

The Inhalation Treatment for Whooping Cough, Spasmodic Croup, Colds, Catarrh, Asthma, Bronchitis, Coughs.

"Used while you sleep"

Simple, safe and effective, avoiding internal drugs. Vaporized Cresolene relieves the paroxysms of Whooping Cough and spasmodic Croup at once; it nips the common cold before it has a chance of developing into something worse, and experience shows that a neglected cold is a dangerous cold.

Mrs. Ballington Booth says: "No family, where there are young children, should be without this lamp."

The air carrying the antiseptic vapor, inhaled with every breath, makes breathing easy and relieves the congestion, assuring restful nights.

It is called a boon by Asthma sufferers.

For the bronchial complications of Scarlet Fever and Measles, and as an aid in the treatment of Diphtheria, Cresolene is valuable on account of its powerful germicidal qualities.

It is a protection to those exposed.

Cresolene's best recommendation is its 38 years of successful use. Sold by Druggist. Send for descriptive booklet

Try Cresolene Antiseptic Throat Tablets for the irritated throat composed of slippery elm bark, licorice, sugar and Cresolene. They can't harm you. Of your druggist or from us. 10c. in stamps.
