

Fall Pickings

Now is the time to pick your suit or overcoat. The choicest garments always go first and the man who gets first choice has the same comfortable feeling as the man who has his coal in for the winter and that's some cozy feeling these days, eh? In spite of all obstacles in the way of getting materials, scarcity of labor and increased cost of production, we can honestly say we never had a better showing for you to pick from than we have now. Fur-collared overcoats will have quite a run this season, we have some splendid lines for you to pick from, as well as hosts of others in all the very best models. Our suit range is equal to our overcoats, and just as varied in styles and qualities from the typical young man's accentuated tiffics to the more conservative models for the quiet dressers.

A word of advice:

Perhaps we should have said caution, but either way you like to take it, we want to say that no matter where you shop don't make the mistake of buying so-called cheap bargain garments. Price is not everything, as you will learn to your sorrow, and today the cheapest garments are not the lowest in price. Our customers look to us to protect them and we are too proud of our good name to sacrifice quality for price.

Suits from \$15.00 to \$60.00—buy the higher grades.

Overcoats from \$18.00 to \$75.00—buy the higher grades.

HAMILTON NEWS

SERVICE ON RADIAL MUST BE ADEQUATE

Controllers Expect Little From Conference With the Railway Officials.

Hamilton, Sept. 16.—Tomorrow, at the board of control, a date will be fixed for the conference of representatives of municipalities and officials of the Hamilton Electric Radial Railway Company relative to the curtailed service which the company proposed to institute between Hamilton and Burlington. The controllers will have before them the letter of E. P. Coleman, general superintendent, in which it is stated that the hourly service will be continued until Oct. 1. The board of control will be asked to consider the fact that there is little to be gained from the conference with the company's officials. There is a clause in the local bylaw which stipulates that an adequate service must be given. F. R. Hall, K.C., has told the board of control that if this clause is violated, an appeal can be taken to the railway board. Most of Burlington lines are residents of the hard strip for the summer months only, and the majority of them have returned to the city, so that the service now is not congested.

FARMERS NOMINATE COMMONS CANDIDATE

United Association of North Ontario Place President Halbart in the Field.

Beaverton, Sept. 16.—The United Farmers of North Ontario at their convention here this afternoon, nominated R. H. Halbart of Melancthon Township, Dufferin County as their candidate for the Commons in the election, caused by the death of the late Col. Sam Sharpe. The convention was attended by about 250 delegates from the various clubs throughout the constituency. T. C. Wingard of Thorah, presided. Mr. Halbart addressed the convention at some length, contending that the farmers were loyal and determined to win the war, but that the production of food was one of the most essentials and that if inexperienced help could be used for this purpose, the expenditure on the teaching of scientific agriculture should be reduced. After a motion that it was the opinion of the meeting that an independent farmer should be nominated, Mr. Halbart was nominated, but all withdrew except Mr. Halbart and R. C. Branson of Carleton Place. The ballot showed a large majority for Halbart. The latter, who is president of the United Farmers of Ontario, accepted the nomination and declared that if elected he would have the backing of all the United Farmers.

BOLSHEVISM DEAD IN ASIATIC RUSSIA

Leaders From Sretensk to the Volga Either Hanged or Hidden.

Vladivostok, Sept. 15.—Bolshevism from Sretensk, in trans-Balkalia, to the Volga, in European Russia, is dead. The Bolshevik leaders in this region have been hanged or have hidden themselves, while the misled red guards, who are arriving here, have renounced Bolshevism forever. The soldiers are returning to the fields and the workmen are resuming work at the factories. A solid foundation is ready to be laid for a new Russia, from German clutches. Four thousand Czech-Slavs have fought their way for a distance of more than 2500 miles in three months. They speak, therefore, they say, from experience, and they claim the facts given should be sufficient grounds for the concentration of entire allied action, the despatch of troops and munitions and the forwarding of raw material to the Siberian factories.

Ottawa, Sept. 16.—The Knights of Columbus, who inaugurated today a nationwide campaign for a fund of \$500,000 in connection with the Canadian army hut campaign, have received letters of endorsement from Sir Robert Borden and Sir Wilfrid Laurier. The premier's letter to Chairman Lyons says: "I have already made a contribution to the fund raised in Halifax by the Knights of Columbus for the same purpose, but the cause which you are supporting is so worthy that I gladly send an additional contribution to the fund here." Sir Wilfrid Laurier's letter says: "The citizens of Canada, without distinction of race or creed, will generously assist the military chaplain service and the Knights of Columbus in carrying on the welfare work which they have undertaken and which resembles to a great extent the excursions which is being carried on by the Y.M.C.A. "Both have for their ultimate object the physical, moral and mental health of our soldiers who are standing between us and German militarism."

Brantford, Sept. 16.—At the inquest here tonight into the death of David Lickers, the Six Nations Indian horse trader, the jury returned a verdict that the deceased came to his death through violence caused by some party or parties unknown. HAD BEEN GOOD PAL

Search is Now Being Made for Body of Well-Known New York Editor.

New York, Sept. 16.—Mrs. Charles E. Chapin, wife of the city editor of The New York Evening World, was found dead with a bullet wound in her head in the bedroom of the Chapin apartment in the Hotel Central, Manhattan, today. Discovery of Mrs. Chapin's body followed the receipt by Don Settle, business manager of The Evening World, of a letter signed "Charles E. Chapin," in which the writer hinted at suicide and added: "My wife has been such a good pal I cannot leave her alone in the world." The police immediately began a search for Mr. Chapin, but up to late hour tonight he had not been found. Mr. Chapin has been in failing health for several years, and for the past year he has been constantly under the care of a physician. This letter received by Mr. Settle late this afternoon said: "I have been living with my wife for 49 years, and have been happy during that time. I am conscious of being on the verge of a nervous breakdown, and it is apparent that the time is close by when I will completely collapse. When you get this letter I will be dead. My wife has been such a good pal I cannot leave her alone in the world." The writer concluded with directions as to the disposition of his body and his property. When the police entered the Chapin apartment, they found the body of Mrs. Chapin lying on a bed. Physicians said she apparently had been dead since early morning. No one could be found who had been shot. Mr. Chapin has been city editor of The Evening World for 20 years, and is one of the most widely known newspapermen in the country.
