

Report of Christian Endeavor Society.

In reviewing the work of our Society for the past year, we cannot but feel thankful for the success that we have attained. Not only has our membership roll increased, but there has been manifested a deeper interest and increasing zeal in the meetings which we hold on Sunday evenings.

In December of 1891 our membership roll numbered sixty-six, of whom thirty-nine were active, twenty-six associate and one affiliated members.

During the past year we have enrolled twenty-one active and eighteen associate, whilst the names of six active and five associate members have been struck off. Of these, five have left the city, eleven associate members were transferred to the active list, and one active member became affiliated. We have now a total membership of ninety-four, of whom sixty-four are active, twenty-eight associate and two affiliated members.

On account of so many of our members being absent from home during the vacation, no meetings were held during the months of July and August.

In addition to our regular meetings, we held meetings at the Convalescent Home, one social meeting at the Aged Women's Home, and each week five or six of our members attend and take part in the prayer meetings held at the Sabbath School on Waterloo Street.

In order to make our members better acquainted with each other, we held a social in the School Room and a picnic to Port Stanley.

Encouraged by the success that has attended our efforts, we felt ourselves capable of undertaking some active work outside of our own particular work in the Society, and of thus increasing our sphere of usefulness. We decided that our efforts
