THEN AND NOW

Thorley's Improved Horse & Cattle Food

Was first introduced into this country some four years ago. At that time merchants would scarcely give it a room. Officers of agricultural societies would only admit it grudgingly within their grounds, while farmers feared to feed it even as a gift. Now, some merchants order by the TON. Officers of agricultural societies solicit our favors while the most distinguished breeders and feeders in the Dominion use it freely in fitting their animals in competition for the highest prizes, a necessary result, we believe, of doing an honest business with an honest preparation.

For sale by dealers everywhere. Manufactory 48 John St. South, Hamilton, Ont.

All those interested in bees send for my 24 page circular and pamphlet on wintering bees (free).

My Hives are the Cheapest and Best in use.

My New and Latest Improved Hives will soon be ready for the market. It contains the usual size and number of Jones frames. In my manufacture ten different kinds and sizes of Smokers, and they are the most handsome, cheapest and best in use.

My New Honey Knife puts all others to shame, and is the finest and best that is in use.

My Latest Improved Honey Extractor has valuable improvements that no others have. It is the cheapest, strongest lightest running, and best and most durable in America.

My Comb Foundation is made on an improved Dunham machine and from clarified wax, and is better manufactured than any other. I will make up wax into comb foundation cheaper and better than others.

My New Silk Bee Vests are made larger than any previous ones, the material having been ordered direct from the manufacturer, specially designed for bee veils. They have no equal.

I am the only one in America who manufactures Perforated Metal for raising comb honey, preventing swarming, controlling fertilization, etc.

My Latest Improved Wax Extractor shuts all others out. I challenge any others in America.

Honey Tins and Pails. My honey cans are cheaper and superior to any others in the Dominion, as I am the only one who has machinery and dies to manufacture these new and improved self-sealing cans and pails. They can also be used for sealing fruit.

In a short time my new Honey Labels will be ready. They will be lithographed on nice different stones, blending all the colors, making a handsome varnished chromo label, finer than anything yet made, so that each person can have his own name on them. The price will be wonderfully low.

Bees Wax. Those having wax for sale, please drop me a card. I can pay you a high price. Wax taken in exchange for goods.

D. A. Jones, Beeton, Ont

GENUINE

Rose-Comb White Leghorn

C. F. BARBER, - Breeder.

This variety of Leghorn is rapidly taking the place of the old style White Leghorn, on account of advantage gained in having the Rose-Comb. They are pure white, graceful and handsome, non-setters and probably the best layers; eggs large and fine. They are hardy and healthy, mature early, and begin laying in early fall. In fine they possess all good points connected with the (White) Leghorn blood.

A few Cockerels for sale this fall. Eggs for sale in spring. Address for terms, etc.,

CHAS. F. BARBER, Ithaca, N. Y.
