BAKERS SEE FOOD BOARD ABOUT SUBSTITUTES

Ottawa, July 11.-The question of rheat flour substitutes was discussed at some length today between repre-sentatives of the baking industry in Canada and W. P. Linn and other reesentatives of the Canada Food Board. Winnipeg. Toronto, Hamilton Montreal and Ottawa and ther cities had representatives. main point at issue was that the bakers could not secure sufficient supply of substitutes. It was also contended that a staisfactory loaf could nat be made with 20 per cent. substitutes for wheat flour. The food board informed of 10 per cent. substitute should prevail or whether 20 per cent. must be

Appeal to Sentiment.

In replying to Mr. Galbraith, Mrs. Mac-Intyre appealed to the sentiment of her hearers, and argued that there was a lack of British fairplay in trying to abolish the teaching of French in the Ontario schools. She referred to the manner in which Great Britain had settled the language question in South Africa by putting both the Dutch and English languages upon fair and entirely equal basis. It was that spirit of fairplay that had made Great Britain the great nation she was today.

To a member of the audience, who asked Mr. Galbraith why, knowing so much about education, he did not run against Dr. Cody, rather than against Mr. Henry, he replied he would much prefer to oppose Dr. Cody, as he could give him some very good pointers.

When another member asked if he had any other plank in his platform but questions that were liable to lead to strife, when all should be united, Mr. Galbraith produced his election manifesto, which he read to the meeting. He stood for the abolition of French and German in the public and separate schools in Ontario, local option in municipal taxation, government ownership of all mines and minerals, a provincial conciliation and wages board, better pensions for the returned soldiers, and in favor of refusing work to an alien who had not been naturalized. He believed aliens should be turned soldiers, and in favor of ictusing work to an alien who had not been naturalized. He believed aliens should be compelled to become British subjects one year after entering Canada.

The meeting was a most orderly one, but was only fairly well attonded. After a vote of thanks to the chairman, P. T. Cooper, and the two speakers, the meeting adjourned after singing the National Anthem

"A war garden; give it a chance," is the sign to be seen on many garden plots in Earlscourt and vicinity as a warning against trespassers, who ap-pear to have used many of these plots for a short-cut home.

Potatoes appear to have been the favorite vegetable grown here, 90 per cent. of the waste land being utilized, and it is expected Earlscourt will have

the finest and largest crop of tubers in ABATTOIR EMPLOYES' PICNIC.

A large number of Earlscourt citizens employed at the Harris abattoir. West Toronto, attended the annual picnic to High Park Thursday. Many iles decorated with red, white and blue bunting were early astir, and Earlscourt boy scouts, under Scout-master Linds, took part in the outing. The day was an ideal one for the picnic, which was reported the most suc cessful yet.

TWENTY-FOUR HOURS

Mrs. George Anderson has received a letter from a medical officer at the front, a friend of her son, Pte. George Anderson, who was wounded this spring saying that George had a pretty hard time before he was rescued. When he was buried by the explosion of a shell, the only part of his body exposed was the shoulder of the side on which his collar-bone was broken. It was 24 hours before a rescuing party got him out, and the exposure had helped make a bad case for the doctors. He is still in the Bancroft Hospital, London.

INVALUABLE SERVICES **NEAR FRONT LINE**

Lieut. John A. Hughes of the 116th Batt., C.E.F., son of D. E. Hughes of Port Credit, whose efforts in the recent Y.M.C.A. campaign have been warmly commended, writes from France in high praise of the work of the "Y." Lieut. Hughes says: "Believe me it's some fine organization here—free tea, cocoa and coffee—even water, often a physical relief. People who thought it rather a sissy organization, etc., in peace days, admit its almost invaluable services to the boys, for there are now "Y" posts within thirty minutes' walk of the front line, in many places where the monotonous routine of trench warfare is carried on, altho it is much different in open fighting. I can tell you where there is a big reading tent. "Y"plano, fine canteen, games, all within 2000 feet of Heinie. It surely helps things in general and to while away the time."
