

Books of Practical Value

EACH volume a veritable gold mine of up-to-date information for the architect, contractor, carpenter, mechanic and apprentice. The books are thoroughly reliable for daily consultation as books of reference, covering as they do thousands of "self-help" points on the subjects of which they treat. The most valuable series of books for self-instruction published in the world. All of the volumes are durably bound and will be sent postpaid upon receipt of price.
