NEW ST. ROSE'S PASTOR HERE TO BEGIN DUTIES

Milltown Congregation Sorry
to Lose Rev. M. T.
Murphy

The newly appointed pastor of St. Rose's church, Fairville, Rev. Michael T. Murphy, M. A., arrived by automobile last evening from Milltown, his former pastorate, to assume his new duties and will celebrate mass in St. Rose's on Sunday. He has already been heartily greeted by parishioners who met him today.

PRESENTATIONS MADE.

Father Murphy's departure from Milltown was much regretted, as was evidenced by the sentiments expressed in an address presented to him on last Monday evening, accompanying a purse of gold. The presentation was made at the close of the Forty Hours Devotions, in which Father Murphy was assisted by Fathers Carroll of Woodville, Sullivan of Eastport, Howland of Kingsclere, O'Keefe of St. Andrews and Rev. Mgr. O'Flaherty, D. F. of St. Stephen.

The address to Father Murphy set forth that his people felt that they were losing not only a true spiritual leader but also a priest who had proved his ability as a builder and a most able executive in temporal affairs. The work he had done on the church and property was not only a credit and delight to the Catholic people of Milltown but had earned the appreciation and praise of non-Catholic friends and would be a monument to his energies and capabilities. He would take with him the love and prayers of every member of the congregation, with whom he had greatly endeared himself. Father Murphy made suitable reply to the sentiments expressed. On a previous evening the pastor was honored by the Patriotic Club, when a large number gathered to bid him farewell and to present to him a purse of gold. The St. Croix Courier says: "Rev. Father Murphy was graduated from St. Joseph's University with the degree of B. A. in 1895 with distinction and the same university on its sixtieth anniversary named him a special speaker for the occasion and gave him the degree of Master of Arts. He came to Milltown from Devon in 1920 where the people made him pastor for the newly incorporated town. The congregation in Milltown and in all churches on the border were delighted that he was the beloved Father Ryan's successor. Of his character it is difficult to speak. It was, in a word, to all."

BYNG BOYS' GIFT

Local Organization Sends Silver
Cigarette Box to Retiring
Governor-General

Mr. Col. Norman P. McLeod and Lawrence MacLaren, as representatives of the Byng Boys Club, left yesterday for Ottawa where tomorrow morning they will say goodbye to Lord Byng on behalf of the club, and present to him a handsome silver cigarette box. The club, which was named after Lord Byng, has been visited by Lord Byng, and it was expected that he would be a guest of the members again this fall, but he found he was unable to come here.

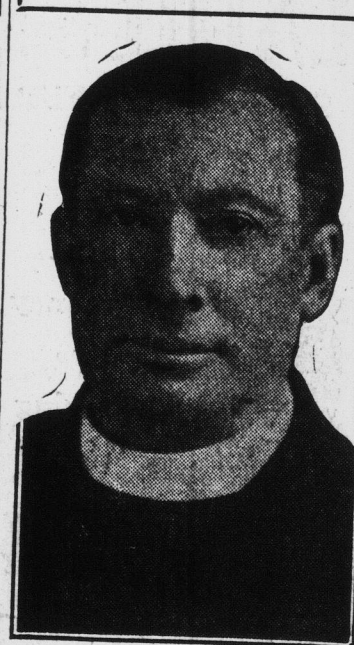

FOR BRIDE-TO-BE

The home of Mr. and Mrs. George Stevens, Connors street, Fairville, was the scene of a merry gathering last evening, when 75 young people tendered a novelty shower to their daughter, Miss Eva Stevens, whose marriage will take place at an early date. Little Helen Stevens, niece of the guest of honor, daintily attired in a frock of white organdie, and Master Alfred Stevens, nephew, also dressed in white, wheeled into the room a decorated ver, cut glass and linen. A delightful evening was spent in music and dancing. Ross Melvin gave violin selections and Miss Hilde Humphrey contributed piano solos. Dainty refreshments were served by the hostess, assisted by Mrs. William McAllister, Miss Marguerite Henderson and Miss Edna Stevens.

SEE THE FALLS

At high tide the water of the Bay of Fundy reaches a higher level than the water of the Saint John River and forces its way through the gorge of the Falls, creating a "fall" running up river.

At low tide the water in the Bay becomes so much lower than that of the river that the fall of water is reversed and flows down river into the Bay.

At half tide, when the level in the Falls is about equal, the water at the Falls becomes smooth. To fully appreciate this wonder of the world it should be seen at all three stages.

The best time to view this phenomenon is:

AS TO OCEAN RATES

That the amount of the increase in freight rates from Canada to the British Isles, referred to elsewhere, would be the option of one way or the other, was the opinion expressed this morning by H. C. Schofield. He was made by the Canadian announcement of the American conference would follow suit and also increase the rates.

As Hiram Sees It

THE SETTLEMENT: A kingfisher lit on the side of the wharf this morning and looked down into the water. After a minute or two he dove off that wharf like a bullet—an' come right up an' lit on the side of the wharf again. In a few minutes down he went again. Three times he dove off that wharf—an' then flew away. Me an' the town feller wasn't close enough to see whether he got a little fish each time or not—but it ain't likely he went away hungry. Our little musquash friend was feedin' again close to the shore below the wharf—an' after a spell he swam ashore an' run away up through the willows to the brook that comes in there. The next thing we seen was the wash from a steamer—near half a mile off when she passed—an' by that time was quite a long way up the river. The feller she was in motion never stopped till she rolled in an' foamed on the shore. Text fer a sermon right there. 'Pose he was thinkin' about waves o' life an' somethin' like that. We sometimes start things we can't stop.

Mackay, mah jong set and flowers from the Westfield and Rotherham Red Cross societies. Mrs. E. R. Taylor reported one death in Lancaster Hospital. Plans were made for winter entertainments at the hospital. Requests for books to replenish the library at Lancaster were made. The donors are asked to send the books to the depot or, if unable, Mrs. Walter Harrison will call.

SOMETHING ABOUT SOUSA

John Philip Sousa, who mixed with citizens during his stay Saint John, and made a facetious speech before the Canadian Club, is 73 years of age and rated in the commercial agencies as being worth over \$400,000. He has his residence at Manhasset, N. Y., and is about ready for occupation, concentrating his social life upon his home, married children and grandchildren. He is an ardent horseman, although he suffered an injury to his right arm in being thrown from his horse a few years ago that has robbed him of something of his well known grace in conducting, forcing him to confine baton movements to a limited scope. Mr. Sousa's income is large and continuous, due not only to concert engagements, but to royalties on his compositions and the reproduction of such on mechanical musical devices. It is said that on his famous march, "The Stars and Stripes Forever," alone, his income has already reached over \$800,000.

WEST SIDE OFFICE

The new quarters of the water and sewerage department for west side, which are in the rebuilt Carleton city hall, are about ready for occupation and will be taken over on November 1. Commissioner Wignome said this morning. The basement of the building will be used for storage of tools and material and an office will be located on the ground floor to the right of the main entrance.

Travelers' Aid Tag Day Is Neady

Tomorrow morning those Big Sisters to the Strangers at our Gates will be paying us all the compliment of suggesting a Tag contribution.

Their quiet service goes on all the time—protecting and guiding Girls who arrive by train and boat—helping the old and the sick—offering a friendly arm to one and all, hounding out and deporting undesirables. This good work must go on—\$2,000 is needed for current costs—and the measure of your contribution tomorrow will reflect your feelings in this vital social duty.
