District Attorney Charles F. Clyne vigorously opposed the granting of the temporary stay order, and declared that the government would demand an immediate hearing on the appeal.

"The felonies complained of in the affidavit on which the search warrant was issued have been committed continuously since 1905, and are being carried on this very hour, in defiance of law, according to our information and hellef," sad District Attorney Clyne, in objecting to the entering of the stay order. "Delay will seriously embarrass the government in its investigation of these charges."
