## Men's Working Clothes

That Wear

It's the easiest thing we know to get good working clothes. No trouble to us to find them. There are brands that every dealer with horse sense is acquainted with, manufacturers whom everybody knows by name. Their guarantee is as good as the Bank of England and their goods as reliable as the Rock of Gibraltar.

We flatter ourselves that we know what working men of the North End want, and when it's no more trouble to get it than it is to get the other kind, that's all there is to it. We may not make so high a percentage profit but we'll do better in gross returns. Besides, we do pretty much all of it, hereabouts. What more can we expect?

Working Shirts, 50c, 75c, 90c.  
Overalls and Jumpers, 50c, 75c, 90c, \$1.00, \$1.20.  
Working Pants, \$1.25 to \$2.50.  
Dress Shirts, 50c, 75c, \$1.00, \$1.25, \$1.50.  
Warehouse Coats, \$1.50, \$1.75.

**SYDNEY STREET TO BE ALL OPEN FOR TRAFFIC TOMORROW**  
Now Have Pavement That Should Last Twenty-five or Thirty Years

The work on the street pavement on the east side of King Square will be completed tomorrow and the street will be open to traffic with a permanent road-bed guaranteed to last twenty-five years. The work in this particular street has been more than usually difficult, as the whole hill is a ledge of rock which had to be smoothed with picks before the constructive work could be begun. The process of laying the new roadway is a comparatively simple one. After the rock bottom has been leveled roughly a layer of concrete six inches thick is laid. Over this is spread an inch and a half of sand. Then the granite blocks, about nine inches long and five thick, are laid down, with a space three-quarters of an inch left between the surfaces of each. In the space so left grout, consisting of sand and concrete, is poured and this makes the whole a solid mass with enough roughness on the surface, however, to give the horses good footing.

Every one hundred feet along the street a space consisting of six blocks is filled with pitch instead of with grout. This is done so as to allow for the expansion and contraction caused by heat and cold. The space between two blocks is likewise filled with pitch along each side of the street for the same reason. The great advantage of the pavement comes from its durability. Any street laid with these granite blocks should last without repairs for twenty-five or thirty years. When the blocks wear smooth, they are turned on another side and the street is practically renewed.

All the cities of the United States have tried this system of street building for many years and in all cases the satisfaction given has been great.

### CAPTAIN MELVIN DEAD IN ST. MARTINS, AGED 77

Captain Ebenezer Melvin passed away at two o'clock this morning at the home of his sister, Mrs. Hannah Parks, St. Martins, after an illness lasting nearly a year. His wife and children died in England some years ago. Captain Melvin is survived by his sisters, Mrs. Lydia Munde of Portland, Mr. Mrs. Parks and a brother, Thomas, in St. Martins, and a sister-in-law, Mrs. Cassie Melvin, of West St. John. Ernest Melvin and Ross Melvin of West End are nephews, and Mr. Bradshaw of Fairville also is a relative. The funeral will be at half-past two o'clock on Wednesday in St. Martins.

### SIGNS OF THE COMING FALL

The breath of autumn was in the air over the river this morning. The distant hills looked cold and blue, and a decidedly chill wind swept down the valley. Only the more hardy annuals among the passengers on the Quocnee were willing to brave the wind on the outer deck. As usual she had a large passenger list, more than thirty getting on board at Public Landing alone.

But there are other signs of autumn in addition to the sudden drop in temperature last night. The golden-red begins to flame along the country roads, and here and there a touch of gold or crimson is seen among the leaves of the maples and other trees. Within three weeks vacation will be over; schools will be reopened, and the summer of 1913 a memory.

### WARNING TO GIRLS WHO AFFECT THE HOBBLE AND WHISTLE IN THE STREET

Some Remarks From Police Court Bench — North End Boys Entirely Freed of Report Against Them

"There is an old saying," said Magistrate Ritchie in court this morning, "to beware of crowing hens and whistling women, but now, bless you, you see girls every day whistling to their chums a block off. They would be very much gratified if about a dozen of them were called up here some fine morning in their hobble skirts, all colors of the rainbow, yet the police act distinctly says that there shall be no crying or whistling in the street."

These remarks were called forth by the growing number of cases of disorderly conduct on the part of young boys. This morning two complaints were heard in court.

Abraham Friedman, a Hebrew, who lives at 25 Acadia street, had three boys charged with disorderly actions in front of his house on Thursday night. He said that the boys had come along about half past ten and had called him "sheeny" and "Jew," and afterwards had broken one of his windows by throwing stones. Two of the boys were fined \$8.

George Larkin, of 156 Main street, had four other boys in court charged with creating a disturbance in his yard. E. S. Ritchie appeared for one boy. In the course of the examination it came out that the boys had been in Larkin's woodshed a few minutes to escape the rain and without being given warning were suddenly confronted with a policeman who told them to appear in court. Two ladies who are connected with the playground gave the boys the highest praise; they had always been quiet and well behaved while at the grounds and had also been of much help to those in charge. One of the ladies thought that the charge had been brought against the lads because of prejudice on the part of the complainant. After hearing the evidence of the ladies His Honor dismissed the boys.

### SEVEN GAMES FOR THE GREEKS THIS WEEK; FIVE WITH FREDERICTON

New Pitcher and New Outfielder Secured by Marathons as Season End Draws Near

This is to be a busy week with the Marathons, in all they are to play seven games—two with Bangor and five with Fredericton. The Bangor games are today and tomorrow at Bangor. Then there will be a game with Fredericton here on Wednesday, a double header with Fredericton at the capital on Thursday and Friday and Saturday with Fredericton here.

Not only is it a big week of games, but the fact that the Greeks will play Fredericton five games—three of the games on the local diamond—makes it an attractive one for the fans, for they do like to see these two teams at it. As known, Fredericton has a new pitcher in Phelan and St. John has secured a new one—Woodcock, who is expected here by tomorrow night. He was signed by Fredericton, pending Dave Morey's arrival, and, as there was then no place, was let go. He has since been in Cape Breton. He is counted a good man. The Marathons also have secured a hard hitting outfielder named York, who is to join the team at Bangor, as McPherson is still incapacitated. Both St. John and Fredericton, therefore, evidently look on this week's games as vital ones and there should be some strenuous contests. The locals start the week with a nice lead, but will have to play hard. The week's schedule complete is as follows:—

Monday, 11th—St. John at Bangor; Calais at Fredericton.  
Tuesday, 12th—St. John at Bangor; Calais at Fredericton.  
Wednesday, 13th—Calais at Bangor; Fredericton at St. John.  
Thursday, 14th—Calais at Bangor; St. John at Fredericton, double header.  
Friday, 15th—Fredericton at St. John; Bangor at Calais.  
Saturday, 16th—Fredericton at St. John; Bangor at Calais.  
Eddie Ramsey was not well and did not go to Bangor today.

### TOMORROW WILL BE 'PRENTICE BOYS' DAY

Large Gathering From St. John and Various Parts of Maritime Provinces in Fredericton

On tomorrow the 'Prentice Boys will observe their anniversary day, Aug. 12. The St. John county members of the order will take part in a large gathering in Fredericton and with friends will leave here on an excursion on the train at 7.30.

There also will be members of the order from several New Brunswick points and also from Nova Scotia. The St. John members, on reaching the capital, will march from the train to the Old Government House grounds, where also will assemble the members from other sections. At 2.30 all will join in a large parade through Fredericton streets, returning to the grounds to hear a series of speeches. Among those expected to give addresses are Premier Fleming, Provincial Secretary McLeod, J. B. M. Baxter, M. P., grand master H. Sellen and L. Ed. Rolston of St. John. They expect a fine celebration.

**THE PROVINCIAL RACES**  
Bangor Commercial—Hugh O'Neill, of Fredericton, and William McQuade, of St. John, while in this city this week, attending the races, completed arrangements for 15 entries in the provincial races. The provincial races have always been a big attraction for horses in this section of the state, and suitable purses attract many horses from the larger cities of the state. It is predicted that Bangor horses will win honors in the provinces, and several first moneys are looked forward to.
