EXHIBITION 1884

As noticed in our last it was decided at the meeting on the 5th inst. at the Court House to hold the Agricultural and Industrial Exhibition of 1884, for District No. 2 comprising the Counties of Annapolis and Kings in October next, at the town of Annapolis. The Annapolis Agricultural Society have guaranteed a prize list of thirteen hundred dollars which has been approved by the Central Board of Agriculture.

The delegates from Kings, on behalf of that County, assured the hearty cooperation of their fruit growers and agriculturists generally with those of Annapolis, to make the Exhibition a grand success. It was the opinion of all present that every effort should be made to increase the prize list to \$2,500 if possible.

There is no doubt as to the ultimate success of the Exhibition, and we trust all will lend a helping hand to make it so in every sense of the word. The Exhibition Building at Annapolis, together with the spacious grounds attached, are admirably adapted for the purpose, the rink company having recently placed the grounds in excellent order, at considerable expense, by draining, &c.

In a short time we will publish a list of the special officers and committees, and each week give items of interest referring to Exhibition matters.

Church Meeting.—The annual Easter meeting of Church-wardens, vestry and parishioners was held in St. James' Church, Bridgetown, on the 14th inst., to transact the ordinary business connected with the temporal affairs of the congregation, and to elect representatives to attend the Diocesan Synod in July next. The Church-wardens presented their report for the last year, which was read to the meeting and passed unanimously, the finances of the Church being found in a more than usually flourishing condition. The Rector then read the annual statement of the offertory collections, when it was found that the introduction of the envelope system had led to a material increase in the subscription to the Rector's salary. Mr. Alfred Hoyt and Mr. R. Shipley were elected Church-wardens for the ensuing year, and Mr. Busbin and Mr. Abraham Best were re-elected Chapel-Wardens for Belle Isle. A Building Committee, consisting of Mr. W. J. Young, J. B. Coney, C. E. Best, and Mr. R. Shipley, were appointed to superintend the building of the new church, to be the gift of Mr. Albert Morse of Toronto and Mr. A. C. Johnson of London, which were then submitted to the meeting, and were unanimously adopted. The meeting adjourned to the next session of the Diocesan Synod to be held in the month of August.

War Notes.—"The War Notes" is the title of a new journal which has just entered the field. It is published in the interests of the Scotch and English people, and is edited by the Rev. Mr. James M. Hill, a well-known minister of the Gospel in the Scotch Highlands. The paper is published in Montreal, and is edited by Dr. Morgan Dix, rector of Trinity Church, N. Y. It does not overstate its value, when we say that it is probably the most important paper published up to the present day. See the advertisement of the publisher, Funk & Wagnalls, 10 & 12 Dry Street, New York. They are issuing very important books at very low prices.

We understand that a young gentleman has rented the field between the school house and the railway station, for the use of the young men of the town for athletic sports, and a cricket club is talked of. This is a move in the right direction. The national game has in every town a number of its votaries, and why our young men should not have good healthy amusement by the manufacture of a proper place to expand his muscles, but by the effort of the y. g. above mentioned, this want has been supplied.

A meeting will be held in Shipley's Hall on Thursday evening to organize the Cricket Club, a large attendance should be on hand.

I would call the attention of the public, to my stock of Hardware that I have received, to which I am constantly adding, and which I intend to sell at prices that will ensure a speedy sale. R. Shipley. The St. Croix Cotton Mill is now running on full time, but only one half its full capacity.

The bill recently passed by the British Columbia Legislature prohibiting Chinese immigration has been disavowed by His Excellency the Governor-General.

The DYNAMITERS CONVICTED.—The case of the Queen against James Holmes and William Bracken, both of whom were dynamiters, was tried yesterday before Judge Thompson in the Supreme Court. Messrs. J. A. Morrison and Mr. Pearson of the Attorney-General prosecuted. Mr. Geo. Partridge elected foreman of the jury. All the paraphernalia in connection with the trial, dynamite clocks, cartridges, &c., were spread out for the inspection of the jury. Mr. Partridge pointed to a slight that caused some feeling of uneasiness among the jurymen who were huddled. The judge charged in favor of the State, and after a deliberation of some minutes' deliberation, returned a verdict about 7:20 p. m., of "guilty." The effect will probably be for a long time in the penitentiary.—The Chronicle.

How would it do? This led to a remedy. It seems as if the whole responsibility should rest on Vennor and Wiggin, for we had some before they appeared upon the scene. How would it do to string them up? would it make things better? Another bit of porphyry you'll not hang on to come as water indicators. Better string them out root and branch. Putnam's Painless Corn Extractor will cure them, no matter how bad, and with certainty. Don't be taken in by cheap substitutes. Get Putnam's.

THE ST. STEPHEN LOTTERY.—The people of St. Stephen have just voted to give to the municipality of the town by the existence of a granite quarry, and the company, who have taken the first steps towards its extinction. As the mass meeting held in Chipman's Hall on Thursday evening, over which Mayor Todd presided, stirring addresses were made by prominent citizens, and strong resolutions were passed, calling on the authorities for assistance in the good work. The moral sentiment of the Dominion will sustain the Mayor and his associates in this patriotic and laudable and lawful and laudable work, and in stamping out this ancient thorn. Let us no longer be lulled by the words of the Mayor and his associates, engaged in a work which is not only illegal in every decent country in the world.—St. John News.

NOTICE EXTRAORDINARY.—For the next thirty days there will be music in the air, and J. E. Sancton is determined to help make it, so govern yourself accordingly. Everything in his line is marked down 20 per cent. so as to meet the hard times. Now is your time to buy, if you can.

GENTLEMEN.—Your Hop Bitters have been of great value to me. I was laid up with typhoid fever for over two months and could get no relief until I tried your Hop Bitters. To those suffering with debility of any one in feeble health, I cordially recommend them. J. C. Brozman, 683 Fulton, St., Chicago Ill.

Beavers Gone.—The bridge near the station belonging to James V. Igo, in the main road, went out on the 1st Sunday morning with a heavy frost. Although it was not known, it must have been in a very unsafe condition for some time past. Teams have to pass through the brook at much inconvenience. Rebuilding should commence at once.

Christal Wedding.—The Rev. J. C. Clark and lady celebrated their crystal wedding last Monday evening. The parsonage was literally packed with friends who came to offer their congratulations and to witness the abundance of provisions for the evening feast. Donations were presented in money to the amount of thirty one dollars and seventy-five cents. Glassware and other serviceable articles were also presented, amounting in value to nearly twenty-five dollars more. The best taste and judgment were displayed in the selection of the presents. From first to last the evening's entertainment was thoroughly enjoyable.
