

LIST OF ILLUSTRATIONS

Illustration	Page
1.—T.S. of Bone, showing Trabeculae, Marrow Tissue, Blood-vessels and Fat Spaces <i>facing page</i>	2
2.—Photograph of Three Follicles and Spleen-pulp	2
3.—Fragments of Trabeculae	3
4.—A Single Follicle showing Germ-centre Cells	3
5.—Diagram of Structure of the Lymphoidocyte	8
6.—Diagram Representing Ontogeny and Phylogeny in a Cell Series	16
7.—Mast-cell Lymphoidocyte	16
8.—Leucoblast	22
9.—Rieder Cell	22
10.—Leucosarcoma Cell	22
11.—Spermatogenesis	25
12.—Diagram showing contrast between Lymphoblast and Myeloblast	32
13.—Scheme of Cell Descent	38
14.—Leukemic Proliferation	39
15.—Rate of Proliferation: (a) Normal: (b) Hyperplasia	39
16.—Diagram representing Hyperplasia, Metaplasia and Anaplasia	40
17. 18.—Normal Bone-marrow <i>facing page</i>	44
19.—Bone-marrow showing Erythroblastic Reaction	45
20.—Pigment in Bone-marrow	45
21.—Transverse Section of Primitive Blood-vessel	54
22.—Longitudinal Section of Primitive Blood-vessel	55
23.—Lymphoid Erythroblasts	60
24.—Diagram of the Megaloblast Forms	62
25.—Schilling's Conception of a Red Cell	70
26.—Platelets escaping from Red Blood-corpuscles	86
27.—A Demi-lune Body	88
28.—Blood-supply of Lymph Node <i>facing page</i>	113
29.—Malpighian Follicle in the Spleen	113
30.—A View of the Arterial Supply of the Spleen	120
