

THE WILKINSON PLOUGH CO., LIMITED

TORONTO

We make the largest line of Ploughs, and each Plough has a variety of imitations all over the country.

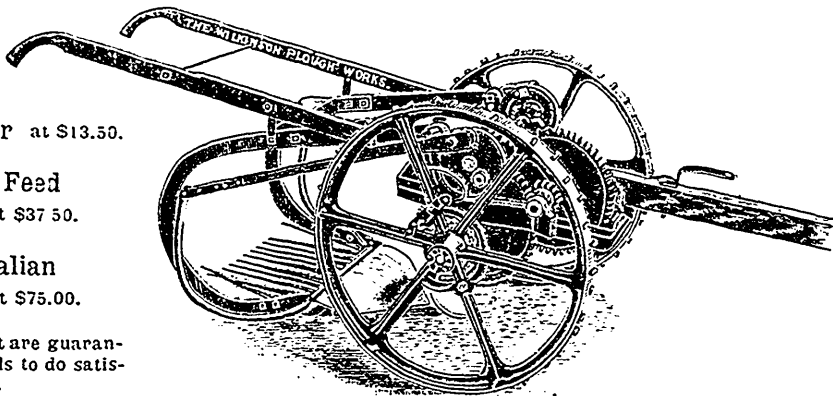

Our name and address in full on all handles, heads, points, and soles.

Our
Ploughs
are the
Best.

You should buy them at very nearly the same prices as other makes, and you get double the value because they last twice as long.

All our mouldboards of the best Pittsburgh Crucible Soft Centre Steel. All Mouldboards tempered to the glass, polished smooth as glass, and full weight; making our Ploughs easiest to use and best to buy, because they draw lightest, run straightest and hold tightest in wet and dry weather.

Potato Diggers

The Shaker at \$13.50.

The Force Feed
Shaker at \$37.50.

The Australian
Digger at \$75.00.

The two last are guaranteed in all soils to do satisfactory work.
