

onions, 10c; dried onions, 4c per lb.; asparagus, 6c per dozen bunches; rhubarb, 5c per lb.; tomatoes, \$1.25 per crate; green peas, 4c per lb.; imported beans, 10c per lb.; cucumbers, 7c per dozen; cauliflower, 10 to 16c dozen; mushrooms, 15c per dozen bunches.

POULTRY—The market is quiet. Hens and chickens bring 20 to 25c per lb., and turkeys are worth 10c per lb. Hens, 10c per lb.

BUTTER—Creamery—Receipts are fairly large and prices hold steady at 17c to 17 1/2c per pound for choice creamery, f.a.b. factory.

BUTTER—Dairy—Receipts are relatively large and there is a good demand for choice grades. A number of country shippers are sending in butter, which is badly packed and this reduces the average price considerably. Many of these packages are very dirty and not at all presentable. Some are using lard pails, which make the butter unfit for table use. Prices range from 10 to 15c per pound, commission house here.

CHEESE—The market is steady and purchases are being made at 8 1/2c per pound, delivered here.

EGGS—A stiff demand for eggs has put the market up again, and prices are 5c higher than a week ago. At this season for choice case eggs delivered here.

DERESSED MEATS—The market for beef is easier, and 7 1/2c is now the low price with a range of from 7 to 7 1/2c. Veal is worth 8 to 10c per pound. Mutton is lower at 8 1/2c. Drown of the morning lambs are selling at 12 1/2c per pound. Hogs, 7 1/2c to 8c.

HIDES—There is a very little demand in the hide market here. Receipts are being in the way of butchers' cattle, but as grass cattle are now coming in more freely, we expect to see improvement in the market. No. 1 city hides, 6 1/2c; No. 2's, 5 1/2c; No. 3's, 4 1/2c. Kips and calf the same prices as hides; doekins, 25 to 40c; skins, 10 to 15c; horse hides, 5c to \$1.00.

WOOL—The Manitoba wool clip has been light as usual, and is mostly all in now. Prices have ranged from 40c to 50c per pound, and are still holding at these figures. Buyers are now out for the Territorial clip, which is expected to be larger than usual. What prices this wool will realize it is hard to tell at present.

TALLOW—Local buyers are paying 5 to 6c per pound for tallow delivered here, including the grade.

SENeca ROOT—While the weather is still fine and favorable for root digging, receipts have not increased as yet to the extent that might have been expected. In view of the very high prices prevailing, an advance of about 2c per pound over our quotations of last week is being asked by some dealers here, which would make the top price now 40c per pound. Inferior and badly handled roots is not worth within several cents of that price.

LIVE STOCK.

CATTLE—The export movement of cattle from the western range was opened this week by the shipment of two trainloads, comprising about 600 head of picked animals. Shipping commenced in earnest after the exhibition is over. Butchers are now paying from 4 to 4 1/2c per pound for cattle, delivered here.

SHEEP—Receipts are more liberal. Prices range from 10 to 45c per pound, off cars, here. Lambs are worth 15c to 4c.

HOGS—Live hogs are coming in freely, and the market is easy at 13 1/2c per pound for best packing weights, off cars, here.

MILK COWS—Cows are scarce. Good milkers readily bring \$45 in this market—the range being from \$35 to \$15 each.

HORSES—There is a steady demand for general purpose horses, and as these are scarce, prices are high. Supplies are being brought in from Ontario and Manitoba.

A terrific wind and hail storm visited North Dakota on Tuesday, ruining a good many fields of grain and damaging buildings to a great extent. At Steinkirk, Gibby, Inkster, Conway and other towns, north and west, much damage was done. Wires were down everywhere and all telegraph service crippled. The storm swept in a southerly direction from the international boundary across to the northwestern part of North Dakota.

British Columbia

OFFICE OF THE COMMERCIAL

British Columbia Business Review.

Business is somewhat improved, and money is easier, as is evidenced by the merchants conducting \$7,000 or \$8,000 of business for immediate necessities and a larger amount generally raised for this purpose. The Victoria Tourist Association has been so successful in bringing strangers to the city and the merchants at the capital are so pleased with the result of their contributions for this purpose, that the tourist association of that city is to be a fixture and it is the intention of Vancouver to work in harmony with Victoria in the matter. The markets remain almost unchanged. Prime and bacon are higher and local creamery butter will be advanced 5 cents next week. The delayed trains hardened prices up but caused no advance.

Mr. Cunningham, fruit inspector, reports that the fruit and agricultural prospects are better than at any time since the disastrous frosts of 1891 which submerged the best of the best lands in the Fraser Valley and put the country back for years. There is less damage to fruit and warm crops than 1900 has disappeared. Grain crop in general look well and the area is increasing. The hay is a very rich and of finer texture than usual owing to this thickness. Grass is better than it has been for years, and this is shown by the thrifty healthy condition of stock. Cattle are doing well and there are no mosquitoes and not so many flies as usual and in consequence the yield of dairy produce is improved and there is a good crop of calves. Cattle are higher in price than at anytime since 1893 and dairy is better than it has been for years. Dairying has received a great impetus by the substitution of co-operative dairies for the private dairies. There are now six creameries in Westminister district alone. The town of Chilliwack turns out 1,500 pounds a day.

The creameries, however, cannot supply the demand. On Wednesday of this week the P.O. Bank creamery refused an order for 800 pounds because regular customers had not been supplied.

Demand for hogs is very active and prices are good. The root crop was fair, especially potatoes. As to the fruit crop, apples are better than elsewhere the trees were sprayed with Bordeaux mixture. There have been some very satisfactory crops of cherries. At Maple Ridge 500 pounds of black tartans were gathered from one bush as large as last year but prices were better. Raspberries are a good crop and blackberries an enormous crop. Mr. Cunningham thinks raspberries and blackberries the best all round fruit to grow for the Manitoba and Western markets. The demand is such that it will always be a profitable supply and the fruit carried well.

Prices at Vancouver.

Special to The Commercial. Vancouver, July 19.
Oats are \$1 per ton lower. Fresh meats are cheaper. Cured meats 1/2c less.

FLOUR—National Mills, 65c per ton; Bran, 10c; Middlings, 10c; Shorts, 10c; \$20 per ton f.o.b. Vancouver, including freight.

WHEAT—Manitoba, \$3.00 per ton; Oats, 42c; Barley, 42c; Rye, 42c; Corn, 42c; Potatoes, 42c; Beans, 42c; Peas, 42c; Lentils, 42c; Chickpeas, 42c; Broad beans, 42c; Kidney beans, 42c; Navy beans, 42c; Pigeon peas, 42c; Cowpeas, 42c; Soybeans, 42c; Mung beans, 42c; Adzuki beans, 42c; Black mung beans, 42c; Green mung beans, 42c; White mung beans, 42c; Black lentils, 42c; Green lentils, 42c; White lentils, 42c; Chickpeas, 42c; Broad beans, 42c; Kidney beans, 42c; Navy beans, 42c; Pigeon peas, 42c; Cowpeas, 42c; Soybeans, 42c; Mung beans, 42c; Adzuki beans, 42c; Black mung beans, 42c; Green mung beans, 42c; White mung beans, 42c; Black lentils, 42c; Green lentils, 42c; White lentils, 42c; Chickpeas, 42c; Broad beans, 42c; Kidney beans, 42c; Navy beans, 42c; Pigeon peas, 42c; Cowpeas, 42c; Soybeans, 42c; Mung beans, 42c; Adzuki beans, 42c; Black mung beans, 42c; Green mung beans, 42c; White mung beans, 42c; Black lentils, 42c; Green lentils, 42c; White lentils, 42c; Chickpeas, 42c; Broad beans, 42c; Kidney beans, 42c; Navy beans, 42c; Pigeon peas, 42c; Cowpeas, 42c; Soybeans, 42c; Mung beans, 42c; Adzuki beans, 42c; Black mung beans, 42c; Green mung beans, 42c; White mung beans, 42c; Black lentils, 42c; Green lentils, 42c; White lentils, 42c; Chickpeas, 42c;
