS ARE WINNERS IN BACON HOG CONTEST

Sixteen Contestants To Be Guests of Packers at Royal Fair.

Special to The Advertiser.
Montreal, Nov. 12.—Six girls will be included in the 16 youthful contestants who are to meet next week at the Royal Agricultural Winter Fair at Toronto in order to determine the winners of an interprovincial championship established by the Canadian National Railways in order to encourage the work of the boys and girls swine clubs, and the raising of select bacon hogs in territory tributary to their lines.
The six young misses are those who won the provincial championships of Nova Scotia, New Brunswick and Manitoba. In the other five provinces competing boys were winners.
After the contest the boys and girls will have an opportunity to view all the features of the Royal Agricultural Winter Fair, while on Friday they will be the guests of the Industrial and Development Council of Canadian Meat Packers, on a tour of plants, and at a special educational display.
The winners in the east Canada competitions were: Nova Scotia—Lottie Austen, Skye Glen and Annie Cameron; New Brunswick—Alice Davis and Lillie Davis; Port Elgin; Prince Edward Island—Harold Smith and Edmund Robertson; Pownal; Ontario—Chester Brown and Archie Campbell; Ilderton; Quebec—Howard R. Parnell and Thomas A. Woodward, Lennoxville.

TORONTO MEDICAL MEN OPTIMISTIC ABOUT CURE

Have Confidence in Theory Since Endorsed by Dr. Adams.

Special to The Advertiser.
Toronto, Nov. 12.—Toronto doctors have high hopes that something satisfying in the way of a cancer cure will come out of the experiments now being made at Liverpool University, England.
The confirmation of the statements of Prof. Wm. Blair Bell, which has now come from Dr. Adams, the vice-chancellor of the Liverpool institution, has had the effect of heightening the hopes of the medical research men and the rank and file of the profession.
"Dr. Adams is one of the ablest medical men that Canada has produced," said Dr. C. J. O. Hastings, medical officer of health for Toronto, in commenting today on the news from Britain. "He was for years at McGill University, and he ranks in the same class with Sir William Osler and other great men of medicine. He is, above all, a careful man and not given to making premature predictions of cures where there is not some good basis for his statements."

HIS MAJESTY HAS SPLENDID BAG ON FIRST DAY OF HUNT

Associated Press Despatch.

Thetford, Eng., Nov. 12.—With 4,000 pheasants and partridges falling before King George and several other titled guns, the first of his majesty's three days' hunting over the preserves of Lord Iveagh was not so bad from the well-laden covers the birds rose well and the king had a large proportion of the bag to his credit. It is customary to donate most of such kills to hospitals and charitable institutions.

WILLS TO FIGHT AT MEMPHIS.
New York, Nov. 12.—Harry Willis, negro heavyweight, and his manager, Paddy Muires, leave for Memphis, Tenn., Saturday. Willis is to appear in an exhibition bout there and has other engagements in the south.

Grid Gossip

The local junior gridgers, who made a disastrous trip to Petrolia last Monday, where they were handed a 10 to 0 drubbing by the hard oil town C. I., seek further battles before they hang up their cogs, and on invitation from Stratford, will journey to the Classic City Saturday to take on the C. N. R. Apprentices.
The team traveled by auto to Petrolia, and had several breakdowns on the road, with the result that the full team was not there when the game started, and it was when only eight members were on the squad that the Hard Oils garnered their points. The team is made up mostly of central collegiate seniors, and a few bits of other grid material thrown in, including Bram Churchill and Bernie Fitzmaurice of the local intermediate.
The squad is intent on making a better showing in Stratford than it did in Petrolia, and is preparing for the battle. The players held a workout last night, and will stage another one tonight. The signals of the team are hastily made up affairs, but they will be a bit more complicated on Saturday, and the squad will be better drilled in the plays.
The Apprentices have a smart aggregation that bids well to give the locals a tough game that should prove an attraction in the Classic City. Stratford hasn't had a great deal of rugby this season, and the fans there welcome an extension of the season. The local lineup will be practically the same as in the Petrolia game.

New Mark Made By Lady Bowler

M. Gash Gets Three-Game Total of 815 in League Game.

All city records for girls eleven bowling were broken at the Arcade last night, when the Bell Telephone company team played their weekly league games. The team total of 2,718 is the largest girls' total ever made in London. Their first game of 1,120 is also a record. Miss M. Gash made a record that will not be equalled likely for some time. Her three-game total of 815 is by far the largest ever bowled by a girl in the city. Her first game of 268 is the first time a girl has reached the 300 mark here, and this also wins the \$25 prize donated by the Arcade for any girl bowler getting 300 or better.

The Score:
H. Long 177 190 149—426
B. Dalton 183 129 140—452
C. Gough 246 129 229—604
L. Mascaro 156 97 168—421
M. Gash 358 223 234—815
Totals 1120 678 920—2718

IMPRESSIVE SERVICE MARKS ARMISTICE DAY

Special to The Advertiser.
Listowel, Nov. 12.—A simple and impressive service marked the seventh armistice day observance. The two minutes of silence followed the striking of the town clock. Mayor J. C. Hay briefly outlined the signing of the armistice. Rev. J. M. Nicol gave a short address and Rev. H. Jackson led in prayer. The students of the high and public schools, led by the town band, sang O Canada.

REDEKER FILLS VACANCY IN WINDSOR CITY COUNCIL

Canadian Press Despatch.
Windsor, Nov. 12.—C. E. Redeker, prominent border real estate dealer, was sworn in as a member of Windsor city council today, by Miss Martha Dickinson, city clerk. He fills the vacancy created by the death of Thomas H. Warren. Ald. Redeker was a candidate for council honors in December, 1924, but was defeated by a narrow margin.

SIRE'S GREED HAS RUINED STIRBLING

Physical Conditioners Say That Youth Is Being "Fought Out."

By FAIR PLAY. Copyright, 1925.

New York, Nov. 12.—Competent physical conditioners in the boxing game say that the way Pa Stribling is handling his son has destroyed any chance the boy might have had of becoming a full-fledged heavyweight and possibly a champion. The opinion is that he is being fought out.

Of late Pa Stribling has been picking soft ones with a master hand for his son, but even so, young Stribling's active life has kept his weight down and prevented him from being the stalwart heavy he might otherwise have been.

He was a wearied young man when he met Paul Reilenbach two years ago, and was weary even before the fight, and he was lucky that it went

over the short route.
His subsequent showing against Ad. Stone confirmed the belief that he was burning out, and that his father did a wise thing in taking the youngster away from the thumping lane and putting him back to school for a six months' period. Now he is out of school and fighting like a slave.

The Striblings are cruising the highroads in a caravan consisting of a big automobile fitted out with living quarters for the entire family. It is a familiar sight all over the country, and the older Stribling is taking on matches wherever a promoter can be found who is willing to match the youngster with a local pride. Strib has been knocking all such bow-legged out west. His knockout string is growing by leaps and bounds. Eddie Huffman, the young navy light-heavy, who met Stribling recently out west, says that he wishes the fight had been set for more than ten rounds, as the Georgian was tiring rapidly in the latter frames of their bout. If Huffman is not talking through his hat it looks as though the time will soon come when Strib must be turned out to pasture.

CAMBRIDGE WINS 2-1.

London, Nov. 12.—Cambridge University defeated Tottenham today 2 to 1, while in a rugby game Oxford University downed Leicester 27 to 3.

FINDS ENDEARING NOTES ASKS CUSTODY OF CHILD

Toronto Man Petitions For Breaking of Agreement Made With Wife.

Canadian Press Despatch.
Toronto, Nov. 12.—Wilfrid N. Bickle, before Mr. Justice Logie in the non-jury assizes court today, asked that he, and not his wife, be granted the custody of his 3-year-old daughter, Fern. Under an agreement his wife had assumed custody of the baby girl a few days ago.

Mr. Bickle stated that he and his wife had first separated after the latter had visited her mother and sister in New York. On her return "her attitude had changed," he declared. They had lived together for three years after the marriage in 1920. Mr. Bickle said, when the separation after Mrs. Bickle's visit to New York in 1922.

While they were living apart, last year, Mr. Bickle stated that he had visited the apartment where his wife was living with the girl Fern, and in searching for a check, which belonged to him, he had found "three

endearing notes" addressed to Mrs. Bickle in "a man's handwriting." After this he had taken charge of Fern. He also had custody of the 4-year-old daughter. Subsequently they had rejoined each other, but later, Bickle said, "it became clear to me that she had no use for me," and Mrs. Bickle took custody of Fern on November 5, last, by agreement.

ITALY PAYS BILLIONS IN DEBT TO AMERICA

Italian Commission Accepts Plans As Very Generous Treatment of Problem.

Washington, Nov. 12.—Funding of Italy's war debt to the United States has been accomplished.

The accord was reached today on terms which the United States debt commission held to be the maximum burden that should be imposed on the Italian people. It was accepted by the Italian debt commission as "very generous" treatment of the funding problem.

Italy was given 62 years, the same as the other nations which have completed similar negotiations, in which to pay off an obligation calculated at \$2,042,000,000. Interest charges, beginning at the end of five years, were fixed to graduate from one eighth of one per cent, to a maximum of two per cent, in the last seven years.

The annual payments were also arranged to increase gradually in accordance with what the United States commission regarded as Italy's maximum capacity to pay. They start at \$2,000,000 a year and advance to \$80,000,000.

Lake Huron Boat Picks Up Pontoon

Salvage Believed To Be From Two Steel Scows Recently Lost.

Special to The Advertiser.
Goderich, Nov. 12.—The tug Forest, en route from Parry Sound to Goderich, picked up a steel pontoon, 50 by 5 feet, floating in the lake off Southampton. This is the first salvage from the two steel scows which broke away from the Great Lakes tug Williams off Harbor Beach some ten days ago. The pontoon had been lashed to one of the scows. It is believed possible that the scows may still be afloat northwest of Point Clark. The salvaged pontoon was turned over to the customs collector at Southampton.
