Mrs. Ward's Coming.

Mrs. Humphry Ward, the distinguished novelist, will give a lecture under the auspices of the Round Table Club, in Association Hall, Monday evening, May 18.

The lecture, entitled, "The Peasant in Literature," is one that she has given occasionally for the benefit of the children's evening play-centres in London.

As this is Mrs. Ward's first visit to America, no doubt her many admirers in Toronto will be delighted to know that the Round Table Club, which has been in communication with her since March, has persuaded her to give the lecture in Toronto.

Personal

That platform reading is still one of the most appreciated forms of entertainment, was demonstrated at Miss Florence Wharton's recital of readings and modern monologs in the music hall of the Conservatory of Music. Miss Wharton, who is a student of the Toronto Conservatory School of Expression, presented an unusually entertaining and versatile program. Her most serious number, "As the Moon Rose," by Pauline Phelps, a tale of revolutionary times, was well rendered, but perhaps she was most at home in her humorous impersonations. Two scenes from Shakespeare's "A Midsummer Night's Dream" and Pauline Phelps' "Scorching Versus Diamonds," were also well received. The program indicated that Toronto has another most interesting platform entertainer. The following musical numbers were interspersed thruout the program: Massenet (vocal) Elegie, Ronald (vocal) Sunbeams, Miss Helen Moore; Chopin, Ballade, A flat, op. 47, Miss Mary C. Morley; Grieg (due) Allegro molto ed appassionato, from Sonata C minor, op. 45 (piano), Miss Constance Martin, (violin) Mr. Geo. Caplen.

If We Could Look at the Heart of a Pale-Faced Person!

Few people ever stop to consider what pallor to the countenance means. In the first place it indicates an absence from the blood of the rich, red, life-giving elements so requisite to health; and in the second place it indicates a weakened heart action. These two things act and re-act. If we could look at the heart of one of these pale-faced people, we would see it flabby, weak and palid. No wonder they are easily tired, get out of breath quickly, have palpitation, are nervous and downhearted. Their muscles are poor, their stomach disordered, and their lives are seldom free from misery.

Let them take Milburn's Heart and Nerve Pills; there is no remedy to equal them for making pale faces rosy, weak hearts and shaky nerves strong, flabby muscles firm, and infusing new hope and ambition into life.

Mr. W. J. Churchill, Lombardy, Ont., writes: "I was troubled for three years with a weak heart and nervousness. I could not sleep and ever so little food would distress me. I also had faint and dizzy spells, and doctored with three doctors but was growing worse. After taking three boxes of Milburn's Heart and Nerve Pills I feel as well as ever I did. They are the best pills on earth."

Price 50 cents per box, or 3 for $1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SOCIOLOGY IN SCHOOLS IS NECESSARY SUBJECT

Rev. Dr. Chown Declares We Are Living in Barbaric, Heathen Times.

"Nowhere in Canada that I know of is a book placed in the hands of a teacher in the matter of teaching moral ethics in the schools," said Dr. S. D. Chown, Methodist secretary of temperance and moral reform work, in the course of a sermon at Sherbourne Street Methodist Church, Sunday morning.

"We must have moral ethics taught in our public schools, and we must have the children taught to regard the ballot as a sacred thing. "Why," said the doctor, "when I take a ballot in an election booth on election day I consider that next to the Bible and the elements of the Lord's Supper, I am handling the most sacred thing in the world."

"Sociology must be taken up by our universities and colleges, especially theological colleges. Let the students learn to know and read more. What an asset it is for their future work! Already Pinehurst, N.S., and McMaster have taken up the subject and I would like to see them all do the same. The purpose of education is to make manhood and womanhood, and the heart must be trained as well as the head and hands.

"If outside of Christianity there should come a religion that would develop a saner, better race of people than ours, it would be hard to believe in Christianity."

"We are living in barbaric, pagan times, and even the very heathen we are striving to instruct can call shame at us, because of some of the vices of the people. When will we Anglo-Saxons have enough sense to recognize the evils of the liquor traffic and prohibit it?"

The doctor also touched briefly the manufacture of opium in British Columbia. The deadly drug is being made there in the hope that in some way or other it will be smuggled into China. He has spoken to Sir Wilfrid Laurier of it, who has promised to seriously consider any information that may be obtained on it.

MEMORIAL WINDOW UNVEILED

Tribute to the Memory of Canon and Mrs. Osler.

DUNDAS, May 3.—The ceremony of unveiling the Osler memorial window in St. James' Anglican Church took place Saturday. There was quite a large congregation, including E. B. Osler, M.P., Mrs. B. B. Osler, Justice Osler, Miss Osler of Toronto; Canon and Mrs. Abbott and Canon Forneret of Hamilton, and Dr. McCrae of Baltimore.

The window, which is of very beautiful design, represents "The Presentation of Christ in the Temple," and was presented by the Osler family, former residents of Dundas. On the tower part of the window is the following: "To the Glory of God and to the Beloved Memory of Featherstone Lake Osler, M.A., sometime rector of this parish, born 14th of December, 1805, died 16th of February, 1895; and of Ellen Pleasance Picton Osler, his wife, born 14th December, 1806, died 18th of March, 1907. Lord thou hast been our refuge from one generation to another."

Canon Forneret had charge of the service, and referred to the services rendered the church in this district by the late Canon Osler and his wife.

Pan-Anglican Thanksgiving.

The following letter has been issued to his people by the Rev. Dr. Pearson of Holy Trinity Parish, in connection with the above:

"The Anglican branch of the Holy Church thruout all the world (252 dioceses) is about to make a special missionary thank-offering to Almighty God. It will be made on St. John Baptist's Day, June 24, 1908, in the great cathedral—St. Paul's—in London, England, when the archbishops and bishops of the Church of England, from all parts of the world in which she has been planted, and the bishops of the sister church in the United States of America, will present each the offering of his diocese. Archbishop Sweatman will present ours.

"The idea is that this is to be a pure thank-offering—above and beyond our usual offerings for our own parish, our own diocese, missions, cathedral funds or anything else. It is a grand thing, and every member of the church—man, woman and child—who can possibly have a share in it should be glad of the opportunity. God has blessed us in the Diocese of Toronto for 69 years. Let us be the means in his hands of blessing others. I care not how small the coin may be that you contribute, provided that your heart's thankfulness and prayers for the salvation of all men go with it."

DR. ORR BACK.

He Promises an Unequaled Display of Art at Next Exhibition.

Dr. J. O. Orr, manager of the Canadian National Exhibition, returned from Europe yesterday. C. A. B. Brown got home on Saturday. George H. Gooderham will not return to town until Thursday or Friday. W. K. George and Mrs. George will not leave England until the middle of the month.

Dr. Orr wishes to make the exhibition board the first recipient of his confidence, but that he is in negotiations for a first-class military band and has arranged for an exhibit of pictures from France, Italy and Great Britain he is ready to acknowledge.

Among the other pictures secured is Lady Butler's famous painting, "Scotland Forever," which His Majesty the King has graciously consented to loan. A committee of three is selecting pictures from the Paris salon, while A. G. Temple, director of the Guildhall School of Art, is performing the same duties in England.

Vice-President George H. Gooderham's recent purchase from the Pisani Gallery at Florence—"Confidence"—will also be on view.

The doctor is in excellent health.

DEAD FIRST NIGHT HOME.

Wanderer From Canada Wasn't Recognized by Father.

(Canadian Associated Press Cable.)

LONDON, May 3.—William Evans, aged 17, was found dead in a barge in the Thames. He reached home the night previous, but his father did not recognize his features, having last seen his son a decade ago when he went to Canada. He thought marks on his body coincided and allowed him to sleep in the house, pending corroboration. The deceased possessed a ticket to an opera house in Paris, Ont. Death was due to misadventure.

A Barge in Danger.

KINCARDINE, May 3.—About eight o'clock Saturday evening a large tow barge was sighted a short distance north of this harbor displaying signals of distress. There was a stiff westerly gale blowing then and the sea ran very high. Two tugs started out and towed the disabled barge into harbor. The barge turned out to be the S. B. Pomeroy of Detroit, commanded by Capt. H. Fowler. Her tug became disabled Friday night and started back to get another, and the Poweroy was driven over to this shore.

LIVERPOOL, May 3.—The C. P. R. steamship Empress of India, sailed Friday night with the largest number of passengers that ever left the British Isles for Canada on one vessel. There are 182 first cabin, 444 second cabin and 954 third class passengers, a total of 1580. The Empress is also taking over 1624 sacks of mail matter and 399 parcel post.

AT THE THEATRES

A great many in recent months have heard the expression: "He's a game bird; but he flies funny"; but there is doubt that more than 25 per cent. of those who have heard or used the expression know its source. It is one of the big laughing speeches in "The Man of the Hour," which will be acted here by William A. Brady and Joseph R. Grimer's special company, made up of well-known actors, to-night, in the Princess Theatre, where it will be seen for the first time in this city. "Where does the laugh come in?" many will ask who have not seen the play. If you want to get the full measure of laughter from it, go to the Princess to-night and hear Alderman Jimmy Phelan speak it in reply to Mayor Bennett, just before that nervy young man wins back the love of the woman for whose respect and admiration he has done and dared so much.

The first public appearance of the Toronto Rowing Club Minstrels will be made this evening in the Royal Alexandra Theatre. So much has been said of the excellence of this organization that the event is awaited with interest by the lovers of old-time minstrelsy and other friends of the club. The fact that the performance is to be repeated on Tuesday evening proves that the oarsmen have confidence in their ability to place on the boards something that they know will be appreciated. The sale of seats has been steady, but there are lots of good ones left, and the prices are popular. The seat plan is open at the Royal Alexandra Theatre, where tickets purchased from members may be exchanged.

Commencing with to-day's matinee at the Star Theatre, the "Moonlight Maids" Burlesque Company, one of the latest offerings of the Empire Circuit Company, will be seen in all its glory. Brown and Bragg, comedians; Tanner and Gilbert, sketch artists; Mlle. Barteletti and her ballet of eight ponies; the Musical Banta Bros., a quartet of singers, dancers and comedians, and All and Peysor, the world's famous acrobatic comedians, are in the olio. A burlesque on the famous "Merry Widow Waltz" is interpolated.

Owing to a settlement of a legal battle in which the famous comic opera success, "The Little Trooper," was in dispute, theatre-goers have an opportunity of witnessing this merry military production at the Grand this week. Alma Hearn, a clever little comedienne, will be seen in the title role, and is supported by a splendid company of principals and a big chorus. In the cast are such well-known operatic singers as William Blaisdell, Charles Dungan, John Dudley, Pearl Evans, Oliver Holden, Edith Berwyn, Josephine Atkinson and Albert Sykes. The first act shows the Bon Marche Millinery Emporium at Paris; the second act, the barracks of the 13th Hussars at Montmarges, on the outskirts of Paris, and the third act, the Chateau Regnal. The illumination in the third act is said to be particularly brilliant.

A new melodrama, "The Boy Detective," in which the popular and well-known comedian, Harry Clay Blaney, is seen as the star, is the offering at the Majestic this week. Produced as it is on a most magnificent scale, with its massive scenic and electrical equipments, together with an intensely interesting story of love, romance and adventure, and interpreted by a fine company, it is given a place among the most important of the melodramatic class productions. During the week a matinee will be given every day.

The famous Bob Manchester's "Cracker Jacks" comes to the Gayety Theatre today. This is one of the brightest burlesque shows on the road. The company consists of thirty-five people, introducing great comedians, specialities and good looking girls. The usual chorus girl contest will take place on Thursday night, and the amateurs will appear on Friday. Daily matinees will be given, to which the ladies will be admitted for 10c.

Joseph Hart's scenic fantasy, "The Crickets," will headline the bill at Shea's this week. The special attraction for the week will be Harry Tate's English company in "Motoring," always a scream. Other splendid acts to be seen are Estelle Wordette & Co., Dillon Bros., the Kratons, Cartnell and Harris, Work and Owen and the kinetograph completes the bill.

Caruso, who appears for the first time in Toronto, gave the initial concert of his brief tour in Columbus on Friday evening before an immense audience that over-brimmed with enthusiasm. For a phenomenal voice of this character, a concert program has many advantages over the production of a single opera, because he can be heard in selections which will give the fullest scope for the finest phases of the voice. For this reason, Signor Caruso has selected three of his most notable arias. These numbers are "Celeste Aida" from "Aida"; "Salve, Dimora," from "Faust," and the "Clown's Lament" from "Pagliacci." Caruso will also be heard in the beautiful quartet from "Rigoletto." The company will introduce three artists of great merit. Miss Giulia Allen has a very fine soprano and will be heard in "Pitti-Patt" from "Les Huguenots" and "The Bell Song" from "Lakme." Miss Margaret Keyes is known personally to several musical people in Toronto. Her voice is a notable, deep, rich contralto. Her numbers are "O, Don Fatale," from "Don Carlos" (Verdi) and "Nobil Signor" from "Les Huguenots." A novelty will be the violin numbers of Master Kotlarsky, a boy wonder, who is spoken of as being likely to follow in the footsteps of such wonder children as Kubelik and Kreisler. He will play Fantasie Appassionata, Xieuxtemps, and Zigennerweisen, by Sarasate. This evening 300 rush seats will go on sale at 7 o'clock. There are a few good locations left in the other sections. A special addition has been made to the number of seats at $2.50, and these will go on sale Monday morning. The program will begin precisely at 8.15, and the audience are requested to be in their places, as the doors will be closed during each number.

Dr. C. A. E. Harriss arrived at Sheffield, England, Saturday, and his famous chorus will sail for Canada on Oct. 23.

DON'T imagine that "Queen Quality" has created a demand for its shoes by advertising. No advertising of any article ever created a demand for it. Advertising cannot create a demand. It can only tell you how it can be supplied. The demand for "Queen Quality" Shoes is born in most women. It is merely a demand for finely made shoes at a low price.

Last Organ Recital.

Dr. Norman Anderson concluded his recitals for the season on the great organ in St. Andrew's Church on Saturday afternoon, before a large audience. The program was not quite of so popular an order as usual, but was highly appreciated. Bach's "Giant" fugue and a sonata of Mendelssohn's especially appealing to musicians. "Elsa's Dream," from Lohengrin met all tastes, and Dr. Anderson obtained some extraordinary effects in "The Storm" fantasia, from his big diapasons and bourdons, combined with thunder crashes of the reeds so vivid one could see the lightning.

Dr. Anderson plays for half an hour after service every Sunday evening. Prof. Eakin, whose talents in the pulpit are becoming so widely known, will preach at this evening's service, which begins at 7.30.
