

"I KNOW NOW WHY PEOPLE PRAISE IT"

Paul Woman, After Suffering 12 Years, Gains 14 Pounds By Taking Tanlac.

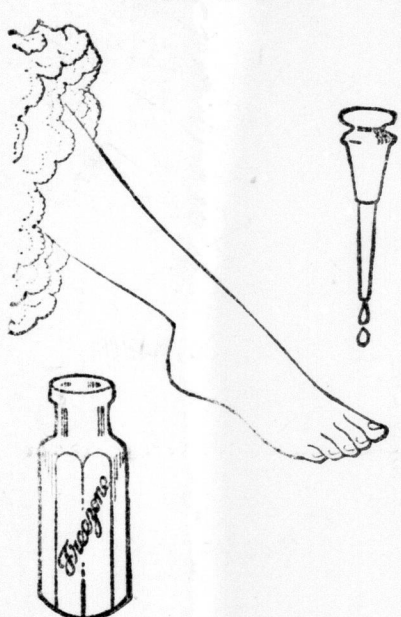

"I have taken only two bottles of Tanlac, but they have entirely stopped my stomach trouble, and at times I have gained a new woman out of me," says Mrs. John H. Hornbush, of 403 St. Paul Avenue, St. Paul, Minn., who has suffered for twelve years from indigestion, chronic constipation, and at times the pressure of my clothes against my stomach would hurt me. I had to be very careful about what I ate, and when I was not eating I felt as if I were going to give up and go to bed before I could get relief. I suffered no end of misery from gas, and many a night I slept hardly a wink because of the pain in my stomach. For months at a time I was off in weight as much as ten pounds, and if I gained it back I didn't gain in strength, but felt as weak and draggy as ever. If not more so. I spent hundreds of dollars and used all kinds of medicines, but got no relief, and I was beginning to think I would have to go on through life and never get rid of my old troubles.

"But a good friend of mine who knew what I had gone through heard about Tanlac and suggested that I try it, and today I feel thankful to that friend and even more thankful to Tanlac, for I can honestly say it is the best medicine I have ever taken. My stomach is in fine condition now, and no matter what I eat it digests and I don't suffer any more after eating. I'm gaining in weight and strength right along. In fact, I've gained fourteen pounds already, and weigh more than I ever did in my life. I sleep fine every night, and I've gone back to doing all my housework by myself, and I don't feel a bit overtired after I get through. Either, Signe, I've taken Tanlac and it has helped me so wonderfully. I understand why so many people are coming out, and saying it is the finest thing they have ever seen."

Tanlac is sold in London by Standard Drug, Limited, and by an established agency in every town.

NOW RAISES 600 CHICKENS

After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound.

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me. I saw the Compound advertised in our paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."

Mrs. M. M. Alters, R. R. 4, Oregon, Ill. Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous old and tried remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Alters.

Women everywhere in Mrs. Alters' condition should profit by her recommendation, and if there are any conditions write Lydia E. Pinkham's Vegetable Compound, Lynn, Mass., for advice. The result of their 40 years' experience is at your service.

RACE BETWEEN THE TREATY AND BOOZE IN U. S.

War-Time Prohibition Law To Be Annulled When Treaty Ratified.

GO "DRY" JANUARY 16

That Is Date When the New Measure Will Go Into Effect.

WASHINGTON, Oct. 28.—The Senate passed the prohibition enforcement act over the president's veto today, and made immediately effective machinery for preventing the sale of beverages containing more than one-half of one per cent alcohol.

The vote was 65 to 29, or eight more than the necessary two-thirds majority. While there was a wrangle over taking up the measure in place of the peace treaty, which had the right-of-way, there never was doubt as to how the Senate stood. It was overwhelmingly "dry" like the House, which repassed the bill within three hours after the president had vetoed it.

Before Congress finally clinched enactment of the enforcement law at 3:40 o'clock, despite presidential objection to linking war-time and constitutional prohibition acts, there came from the White House the announcement that the war-time law—which was put in force after the cessation of hostilities—would be annulled the moment the Senate formally ratified the German peace treaty.

"Dry" Disturbed.

It was the most definite of all official or semi-official statements bearing on the war-time act. Prohibition leaders were plainly disturbed by the news for they had counted firmly up on the country reaching the effective date of constitutional prohibition, January 16, 1920, without re-opening of saloons.

Despite the clamor set up by "wet" and "dry" forces over the White House announcement, Senate leaders said they would proceed with consideration of the peace treaty. Hereafter, Senators who have taken an active part in the prohibition campaign branded as unduly fair and aid reports that they would delay the treaty simply to keep the liquor traffic from getting a foothold in the comparatively short period remaining before the country will go dry for good.

Formal Denial.

Formal denial was issued from headquarters of the Anti-Saloon League that its officers would take part in any movement calculated to delay the treaty. League officers stuck to the opinion that it would be necessary to ratify the Austrian treaty before lifting the war-time prohibition ban, which was said to have been the ruling of Attorney-General Clegg, and they declared their position was not altered by the fact that President Wilson was prepared to cut through legal doubt and wipe out a law, the necessity for which he believed to have passed.

With today's action by the Senate the department of justice is ready to deal with any offenders against the drastic provisions of the new act. At best heretofore prosecutions were more or less haphazard, and necessarily so, it was said, because of the loosely-drawn language of the act, but the new law gives ample means of breaking up the traffic.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts if Your Back Hurts or Bladder Troubles You.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine, so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

\$2,000 GRATUITY IS REJECTED BY THE COMMITTEE

Takes Ground That Country Is Unable to Bear the Expense.

RECOMMENDS CHANGES

Involving Extension of Re-Establishment Work at Cost of \$35,000,000.

OTTAWA, Oct. 28.—The Parliamentary committee on soldiers' civil re-establishment rejects the proposal for a general distribution of grants or gratuities on the ground that the country is financially unable to pay, in its findings which are to be submitted to Parliament. The general scheme for the re-establishment submitted by the Great War Veterans' Association and the \$2,000 gratuity scheme are thus rejected. The Great War Veterans' Association proposal was to concern men who were able to establish their need before a national board.

The parliamentary committee concedes the necessity of further re-establishment, and in certain particulars recommends improvement and extension of the work now carried on by the various departments of Government, together with some new lines of work to be undertaken, involving an estimated expenditure of \$35,000,000.

The details.

The following are details of probable expenditures as recommended:

Gratuities to Canadians who enlisted in the Royal Air Force and other imperial units, \$3,000,000.

Rebate of transportation expenses paid by dependents who returned to Canada prior to November 11, 1918, \$1,000,000.

Provision for extra items of expenditure such as clothing allowances to trainees taken on strength of S. C. R. and subsequently not approved; care of sub-normal cases, necessary cases, pensions under arrangement with patriotic fund; loans to disabled men for tools, equipment, training and education; cashing of checks at par for unemployed relief during winter, estimated at about \$25,000,000.

The findings as they are likely to be submitted to Parliament may be summarized as follows:

1. Free clothing to patients of S. C. R.
2. Equalization of gratuities for imperial.
3. Equalization of pay and allowances for those undergoing medical treatment with S. C. R.
4. Vocational courses lengthened when necessary.
5. Delay in authorizing vocational course to be reduced.
6. Pay and allowances for those recommended for vocational training and subsequently not approved.
7. Immediate investigation of problem cases with immediate financial assistance when necessary.
8. Suggestion that trainees receive allowance upon completion of course until employment found.
9. Training with industries recommended with graduated scale allowances.
10. Employment of female ward occupational aides to be confined to dependents of soldiers.
11. Extension of follow-up system.
12. Suggested increase of pension referred to committee on pension next session with recommendation that relief when necessary be extended through patriotic fund.
13. S. C. R. to give special attention to the granting of loans upon small holdings.
14. Investigation of irrigation small holding scheme of Mr. Coughlin.
15. Issue of special badge to ex-members Canadian naval forces.
16. Exchange at par for former members naval forces.
17. Abolition private employment officers.
18. Refund of transportation expenses to dependents who returned prior to November 11, 1918.
19. Special consideration for employment of those vocationally trained in a permanent capacity in the civil service.
20. Special latitude to S. C. R. for selection of staff.
21. No provision for overseas mechanics.
22. Loan not exceeding \$500 to disabled men vocationally trained.
23. Loan not exceeding \$800 to disabled men not otherwise eligible for vocational training.
24. Investigation in life insurance for disabled men.
25. Investigation into possibilities of unemployment insurance.
26. Housing proposals all rejected.

FLY WHEEL WHIRLS LONDONER TO DEATH IN NEW HAMPSHIRE

Was Visiting Brother There—Wife Resides in Owen Sound.

DOVER, N. H., Oct. 28.—While visiting his brother, J. Limerick of Charles street, south end, this city, Albert B. Limerick of London, Ontario, foreman in a tannery in that city, lost his life here yesterday afternoon shortly before 5 o'clock.

Frank Limerick, who came here from Ontario several years ago, is chief engineer at the American Woolen plant at Sawyer's. Yesterday Albert with his little son Carlton visited the engine room of the plant. The little boy wandered dangerously near the fly wheel of the engine and the father, watching for his son's safety, stepped into the path of the wheel in an effort to push his child aside.

Drawn in by the suction of the wheel or losing his balance the Canadian was whirled around the wheel. As soon as it was possible for the brother to stop the power, Albert was found to be dead. Physicians called stated that death had come instantly.

A wife and mother at Owen Sound, Ontario, also survive. Telegrams were forwarded to Owen Sound late last night in an effort to have his wife hurry to her child's side, the latter having suffered a terrible shock by witnessing his father's tragic death.
