

IS THIS "BIKEVILLE"?
Who Can Say To-day That the Bike Has Not a Strong Hold on Toronto?

WHERE THE BIG CROWDS PASS BY.
The scorchers are on the decline—If you haven't got your wheel yet, get it.

The past few days of pleasant spring weather have served to give an idea of the hold bicycling has on Toronto. Any person who thinks the extent of the popularity of the bicycle has been exaggerated can learn something by standing for a few moments on Yonge-street at a little north of Queen and watching the stream of wheels passing by.

How Can They Get Across?
The wheels come from all directions. The wheels come from all directions. The wheels come from all directions.

It is interesting to observe the different kinds of wheels that are on the streets. It is interesting to observe the different kinds of wheels that are on the streets.

Always Assist the Scorchers.
That affectionate domestic animal, the dog, has also become accustomed to the bicycle. In the past few days, the dog has also become accustomed to the bicycle.

Where is the Wheel Now?
If you have not got your wheel yet, get it. Think of the misery and discomfort you have been subjected to in the foul-smelling atmosphere of an over-crowded street car for several months.

Lady Riders.
The lady riders are not out in great numbers yet, but there are several reasons for this. The roads are a little slippery and bicycling is not a respecter of nice skirts.

It's All Right to Kill This Fellow.
It is only a short time until Toronto will be entitled to the name of Bicycleville. The knickers are coming out. The streets are getting clean and the city will be forced to fix up many of the streets which are at present in a rotten state.

THURSDAY MORNING
Keep Off the Sidewalk.

The man who pushes his wheel along a crowded sidewalk is a nuisance to his fellow man and fellow woman. He is a nuisance to his fellow man and fellow woman.

Locked Arms Nuisance.
Perhaps you have noticed the foolish cyclists who ride two or more abreast with locked arms. This performance may be very clever and very graceful, but it is wrong.

Debate on the Address.
Mr. H. P. McLaughlin (Cape Breton) resumed the debate on the address, dealing largely with the so-called preferential tariff, which did not give any preference to Great Britain.

Showing Them Up.

Cartwrights in Office.
Mr. McLaughlin went about half way down the list of the Cartwrights in office, when Mr. Bennett interrupted with "Are all the Cartwrights in the family?"

The Hon. member then proceeded to the end of the list. As for Mr. Casey, Mr. McLaughlin continued, it was a pity that the Deputy Minister of Agriculture, but not going that far, he was not to be anything. Mr. Charlton had been party rewarded with a commission, but he had a little more to say.

Dr. Horsey's Job.
Dr. McDonald and Dr. Horsey, sent on a transcontinental trip with Dr. Hing Chang and his son appointed a doctor for the trip.

THE PEACE COMMISSIONERS TAKING EVIDENCE AS TO THE CAPACITY FOR SELF-GOVERNMENT.

NUMEROUS VOLUNTARY WITNESSES.
The General Testimony is That Independence Would Bring Triumphant War and Chaos.

Manila, April 12.—The United States Philippine Commission is hearing the leading residents of various nationalities, priests and Spaniards, numbers of them appearing voluntarily, on the subject of the future of the islands.

Do you believe the Filipinos are capable of self-government in the provinces? Do you believe the Filipinos are capable of self-government in the provinces?

The commercial classes urge the sending of detachments of American troops, each numbering about 100 men, to take possession of the towns in the Southern Provinces and the Visayas Islands, now held by small bands of Tagalog rebels.

Gen. Luna, who retired from the command of the Philippine forces, and who is editing a newspaper at San Francisco, Del Monte, his retirement being due to the fact that the Philippine rebels at the risk of discipline, has been recalled to the command.

WAR NOT AT AN END.
Big Engagements May be Over, But the Insurgents Are by No Means Subdued.
New York, April 12.—A despatch to The World from Manila says: While it is probable that there is an end to the big engagements in the Philippines between the Americans and the Filipinos, the war is not at an end by any means.

It is the opinion of some American officers here that it will require the presence of 50,000 American troops to occupy the territory that has been returned to the Filipinos. WHEATON IN PURSUIT.
Pennsylvania and Oregon Regiments Had a Brush With the Enemy Near Santa Maria.
Manila, April 12.—(6.10 p.m.)—General Wheaton started at daylight, with the Tenth Pennsylvania and the Second Oregon, to drive the rebels from the town of Santa Maria.

But the enemy fought when shelled by artillery and burned and abandoned the town. The rebels were reported to have concentrated in the hills and cover the retreat of the Filipinos. But finding these tactics ineffective, the rebels scrambled after the main body.

The American guard along the railroad had been strengthened and it was not likely the rebels will succeed in their future to close quarters as they did recently, even if they return from the mountains.

Would Not Wait to be Killed.
Manila, April 12.—(6.10 p.m.)—General Wheaton has telegraphed to his headquarters, saying: "They would not wait to be killed."

General Lawton is scouting the vicinity of Santa Cruz. He finds the rebels have been driven from the mountains and are now in the hills and cover the retreat of the Filipinos. But finding these tactics ineffective, the rebels scrambled after the main body.

A Horse Runs Away.
A horse attached to a light express wagon became unmanageable yesterday afternoon, and started at a wild pace down Bay-street, and in going around the corner of Sheppard-street, two men, who were riding on the seat, were thrown out, but escaped unhurt. The horse kept going until the wagon wheel collided with a tree near Adelaide-street.

Montreal, April 12.—President O'Neill of the Montreal Baseball Club received a message from Manager Dooley last evening that he had signed Pitcher Dugleby of Philadelphia for the coming season. The club was welcome news for the fans, as it ensures Montreal another Big Three in the pitchers' box this summer in Abner Sanders and Dugleby. The latter was loaned by Philadelphia to Wilkes-Barre last season and pitched a couple of games for the Coal Barons in this city. The same telegram that brought the news of the signing also contained the notification that the National Board of Arbitration had awarded Pitcher Ames to Paterson. Manager Dooley had signed him and he pitched part of Saturday's game in Newark.

Besides his Big Three Manager Dooley has Payette, Giff and Felix to draw upon, but the game was a close one and the club should be able to win.
