

RUGBY TRINITY 16 WYCLIFFE 10

TRINITY IS READY FOR SEMI-FINALS

Defeats Wycliffe in Mulock Cup Game at the Stadium in Handy Fashion.

Trinity defeated Wycliffe in a very exciting Mulock Cup game yesterday by 16 to 10. At half-time Wycliffe led by 10 to 1, but evidently the half-time talk which Trinity received had the desired effect. Trinity went right at it from the blow of the whistle. Williams dropped a beautiful goal from Wycliffe's 25-yard line. A few minutes later Williams kicked to the deadline. Then followed a rouge. Wycliffe lost the ball by interference on their 40-yard line, and Wycliffe made a fine zig-zag run for 25 yards. Bevan then bucked for a touch. In the last quarter Trinity bucked nearly the whole length of the field for a touch. Trinity now qualifies for the semi-finals. Trinity line-up: Flying wing, C. Marshall; halves, Williams (capt.), Nicholson; three-quarters, Brownson; left wing, Boyd; Kingdon, Wilkins; scrum-half, Spragg; Armstrong, De Foe; right wing, Baker, Bevan, Wallace.

Hamilton Spectator: "I have played my last football," said big blonde Bob Lobbier as he accepted the congratulations of the Trinity players. "I wanted to whip Ottawa right here, before I hung up my suit. That ambition is satisfied."

The Hamilton Rowing Club took a ship title Saturday afternoon when they handed the St. Patrick's of Ottawa a 28 to 3 defeat. At the cricket field, the Rowing Club took the best and won easily, although the visitors contested every inch of the ground and did not give up at any stage in the proceedings. Saturday's victory made the third straight for the Oarsmen and as they have but one more game to play, they are confident that they will play away from home. The ultimate outcome of the race for the Ontario Union honors.

Hamilton Herald: The Tigers are at a loss to know how to work their plays now that the officials appear so willing and anxious to penalize them. The other Big Four clubs would have an interference that is really illegal, yet the referees get most in the games with the Argos and Ottawa. They have suffered heavily, and Coach Marriott will attempt to change his tactics.

Hamilton Times: The Big Four at the present time is a three-cornered tie, in looking over the remaining games the Tigers seem to have an easy row to hoe. They play Montreal at Montreal. This will be the only game that will worry the Jungles. The Argos also play the same team, but they have to play at Ottawa. The Argos and the Capital bunch are still even, and the Capital bunch are at the hands of the Argos last year when they had a chance for the championship.

Ottawa Citizen: Saturday's results in the Interprovincial Amateur Football Union, practically eliminated both east-having been beaten on their own grounds. It looks a very one-sided affair. Ottawa is out of the race altogether, and it looks as if the Tigers and Argonauts would tie could make a three-cornered tie possible. By beating the Argonauts at Toronto, and it is possible that the Ottawa will hand the championship to Hamilton by vanquishing the Argonauts here. It looks, however, as if the Tigers had the finest chance as they generally have the finest players and the Argonauts have a few. Several found a lot of trouble in vanquishing the Ottawa here.

In Kingston someone has an idea that a triple tie may occur in the college league. Here it is: Queen's loss on Saturday, the Athletic Grounds at the hands of the McGill squad puts them back another notch in the race for the honor of the Intercollegiate Rugby championship. No damage which has been done to them by the loss of Saturday's game. If they win Saturday and beat McGill in Toronto, and they may, it will make a three-cornered tie, and they may possibly win out in the long run. The odds are decidedly against them as the league stands now.

Ottawa Free Press: The Hamilton hoodoo in Ottawa has been unharmed. The Tigers left the newspaper boosters at home.

Statistics on the Ottawa city football championship show both teams closely matched, viz:

Team	Won	Lost	Points
Ottawa	0	3	.000
St. Patrick's	0	2	.000

The championships of the High School Rugby League will be decided Friday at Varsity Stadium, when the Technical School teams will play Harbor for the Junior title at 2.30, and the Parkdale team for the senior honors at 4 o'clock.

According to a Kingston despatch, Quigley will likely be well enough to take his old place at quarter in the game with Varsity here on Saturday. He is feeling much better, and expects to get into the game. With him at quarter and McQuay back on the line, the Queens team will be much stronger. The team is putting in some hard practice, and a record crowd is looked for, as this will be the final game of Rugby to be played there this season. The Queens soccer team is hard at work for the game with Varsity on Saturday.

THE HOCKEY SALES AND PORTERS ARE THE BEST

PORTLAND ADMITTED TO COAST LEAGUE

Hockey Schedule is Announced—Adopt Eastern Rules—Trades Pending.

VANCOUVER, B.C., Oct. 27.—The official opening of the Pacific Coast Hockey Association season will take place on Tuesday, Dec. 8, at Portland, when the Vancouver team plays the Rose City septet, and three days later the lid will be pried off in this city, when the Victoria champions line up against the Terminals.

The fourth annual meeting of the association was held recently. Portland's application for a berth in the league was accepted, officers were elected, changes made in the rules and the season's schedule drafted.

Only one deal was announced, Hugh Lehman coming to Vancouver, although several are pending. One will probably include the transfer of Kenny Mallen to Vancouver in exchange for either Frank Neighbour or Fred Harris, while Victoria is still angling for Ran McDonald of the Portland team, and this may go thru before the end of the month. No definite announcement was made concerning the deal for Percy Lesueur, the Ottawa goalkeeper, who is mentioned as the first manager of the Portland club.

Frank Patrick of Vancouver was re-elected president of the Coast League; Arthur J. Small was re-elected secretary-treasurer, while the directors are Messrs. Lester Patrick, Victoria; E. V. Savage and George Keller, Portland.

Two changes were made in the playing rules of the league. One prohibits the body checking of an opponent within ten feet of the boards, and the other stipulates no offside will be called from the goalkeeper from the first section from his own two goals at Bonedale and a side, and the new rule eliminating offside in centre ice, which worked so well last season, will again be in operation.

An important feature of the meeting was the announcement that the P.C.H.A. would continue to work in harmony with the National Hockey Association. "The agreement entered into a year ago has united the east and west in professional hockey affairs, and we will continue to co-operate with the eastern body," announced one director after the meeting.

The schedule for 1914-15:
Dec. 8—Vancouver at Portland.
Dec. 11—Victoria at Vancouver.
Dec. 12—Portland at Victoria.
Dec. 15—Portland at Vancouver.
Dec. 16—Victoria at Portland.
Jan. 2—Vancouver at Victoria.
Jan. 5—The Argos at Portland.
Jan. 8—Victoria at Vancouver.
Jan. 12—Portland at Vancouver.
Jan. 15—Portland at Victoria.
Jan. 19—Victoria at Portland.
Jan. 22—Vancouver at Victoria.
Jan. 25—Victoria at Portland.
Feb. 2—Portland at Victoria.
Feb. 5—Portland at Vancouver.
Feb. 12—Vancouver at Victoria.
Feb. 15—Vancouver at Portland.
Feb. 19—Victoria at Vancouver.
Feb. 21—Portland at Victoria.
Feb. 26—Portland at Vancouver.
Feb. 27—Portland at Vancouver.
Mar. 2—Vancouver at Victoria.
Mar. 5—Victoria at Portland.
Mar. 6—Victoria at Portland.
Mar. 9—Vancouver at Portland.

Jack Marshall announces that Minnie McGill has joined the ranks of the pros. Several Allan Davidson has gone to war and Jack Walker wants more money. The H.A. players will try out with the champion Toronto.

Al Adamson, who captained the Winnipeg Hockey Club that captured the Allan Cup two years ago, will be back in harness this year for the Pegg.

A definite statement will be made within a week as to whether the new professional league which the Nationals are endeavoring to organize will be in a position to start the season. This statement was made by A. L. Cronin, president of the Nationals and a prime mover in the plan for a new league.

Despite the announcement by the National Association that Manager Fellew would not enter the new league, the Nationals are not by any means ready to throw up the sponge. Mr. Cronin admitted, however, that there was no material agreement with Mr. Fellew.

"We have only his letters to show that he promised to enter our league," said Mr. Cronin. "If he wasn't going to enter I think he would have notified us, and we have had no notification to this effect."

The announcement that New York would not enter the new league came from T. Emmett Quinn, secretary of the National Hockey Association, who announced the receipt of a letter from Manager Fellew of the Nationals.

It is expected that ice will be made at the Arena inside of two weeks.

It is very likely that a meeting of the N.H.A. will be called this week to consider the situation and transact preliminary business. It is expected that with the prospects for a new league growing steadily more remote, the contracts from players who have been holding back will now start to come in.

President Lichtenhein of the Wanderers announced incidentally that he had promulgated the contract of Frank McCarthy, the Ottawa forward, who is also claimed by the Canadiens. He expects also to sign up another player, a French Canadian.

Manager Cullen of the Riverdale Roller Rink announces that the east end structure will take up the ice game this winter and that the big rink will be available for hockey. The ice surface will be large and the accommodation for the public over the 4000 mark.

An Ottawa despatch says: "If the Nationals want a hockey franchise so badly we will sell them ours," said one of the Ottawa Hockey Club directors this afternoon. In regard to newspaper report that National A. of Montreal, failing to locate a club at Boston for their new proposed pro league, would try to organize a club at Ottawa. "We are not making so much that the franchise is not for sale."

The Ottawa director claims that any new league is mere nonsense. "The Nationals are sending out their nominal 11 contracts to the players this week," the director continued. "They will cut the salaries, but not to the same extent as the Wanderers. About \$750 will be the figure this winter. Every player last year will receive a contract. By the Patriots were to get Lesueur, he will be definitely settled in a few days. Lesueur may get the management of the Portland Club."

Soccer Player is Injured By Kick

J. Oliver of the Victoria College soccer team was injured yesterday when he was accidentally kicked in the abdomen in a Varsity Soccer League game, which Victoria won, 4 to 0. Oliver was removed to the General Hospital, where his condition was reported favorable last evening.

McMaster and Vets played a draw, each team scoring one goal.

Basketball League Starts at Moss Park

The basketball season opened at Moss Park recreation centre last evening, when games were played by the various teams in the several divisions. What speaks well for the success of the league is the way the boys turn out in support of their favorite team.

Promptly at 7.15 the first game was called, between the Woodrow and Woodrow aggregation, and the way these 60-pounders went after the sphere for the next thirty minutes was enough to make the spectators dizzy. Hard games were played of the fast and furious order, but a little more practice and experience will show some class basketball before the league ends.

First game—Juvenile: Woodrow 11, Woodrow 10.
Second game—Juvenile: Waller 7, Harrington 8.
Third game—Intermediate: Hogarth 8, McCurry 17.
Fourth game—Senior: Jordan 7, Finley 30.

A STUDY IN OVERCOATS.

This is the age of specialization. Not so very long ago it was possible for some one man possessed of enough ability and audacity to carry in his small head substantially all the knowledge of his time. But with the advent of modern science branches, each of which demanded a life-time devotion, the encyclopedic mind the end for today we see specialization in each separate field covered by any department of scientific investigation.

As with science so with trade and industry. The manufacturer, the worker, the salesman, each of which demanded a life-time devotion, the encyclopedic mind the end for today we see specialization in each separate field covered by any department of scientific investigation.

It is significant that of the eight deaths, four occurred in high school games, two in independent team contests, one in a college inter-class match, and one in a college practice. But one of the players killed was a member of a carefully drilled school or college squad. The other seven were members of amateur teams.
