THE CHEST.
Sir Astley Cooper, Bart., M.D.
THE EMINENT MEDICAL PRACTITIONER, HAS LEFT A VALUABLE LEGACY TO THE WORLD IN HIS Great Preventative of Consumption, AND UNFAILING CURE FOR PULMONARY DISEASES WITHOUT THE USE OF MEDICINE.
Sir A. C. Bart., invented and advised the use of the MEDICATED FUR CHEST

PROTECTOR.
To all persons of all ages and conditions, as a certain and safe shield against those fearful diseases, Consumption, Bronchitis, Asthma, Coughs, Colds, and other affections of the Lungs, which arise from the exposed state of the chest, according to fashion, and the continual changes of our climate.
"The Protector" is simply a chemically prepared fur, lined with silk and padded, which, suspended from the neck, covers the chest, in so agreeable a manner, that, once worn, it becomes a necessity and a comfort.
"The Protector," although but recently introduced into America, is making rapid progress through the United States, the Canadas, South America, and the West Indies. It has for a long time been a staple article in England and on the Continent of Europe, while it has grown in many countries to the position of an article of dress.

To demonstrate these facts, enquire of any English resident in your vicinity of his knowledge of the beneficial effects of wearing the Protector, without recourse to doctoring of any kind. The cost of wearing these articles is a mere trifle, and one will last some years. No one who values the health of himself or his family will be without them. The Hospitals in this country are not alone recommending them, but rapidly introducing them. Harcourt, Bradley & Co., of London, and Manchester, England, were originally entrusted with the manufacture of the Protectors, by the eminent Dr. Cooper, and continue to manufacture according to his original instructions, and therefore recommend those who would wear "The Protectors" to see to their being genuine.

REMEMBER THIS IS A STAPLE ARTICLE, and no Patent Medicine.

BY ROYAL LETTERS PATENT.

THE HYDROMAGEN,
OR
WATERPROOF, ANTI-CONSUMPTIVE, GORK SOLES,

Manufactured by
HARCOURT, BRADLEY & CO.,
44 MARKET ST. MANCHESTER,
Principal Warehouse, 102 Wood Street, Cheapside, London, England.
American Establishments, 38 Ann Street and 102 Nassau Street, New York, United States.

The Hydromagen is a valuable discovery for protecting the feet from damp or cold, and therefore a preventative of many Lung diseases, with out any doctoring whatever. The Hydromagen is in the form of a sole, and worn inside the foot or shoe. Its medicated character is a powerful antidote to disease.
For Gentlemen it will be found agreeable, warm, and healthy, to wear in the coldest or rainiest weather, as the foot cannot become wet if the Hydromagen is inserted. Ladies may wear the lightest soled boots or shoes in the most inclement weather with impunity, while Consumption, so prevalent among the young of our country, may be thwarted by their general adoption. They entirely supersede over-shoes, as the latter cause the foot to perspire in a very unhealthy manner; and, besides, are not dangerous wear to pedestrians in icy weather, like India rubbers. While the latter cause the foot to appear extremely large, the Hydromagen, being a mere thin slice of cork prepared, peculiarly placed inside, does not increase the size of the foot, or cause the foot to appear untidy. To Children they are extremely valuable, as they may engage in exercise with comfort and healthy effects. Their expense is so slight as to scarce need mention; besides, those who patronize them will find their yearly doctor's bill much diminished thereby.

As the Hydromagen is becoming more known, its sale is increasing to an almost incredible extent. Last year in London, Manchester, Birmingham, Liverpool, Glasgow, Leeds, Dublin, Paris, Antwerp, Hamburg and Berlin, our sales reached 1,732,450 pairs of Cork Soles. This year the number will far surpass that.
Ask the Factors their opinion of their value as a preventative for Coughs, Colds, BRONCHITIS, ASTHMA, and CONSUMPTION.
Men's Size, pr. pair, 35 Cents.
Ladies' do, do, 20 do.
Boys' & Misses' do, 25 do.
Notice.—From the Retail Prices we make a very liberal allowance to Jobbers and Wholesalers, so that any storekeeper may make a fine profit on their sale, while they are an assurance that may be kept in any store, among any class of goods.
For terms, apply to HARCOURT, BRADLEY & CO., 38 Ann Street, New-York.

AYER'S PILLS,
FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is so irritating to the bowels, that it produces more harm than good, and with what success we would respectfully submit to the public decision.
