Webster's International Dictionary

Grand For Ready Reference
In Office, School, or Home.

A College President writes: "For ease with which the eye finds the word sought, for accuracy of definition, for effective methods in indicating pronunciation, for terse yet comprehensive statements of facts, and for practical use as a working dictionary, 'Webster's International' excels any other single volume."

The diacritical marks for indicating the sounds of letters are so plain and intelligible as to be easily understood by old and young. Nearly all schoolbooks use them.

"It is The One Great Standard Authority

the perfection of dictionaries," so writes Justice Brewer of the United States Supreme Court, who voices the general sentiment.

Send for free pamphlet containing specimen pages, illustrations, etc.
