

COBALT --- Good Finds of Copper Reported in Thessalon District --- COBALT

These 800 Acres Were The First Claims Staked In The Rich Larder Lake Field

Last Summer, before any staking had been done in the Larder Lake region, our experts located TWENTY gold-bearing claims, amounting to eight hundred acres, two miles north of Wilton's Bay, of Larder Lake. (You can have a map of the property for the asking.) On some of the claims there are wide reefs that assay from \$7.50 to \$15 a ton. We have assays on file that show as much as \$1,800 a ton. There is no richer property in the country—and Larder Lake is as rich as the FAMOUS RAND of South Africa. All our holdings are in ONE BLOCK, which means economy in working the claims. The ore on these properties is FREE-MILLING—we have our own water-power on the property. We have an abundance of wood and water—every item that counts in the economical operation of gold mines. Our expenses will be far lower, and our assays are higher than those of mines which have paid twenty millions in dividends—and our ore will grade far higher. We have nothing to hide, nothing to lie about. We ask you to learn the simple facts, and we are ready to put them before you and to prove to you that

Empire Larder Lake Gold Mining Company, Limited

is a solid and worthy investment at Twenty-five cents a Share, Par Value One Dollar. Authorized Capital, One Million Dollars, in shares of One Dollar. Each share has a personal liability. Write to the undersigned for maps, proofs of assays and full particulars. Number of shares in this offering closely limited. Write or wire at once, or use coupon below.

LOCAL OPTION MEETING GETS GOOD SUPPORT

East Toronto Gathering Endorses —G.T.R. Constables Make Arrests—Notes.

TORONTO JUNCTION, May 14.—Mr. Woodland, his wife and daughter appeared before the public school board tonight to complain that a teacher in Annette-street School had threatened to strap their daughter for insubordination. The principal and the teacher proved conclusively that the punishment was necessary to uphold the discipline of the school.

Mr. Woodland threatened to leave the town because his daughter could not be educated here. The board was notified that Chief Flintoff was appointed trustee officer by the council.

Mayor Baird stated that the \$15,000 for a new school could be raised by selling some old debentures which were lying in the bank. This did not meet with general approval, and a committee composed of Trustees Fullerton, Hackett, Dodds, Wright and Hall and the solicitor were appointed to evolve some better method of getting the required money.

Forty-five dollars was ordered to be spent on improving the grounds of the school. A joint meeting of the executive of the West York Conservative Association and of the local association will be held in the Palm Cafe to-morrow evening for organization purposes.

The regular monthly meeting of L. O. L. 606 was held in St. James Hall this evening. There were two initiations and a number of members were raised to higher degrees. The attendance was above the average.

EAST TORONTO, May 14.—George Lamb and Randall Wright, two young Grand Trunk brakemen, were arrested here at an early hour this morning on the arrival of their freight train from Belleville, by G.T.R. Constables Hodge and Hodge. They were charged with the theft of a quantity of clothing from a car. They were at once placed in the town lock-up and Magistrate Ellis was called upon to deal with them.

It was at first proposed to try the cases here, but later Constable Hodge took them to the old court-house on Adelaide-street where the preliminary investigation took place before Police Magistrate Ellis. County Crown Attorney Clayton appeared for the crown; Wright and Lamb were unrepresented by counsel, but Rev. Mr. Ferguson and a number of other citizens were present in their behalf. The two men pleaded guilty, and to the county crown attorney Lamb told the story of the theft in substance as follows: "At Cobourg I was checking the cars on one side, and the conductor was checking on the other. One of the cars I noticed had the door off, and was fastened instead with rough boards. In it was a buggy and a box. Inspecting the box the conductor saw that one of the boxes was missing. He told me to fasten it down and put it in the back of the car, which I did. At Extonville I got into the car and up the top and took out the clothes and put them in the van. Later Wright came along with a bundle under his arm and on my asking him what he had he said, 'Something I maybe shouldn't have. If I had a chance I would put them back.' We intended to put them back, but had no chance to do so."

To the crown attorney, Lamb said he did not intend to tell the clothes, but wear them, and that was the first time he had ever taken anything. In answer to Magistrate Ellis, Constables Hodge and Hodge stated there were a number of complaints of theft. At the same time the constables stated that they had known Lamb all his life and that he was always an excellent character. Other witnesses gave similar testimony.

Police Magistrate Ellis, summing up the evidence, stated that the time was a more cowardly one than if they had entered a house and stolen the clothes. It was a breach of trust, and he had been a thief from the same train and he would adjudge the case in the meantime to leave that connection, if any, existed between the young men and the other robberies.

The action of the town council in reappointing Chief of Police Campbell and Constable Cobley has given general satisfaction. While zealous in the discharge of their duties the officers are invariably courteous and obliging. A meeting called in the Y. M. C. A. hall tonight to further the work of the local option campaign. E. J. Robertson, secretary of the Dominion Alliance, and Rev. George C. Pidgeon, Toronto Junction, were the main speakers of the evening. Mr. Spence dealt with the provisions of the Local Option Act, while Rev. Mr. Pidgeon gave a resume of the working out of the act in Toronto Junction and Westmount, Montreal. In each of these municipalities the business lead moral tone of the community had shown a decided uplift. The chairman, in order to test the feeling of the meeting, submitted the question to a vote, resulting in a unanimous endorsement of the measure. These gentlemen were appointed a committee, with power to add to their number: Wilson Fenton, Richard J. George, Mr. Hamer, Mr. McLeod and the chairman.

North Toronto, May 14.—R. J. Gibson, solicitor for William Robinson of the Outlook Hotel, is circulating a petition to be presented to the minister of justice asking for the liberation of his client on the ground of ill-health. Robinson was sentenced to four months imprisonment by Magistrate Ellis for selling alcoholic beverages without a license. The petition is being signed by a large number of North Toronto residents. Provincial License Inspector Ayerst, Robinson has served one month now.

A BAD BRUISE

Often causes a good deal of trouble. The best cure is a prompt application of Nerville, which instantly stops the pain, prevents swelling, removes all blackness and discoloration. Nerville is antiseptic—prevents blood poisoning. No matter how strong, so penetrating, so swift to destroy pain. You miss a lot of comfort by not using Nerville. For nearly fifty years it has been the standard family remedy of Canada.

three weeks. Restitutions were served at the close by the ladies of Kew Beach Church.

DR. KELLOCK MODERATOR.

BROCKVILLE, May 14.—(Special.)—The Presbyterian synod of Ottawa and Montreal opened this evening with a large attendance. Rev. R. Gamble of the Ottawa Presbytery preached his sermon as retiring moderator. The discourse was an appeal for greater activity and a development of the latent power in the church.

The election of Mr. Gamble's successor resulted in the honor going to the veteran Dr. Kellock of Leeds.
