Every once in a while

some one says to us, "You're too far east," but somehow we can't help thinking that we are in just the right spot - and while we are in the humor, well tell you our reasons for thinking that way. First of all, everyone who comes to our store gets a square deal, which means that a well pleased customer is going to talk about it to his or her friends. See the point? Second, we never allow a complaint to go unadjusted in every particular. Result, more confidence in our store and methods established. We keep a competent staff of the best salesmen we can get-and they are never idle. We enjoy a most generous response to our advertisements. We have on our list of customers many of the very best families in Toronto, and on the other hand we have the best trade of the mechanics and artisans of the city. We have time to wait upon all, and the glad hand accompanied with a cheerful smile is extended to all, whether you buy or not. So, take it all in all, we are well satisfied with our location, and naturally when some one says we are too far east, we ask the question: Are we? We trow not.

London, July 2.-(Special.)-Harold Wren, ten-year-old son of John Wren, this city, was struck and killed by a G.T.R. flyer to-night while attempting with two other lads to cross ahead of the train. He was thrown to one side of the track with both legs and an arm broken, and jaw and skull fractured. He was taken to the hospital and died a few hours afterward.

St. Thomas, July 2.—(Special.)—Miss Wilson, stepdaughter of George Meyers of this city, died suddenly at a relatives, Mr. Hotham, at Delaware Village yesterday, where she had been visiting. Dr. Mitchell of Delaware ordered an inquest owing to the fact that Miss Wilson was unconscious when the attending physician was called, and died twenty minutes afterwards. It was shown that Miss Wilson had been a confirmed invalid since childhood. She had also been suffering from tonsilitis since Thursday last, combined with heart trouble. Miss Wilson was in her 23rd year, and was the daughter of a deceased brother of Senator Wilson.

This evening about 9 o'clock the disappointed lover went and stood in front of the home of the girl, placed a revolver at his right ear and pulled the trigger. The girl's father heard the shot and ran out to find Scott lying on the roadside. He was apparently dead, but later he showed signs of life. The bishop of Loudon is reported to have said that Christian Science has brought to light the truth of "the influence of mind over matter." This fails to indicate that "God, spirit, mind" are synonymous in Christian Science, indicating the supreme intelligence or being, who is worshipped, understood and demon-strated, in contradistinction to "the carnal mind," or "mortal mind," which is false and sinful and contradictory of itse.f. The bishop is reported further thus: "Then we must admit the sacredness of the healing art, which has been left out of use in modern times."
