## IMPORTANT TO PRINTERS.

## PRINTERS' INKING ROLLERS!

ANGLO-AMERICAN COMPOSITION, 45 cts. per lb.

## NO BETTER IN THE MARKET!

SHRINKS LESS THAN ANY OTHER. WARRANTED TO RE-CAST. CAN BE KEPT IN STOCK LIKE PAPER.

NEVER GETS SO OLD THAT IT CANNOT BE RE-CAST.

ROLLERS NEVER "SKIN OVER."

This Composition is so far ahead of any other kind that many leading offices have adopted it altogether, after having tried all kinds. It is the cheapest material for rollers that can be manufactured. The special advantages claimed for it, which claims are borne out by its use, are that it shrinks less and is far more durable than any other, retains its suction and elasticity always and never "skins over." Can be re-cast when the roller gets old, thus replacing it with a new one as good as the original.
