Closing Sale of Prize Stock.

I now offer for sale my entire stock of

LIGHT BRAHMAS

and Black-Breasted Red Game Bantams.

Among my B. B. R Game Bantams are the 1st prize cockerel of 1879, Guelph show; 1st, 2nd and 3rd prize cockerels and 3rd prize pullet of 1880, Guelph show, besides many other beautiful and valuable birds—about fifty. My chicks of this variety surpass those bred by me in any previous year.

My Light Brahmas comprize 18 first-class breeding hens and 3 cocks. (all yearlings,) some pure Autocrat, and some pure Duke of York strain; 12 pullets and 5 cockerels, from the above breeders. These young birds are all A No. 1, the culls and inferior birds having been disposed of. My prize birds are all included.

I will sell these birds singly, in pairs, trios or in one lot as purchasers may require, at a rate so reduced that it will surprise the buyer. Write for what you want.
