Large Sum, \$75,000 to \$100,000.

Montreal, Oct. 21—C. S. Fosbery, M. A., head master of Lower Canada College here, anounced last night that he had made a will leaving all his interests in the college, apart from those of his family, to the college. These amount to between \$75,000 and \$100,000. The will, he said, is in favor of the Old Boys' Association, for the benefit of the college and is to become effective on his resignation or death.

The occasion of the announcement was a dinner to inaugurate a campaign to raise \$40,000 for the erection of a gymnasium as a memorial to the old boys of the college who went to the front and did not return.

A general strike throughout Poland has been proclaimed in protest against the proposed creation of an upper parliamentary house under the new constitution.
