Big Bush Fire Devastates Cobalt
Mining Plants and Houses DestroyedFour Miles of Country Burned
Over—Men Barely Escape
—Losses Heavy.

Cobalt, June 29.—A big fire swept through the country four miles south-east of here yesterday and wiped out the plants of a dozen or more mines. The Temiskaming lost their powder houses, and the fire was up to their main buildings at last report, but they will likely save these.

The Columbus Cobalt mine lost everything.

The Coleman Development Company lost all their buildings, and the men barely escaped with their lives.

At the Shamrock mine the diamond drill and a boiler was all that was saved.

The Lumsden, Duchess, Patterson, Progress, Cochran and Fisher Explorers lost all their buildings and machinery.

H. P. Davis, of the Davis Cobalt Silver Mines, told your correspondent this morning that he lost all his mine buildings and machinery, and the fire was still raging in the vicinity of Cress Lake.

At the Beaver the fire turned up to the office, but the men worked heroically, and managed to save their buildings.

At the Badger mine the hoist house and one shaft house were burned, but the rest was saved.

Robert Bryce, of the Silver Queen mine, sent a large gang of men out to the Badger property to help in the work.

The Rochester, next to the Badger, was saved.

The men at all the mines deserve great praise for the manner in which they worked to save the properties.

Another Account.

Ten houses in Hailybury were destroyed by fire Saturday. On Sunday the fire spread to the outhouses and half a dozen mining properties. The fire is the result of the forest fires raging the past few days. Sunday everybody was working to check the spread of the flames. No church services were held beyond offering prayers for rain.

W. McLaughlin, J. W. Thompson, J. Watson, W. Campbell, C. Smith, J. Moore lost everything.

E. Baker lost his stable and out-houses, but saved his home.

J. Cole, S. Renaux and W. Hickey were burned out.

Waugh Bros' sawmill was burned at New Liskeard. Loss \$7,000.

LOCAL OPTION BYLAW
IN ORILLIA QUASHED

(Irregularities in Polling—Technical Flaw in Bylaw.)

Toronto, June 30.—Orillia's local option bylaw is quashed.

That town carried local option last January by five votes over the three-fifths, and when Hotelkeeper Hickey applied to Chief Justice Meredith to quash the bylaw, his lordship refused. The divisional court at Osgoode Hall handed out a unanimous judgment today, reversing the decision of the chief justice, and voiding the bylaw.

The grounds for the quashing of the bylaw include the fact that the bylaw prohibited the sale of liquor in shops and taverns, and in 1907 a bylaw had been passed closing the shops.

Another argument was that there were irregularities in the polling. More men were allowed in polling booths than the act provides for.

The vote was 558 to 363, and 25 ballots were spoiled.

ELOPED WITH BOY PUPIL

The Couple Were Refused a Marriage License at Windsor.

Windsor, June 30.—The story of a schoolmistress, 30 years old, eloping with one of her pupils, 16 years old, was told the Windsor police, by E. D. Shove, of Flat Rock, Mich., who came to that city to look for his missing son, the pupil in question, and to prevent the possibility of a Windsor marriage of the pair.

Shove's story was that his son, Rollin Shove, became infatuated with his teacher, Miss Lillie Burden, and that all efforts of the parents to break off the infatuation were unsuccessful. They were on the point of sending the boy to live with a distant uncle when he disappeared from home, and has not been heard from since.

The teacher, Shove says, was also

C. P. R. EXTENSION
IN THIS PROVINCEThree Branch Lines of Company
To Be Opened on First
of July.

Montreal, June 30.—It was stated yesterday at the head office of the C. P. R. in this city that three branch lines of the company in Western Ontario will be opened on July 1.

The opening of these branches will give different connection with the C. P. R. main line, and be of great value to them in shipping and travelling.

The first will be from Fernwood to Listowel, a distance of 15 miles.

Then from Saugeen, on the Owen Sound division, to Hanover, a distance of 27 miles, which will be extended about Aug. 1 to Walkerton.

The third section to be opened is from Embro, near Woodstock, to St. Marys, a distance of 18 miles.

WAR BALLOONS
EXCITE FRENCHGermans Landing Near Border
Give Rise To Speculation
and Suspicion.

Paris, June 29.—The frequency in the descents of German balloons, invariably with officers on board, near the eastern frontier, is causing a good deal of comment in the French papers, which ask whether these descents are really accidental and whether the ascents are not purposely made when the wind is in a certain direction and likely to take the balloons over the eastern garrison towns.

This week two balloons landed near Nancy, and in each case there were officers in the nacelle or car. They were taken before the military authorities, where having proved that they had no photographs or compromising documents, they were treated with every courtesy and conducted back to the frontier.

The facts prompt the press to declare that it has become necessary to draw up aerial frontier regulations.

PARLIAMENT'S WORK
MAKING PROGRESSThe Dominion Lands Bill Well Under
Way—Civil Service Bill Resumed.

Ottawa, June 29.—In the House of Commons today Hon. Frank Oliver's bill, containing 103 clauses, was passed in committee, with the exception of clauses 27 and 28, which deal with pre-emption, and clause 77. Notice was given by Mr. Jackson (Selkirk), and Theodore Burr (Dauphin), of amendments which will bring the greater portion of Northern Manitoba under the pre-emption clauses of the bill, enlarging the area in which the settler may secure a second 160 acres. The bill will eventually apply to practically all those sections of the west, where, owing to the dryness or the poor nature of the soil, it takes 320 acres to make a good farm. The clause which prohibits employees of the department of the interior from purchasing Dominion lands was amended at the suggestion of Mr. Borden, so as to prevent its evasion by the organization of a company. The House then took up the civil service bill.

Mr. Fielding gave particulars as to the commissions paid for the renewal of the 1874 loan. Under the terms of an agreement with the Bank of Montreal, sanctioned by order-in-council in 1892, the bank was paid for renewal of portions of the loan, \$1,875 in 1904 and \$2,250 in 1907.

In committee on the civil service bill, F. D. Monk, of Jacques Cartier, expressed regret that the outside service was not included.

Mr. Foster suggested an amendment to require that the two commissioners should be one of each party. That was the American practice.

Hon. Mr. Fisher replied that the American practice was not always a good example. It made partisan lines much more prominent than no politics in these appointments.

Mr. George Alcorn (Prince Edward) gave notice of a large number of amendments to Hon. A. B. Aylesworth's elections bill.

Claude Macdonell (South Toronto) has given notice of an amendment to make election day a public holiday.

DEADLY CLOUDBURST

Four Lives Lost—Result of Sudden
Flood in Creek.

Wellington, Kansas, June 30.—Four persons are known to have been drowned and a number are missing as a result of the overflowing of Hargis Creek, east of this place, which was caused by a cloudburst north of here, about 10 o'clock last night.

The flood came without warning and carried houses and other buildings before the people could reach places of safety.

DIED MAKING A CALL.

Toronto, June 29.—Nicholas Doles, aged 54, while making a call on his friend, Robert Rogow, Sumach street, this morning, was seized with a hemorrhage of the brain and died within five minutes.

The Cataract Power Company wish to insert in their agreement with Hamilton a clause as to rates "so that the company may not be put into unfair comparison with a system that may not be self-supporting."

EMPEROR WILLIAM
IN DREAD OF WARProphecies Still Superstition, in
Which the Kaiser Is a
Sharer.

Paris, June 30.—The Echo de Paris quotes a member of the Emperor Francis Joseph's immediate entourage to the effect that it is well known in Austrian court circles that the German Emperor, despite his bellicose talk, has a superstitious dread of war on account of two old prophecies according to which he is destined to be the last Hohenzollern ruler.

The first prophecy is not completely known, but it was made by an old monk of Tebnin.

The other prophecy which is well known in several European courts, originated in an ancient monastery in the neighborhood of Mayence. This prophecy, the end of the Hohenzollerns with William II., and it is added that his death would be caused by a great war.

The Kaiser shares the superstition and is eager for peace, so alarmed is he for his husband and children.

The Echo says that at the Austrian court certain contradictions and the acts of indecision which the Kaiser often evidences, are explained by this superstitious fear of which the Emperor keeps up assiduously.

CANNOT DEPEND ON
NIAGARA POWERToronto Electric Company Will Have
Steam Auxiliary Plant.

Toronto, June 30.—The Toronto Electric Light Company will not trust to the Niagara Falls altogether for current for light and power in the future. In one week there have been three breaks in the current somewhere between Niagara Falls and Toronto, and as a consequence the lights went out and wheels stopped all over Toronto. The company will rig up the old steam plant as a reserve force in the future.

"We have learned our lesson," said Mr. J. J. Wright, manager of the Toronto Electric Light Company, to The Star. "Even Niagara Falls and its power supply are not infallible. There must be some reserve force to take up the work in case of accidents such as have occurred recently. We had intended to discard our steam engine plant, and had commenced to look upon it as so much scrap iron.

PASTOR AND WIFE HONORED

Interesting Gatherings at Brownsville
Parsonage Recently.

The Brownsville parsonage was the center of attraction during the past week, with a host of admirers of Rev. J. G. Kerr and Mrs. Kerr.

On Tuesday evening the Brownsville congregation assembled, and after refreshments and a good musical and speech-making programme, Mrs. Kerr was presented with a purse of about \$50.

On Friday evening a similar pleasant affair occurred, only it was the Delmer people this time, when they presented Mr. Kerr with a handsome chair.

Mrs. Kerr was also given a beautiful pearl crescent by the W. M. S. of Brownsville.

Mr. and Mrs. Kerr have been very popular during their four years' term here, and will be very much missed in church work and socially.

SHOT SISTER'S SWEETHEART

Brother Cuts Short the Career of a
Modern Romeo.

Huntsville, Mo., June 29.—J. Bagby, 20 years old, was shot and instantly killed near here last night when, like Romeo of old, he clung to a rope ladder and talked to his sweetheart, Nellie Carter, 17 years old, the daughter of a well-to-do farmer.

E. J. Carter, Jun., the girl's brother, is held pending the coroner's inquest.

Young Carter admits the shooting, but declares he thought Bagby was a burglar, and did not know he had killed his sister's suitor until he struck a light and looked at the dead youth's face.

The Carters and the Bagbys are neighbors, and live 5 miles south of Huntsville. Both families are prominent, and were friendly until young Bagby began to pay attentions to his neighbor's daughter about six months ago. Her brother, it is said, opposed the match, and Bagby was forbidden to see her or enter the Carter premises.

\$5,000 FOR MRS. CLEVELAND

Ex-President's Widow Likely to Re-
ceive Substantial Pension.

Washington, June 29.—It is probable that Congress will provide a pension of \$5,000 a year for Mrs. Grover Cleveland, following precedent. Mrs. Garfield has received a pension of \$5,000 each year since 1882.

Mrs. Harrison, the only other president's widow now living, was not pensioned, but she was Mr. Harrison's second wife and married him several years after his term as president expired.

The Grand Trunk City Ticket Office will be open this evening or the sale of Dominion Day excursion and other tickets. "Clock" corner.

THE PAPER COMBINE.

Toronto, June 30.—Attorney-General Foy says papermakers in combine are nearly all in Quebec. Sir Charles Moss will act as administrator during absence of Lieutenant Governor Clark on holidays.

Hans Taucher, husband of Mme. Gadske, the opera singer, has reported to the New York police the loss of 80 revolvers, all of them gold-plated, and many of them set with diamonds and other jewels. Mr. Taucher represents in New York a famous German firearms factory. He suspects two men who claimed to be purchasing agents for the Moroccan Government. Not many years ago a well-known dealer was visited by a would-be seller who had in his hand an envelope containing 17 signatures of Samuel Pepsy, which he said he had just cut off the original letters to save trouble! By so doing he had diminished the value of his property by nearly \$200.

"RELIGION WITHOUT
A HIERARCHY"Criticism of the Pan-Anglican
Congress By the Organ
of the Vatican.

Rome, June 29.—The Observatore Romano, the organ of the Vatican, in an editorial concerning the recent Pan-Anglican congress in London says:

"Religion, without a legitimate hierarchy, although calling itself Christian, is a religion only for this world, as the questions discussed by the Pan-Anglican Congress show. Throughout the centuries all religions that have arisen without the seal of the real divine personality were similar to that discussed at the Pan-Anglican Congress. All of them aimed at securing the largest amount of joy in this life without caring for the other world."

At the end of a strong attack, the Observatore Romano says that Catholic Rome tomorrow will celebrate with veneration the anniversary of the death of Saint Peter at his tomb in a church which is a miracle of art and that this veneration will answer better than anything else the superlative poverty of the Pan-Anglican Congress.

From the attitude of the Observatore Romano it is supposed that Pope Pius will deal with the recent congress held in London in his forthcoming encyclical.
