Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver,
and bowel poisons before
breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no nervousness, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is the most important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.
To keep these poisons and toxins well flushed from the stomach, liver, kidney and bowels, drink before breakfast each day a glass of hot water, with a teaspoonful of Limestone phosphate in it. This will cleanse, purify, and freshen the entire alimentary tract, before putting more food into the stomach.
Get a quarter-pound of Limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins also to prevent their formation.
To feel like young folks feel, like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment, and, above all, keep it up! As soon and hot water act on the skin, cleansing, sweetening and purifying, so Limestone phosphate and hot water before breakfast act on the stomach, liver, kidneys and bowels.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head
and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sniffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.
Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.—Adv.

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have.
You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Adv.

St. Thomas To Forward Resolutions After Stormy Meeting.

BOYCOTT FOREST CITY? Claim Effort To Keep Railway City Off Map—Bar London Papers?

ST. THOMAS, Dec. 2.—The council of the city hall was packed to capacity tonight to discuss what the members of the board of trade termed "London's effort to keep St. Thomas off the provincial highway." After many lengthy addresses, in which citizens presented various grievances, where they claimed London had threatened them in an unfair manner, it was decided to forward resolutions to the Government asking that London's claims regarding the proposed northern route of the provincial highway be not considered, but that the decision of the latter should be based on the facts of the case. The meeting, which was one of the stormiest on record, was called by the mayor, who presided. The board of trade, A. E. Ponsford, president of the board, and the London papers, which had been making a campaign to keep St. Thomas off the map, were the main opponents of the resolutions. The London papers, which had been making a campaign to keep St. Thomas off the map, were the main opponents of the resolutions.

R. M. Anderson, another businessman, also said that London had been making a campaign to keep St. Thomas off the map. TOOK BRONCHITIS AFTER THE MEASLES

Measles is a disease that is very hard on children, and it generally leaves the system in such a debilitated condition that it is liable to attacks of some other trouble. One of the most common of these is bronchitis, which starts with a short, painful, dry cough, a feeling of tightness through the chest and difficulty of breathing, accompanied by a wheezing sound from the lungs.

COUNTY MEMORIAL TO FALLEN HEROES TO BE CONSIDERED

Warden Graham Makes Proposal to Council.

OPEN DECEMBER SESSION Grave Problems To Face, But Speaker Has Great Faith in Future.

"We have had great reasons for rejoicing since the last session of the council. The armistice has been signed. We owe a great deal to the heroes of our country who have gone out and defended us," said Warden D. A. Graham to the members of the county council at the first meeting of the December session. In speaking of the money raised for war purposes by Middlesex, he said: "Middlesex, if she did err, has erred on the side of generosity. She has raised \$185,000, and there is not a man, woman or child who said that Middlesex had done too much."

"We are facing greater problems than we ever did before, but I have the greatest faith in the future. I feel confident that everything will come out all right. A memorial for our fallen heroes, for our men who have given their lives for our country, should be erected. Maybe you have been wondering in what way Middlesex will erect a memorial to our heroes. The speaker mentioned the suggestion of President E. E. Brathwaite of the Western Ontario University. Mr. Graham suggested that a tablet in memory of those who gave up their lives in the cause of freedom. He mentioned that the women of Middlesex and to perpetuate the memory of those who have fallen.
