Wheat Touched Highest Point of Year at Chicago Yesterday.

nicago, Feb. 17.-Wheat for May very touched today the highest ce of the year. Active demand from ope was responsible. Closing figwere steady at virtually the top el of the day, an advance of 5-8 to 7-8c net. Other grain, too, showed an upturn-corn 5-8 to 3-4c and oats %to 5-8c. In provisions, the outme was 21/2 to 5c decline.

Trading in wheat broadened out much more than has recently been the case and especially gained in volume after the fact became apparent that export call had been heard at Philadelphi, St. Louis and Kansas City as well as here. Besides mili inquiry improved to an extent that could hardly be ignored, and there was a decided falling off in the stock at Minneapolis, notwithstanding that Neuraska wheat was being drained north instead of

to Kansas City or Chicago.

Kansas reports of crop damage had
a bullish effect on the wheat market

just before the close.

Bulge in Corn.

Corn bulged on account of the wheat strength and in consequence of less favorable Argentina crop reports culcerning late sown fields. There were signs also that feeding had become re general in the United States and thaws might be expected which uld put many country roads out et

In the oats trade smallness of country offerings had a bullish induence. over shipping sales from here were enlarged, and according to one authority reached the best total in a

ern longs threw provisions overboard, ribs in particular. The semionthly showing of stocks in ware-

Grain Statistics

PRIMARY MOVEMENTS.

Farm reserves of wheat on Feb. 1 are estimated by The Daily Trade Bulletin at 275,000,000 bushels, or 50,000,000 bushels more than last year; but supplies in second hands on Feb. 1 were 13,000,000 bushels less than last year. Amount available for export and carry-over, July 1, 1914, is estimated at 142,000,000 bushels, against 112,000,000 bushels last year, both estimates being figured on the same basis. Exports from Feb. 1 to July 1 last year were 44,000,000 bushels. Were the exports this year to be the same at last to July 1, there would be a carry-over of 98,000,000 bushels, or only 8,000,000 bushels more than last year.

EAST BUFFALO CATTLE.
