Doan's Kidney Pills
Are the Best Remedy in The World
FOR BACKACHE.

Many people fail to understand the significance of a lame, weak, sore or aching back.

You overtax the kidneys—give them more work than they can possibly do—then they cry out in protest through the pain in the back.

Backache is simply kidneyache and the best remedy in the world for backache and all kidney troubles is Doan's Kidney Pills.

We have thousands of testimonials from all quarters of the globe to prove this. Here is one from a party who used them in England, but who is now a resident of Canada.

Mr. P. R. Glanville, Wyldlife, B.C. writes:—When living in the "Old Country" three years ago, I suffered severely from pains in the back, and had to give up work. The pain was so bad that when I stooped down to pick anything up, I felt my back must break. I tried all sorts of remedies and several doctors, but all to no purpose. One day I read of Doan's Kidney Pills, and thought I might as well try them, and to my surprise, before I was half through one box the backache had entirely disappeared, and it has not caused me any trouble since. I always keep "Doan's" in the house and shall always recommend them to all sufferers.

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

**LAUGHING AT JOKE,
SHE SWALLOWS TWO
PINS AND MAY DIE**

Brooklyn, Mass., May 17.—Mrs. Clarence York, of No. 124 Summer street, swallowed two pins while laughing at a joke told by her husband. She is in a serious condition in the Brooklyn hospital and it has been necessary to use the X-ray in an attempt to locate the pins.

Mrs. York was preparing to retire at an early hour and after undressing her collar she placed several small pins in her mouth. Her husband had told her several jokes. Finally he told her one that was so funny that Mrs. York could not restrain her laughter and in so doing she swallowed two of the pins.

**CHAFED AND
ACHING FEET**

How far can you walk without suffering in one way or another from discomfort to your feet?

Modern footwear is a prison house and the result is chafed, sore, inflamed feet. You can get a world of comfort by using Dr. A. W. Chase's Ointment when your feet give you trouble. This treatment is so delightfully soothing and healing that it helps you as soon as applied.

Unlike ordinary powders which clog the pores, Dr. Chase's Ointment makes the skin soft and smooth and prevents corns and bunions.

When the feet are chafed, scalded, itching and tired it takes out the stinging and burning and its benefits are both quick and lasting.

**RICHESON TO DIE IN
ELECTRIC CHAIR; HE
IS DECLARED SANE**

Boston, May 16.—Clarence V. T. Richeson's last hope of escaping the death chair next week for the murder of Avis Linnell, of Hyannis, expired tonight, when Governor Foss announced that he would not refer Richeson's petition for commutation of sentence to the executive council.

The statement from the governor followed closely the filing of the reports of the special insanity commission which declared the condemned man sane, although subject to fits of hysterical insanity. The commission found that Richeson was sane at the time of the murder and that he is sane at the present time.

"Executive clemency will not be extended in the case of Clarence V. T. Richeson," the statement continues. "The prisoner was sentenced upon his own confession and without trial for a crime, which it appears impossible that any normal man could commit."

**PRESS RATES ON DESPATCHES
IN MARITIME PROVINCES ARE
REDUCED TO OLD RATE**

Ottawa, May 16.—The railway commission has issued judgment on the application by Canadian Press Ltd. concerning telegraph rates. The first application requested that G. N. W. and Western Union provide special rates for press association despatches equal to those of the C. P. R. The second request was that C. P. R., G. N. W. and Western Union should restore the rate of 25 cents per hundred for press despatches in the maritime provinces which was in effect up to Sept. 1, 1910.

The board refused the first application, holding that since the companies contend the service would not be remunerative, circumstances do not justify imposing the rate asked.

The second demand is granted. The board finds that the 25-cent rate for press despatches obtained for many years prior to 1910 and still holds in Ontario and Quebec, whereas in the maritime provinces it has been increased to fifty cents. This it considers constitutes a plain case of discrimination, and the restoration of 25-cent rate is therefore ordered in the maritime provinces.

He has had a very brilliant three years at the university, leading the list of matriculants upon his entrance and winning the county scholarship of Kings. In his second year he captured the Whitford scholarship \$100 a year for three years, besides taking high honors outside of the ordinary subjects. This spring he was the junior representative

upon the team that captured the honors from Windsor in the joint debate in the town hall. The University Monthly, speaking of his success, said: "A. N. Carter, of the U. N. B., opened for the negative and from the first his pleasing voice, fine presence and oratorical delivery held the attention of the audience. Nor was he lacking in argument. He showed that the usual political arguments for rate asked."

The Canadian navy, such as local autonomy, was his negative and from the first his pleasing voice, fine presence and oratorical delivery held the attention of the audience. Nor was he lacking in argument. He showed that the usual political arguments for rate asked."

His peroration on the gratitude which Canada owes England, on account of the British money and peace, the two factors in our development, was excellent. Taken altogether, Mr. Carter's speech, while not the strongest from an argumentative viewpoint, due altogether to the

The report of the board of directors showed a very satisfactory year's business. The net earnings amounted to \$84,430.13, of which \$78,065 was paid in dividends and which leaves surplus \$6,365. It is understood that the stock will shortly be placed on a quarterly dividend basis.

BACK TO NEW BRUNSWICK

As a result of yesterday's canvass of the city of more than \$2,400 was secured in cash and pledges towards the expenses of the Back to New Brunswick week campaign. The members of the committee were unable to complete their work yesterday and they still hope to double this amount.

Of the other places in the province which are joining in the old home week movement Chatham and Newcastle will observe the whole week. Sackville will have special attractions for two of the days and Sussex will have a public bath and day during the week. It is estimated that 25,000 former New Brunswickers will be brought back for that week and that many of them will remain in the province.

**KAISER HAS CREATED
ANOTHER SENSATION**Threat to Smash to Pieces The
Alsace-Lorraine Convention

Berlin, May 17.—Nothing the Kaiser has said or done in many months has created such a sensation or so much widespread comment in the German press as his threat at Stettinburg to "smash to pieces" the recently granted constitution of Alsace-Lorraine and make it a Prussian province if political conditions there do not change.

The Kaiser's threat and warning was delivered to the Alsatian Diet, which passed a vote of censure on the Alsatian government for boycotting the Grafenstätt Locomotive Works because of the pro-French agitation of its managers and employees who carried French flags at picnics.

The Radical, Liberal and Socialist papers sharply criticize the Kaiser's utterances. They remind him that the Reichstag will have something to say about rescinding the Alsatian constitution, that it was not of his own making, and that he could not unmake it.

Some of the papers agree that the Alsatians are missing their newly granted liberty, but they regard the emperor's threat as indiscreet and without tact, and that it will not tend to improve the situation. On the other hand, the Chauvinistic and Conservative papers applaud his declaration.

It is expected that there will be an interpretation on the subject in the Reichstag. Coming on top of the dining row, it is liable to make things interesting.

**WOMEN WIN HAT
WAR AT EXPENSE OF
MEN IN THEATRE**

Berlin, May 17.—The women have routed Herr Jagow, the police commissioner, in the great theatre hat battle. It will be recalled that some months ago the commissioner after listening to complaints from men sufferers, issued a decree that the ladies must remove their hats in the street and other places where they interfered with the vision of the male. He also put it up to the managers of such places to enforce this order.

The managers asked the women to obey the edict, and they refused to do so. The managers saw their receipts declining night after night, because the women would not attend the shows if they could not wear their hats. This got to be a serious matter and the managers took it to the courts.

They have now won a decision that the decree of the commissioner was illegal and the order has been nullified.

SIBERIA FOR LIFE, TOO

Warsaw, May 17.—It has now been ascertained that in addition to the sentence of four years' penal servitude imposed on Miss Kats, the English-woman recently found guilty of belonging to an illegal Polish society, she has also been condemned to exile for life in Siberia.

**WAS A GREAT SUFFERER
FOR FIVE YEARS
FROM DYSPEPSIA.**

Dyspepsia is one of the most prevalent troubles of civilized life, and thousands of people suffer untold agony after every meal, for nearly everything that enters a weak dyspeptic stomach acts as an irritant.

The long train of distressing symptoms, which render life a burden to the victim of dyspepsia, may be promptly cured by the use of Burdock Blood Bitters. Mrs. Wm. J. Boyne, Leprau, N.B. writes:—"I thought I would write and tell you of the good Burdock Blood Bitters has done me and also tell you how thankful I am."

"For five years I had been a great sufferer from dyspepsia, and tried different doctors and proprietary medicines, but could get no relief. One day a friend told me to try Burdock Blood Bitters. I did not have much faith in it, but I thought I would give it a trial. To-day I am completely cured, and I will always recommend it."

Burdock Blood Bitters has been on the market for about thirty-five years and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

DEATH PACT OF ELOPERS

Vienna, May 17.—The gay crowds who were rejoicing in the fine spring weather in the Prater the other day were startled to hear two shots ring out from some bushes near the Lusthaus. It was one of those tragedies which are only too common in this country, where "life-gaiety" and "life-weakness," so often go hand in hand.

A man and a woman were found lying wounded under the bushes. He was a doctor from Teichsternberg, named Munk, and she the wife of Doctor Katz, one of his medical colleagues there. They had eloped and traveled to Vienna, and, as appears from letters they had written, determined to die together when they realized that they had now nothing to live upon.

Doctor Munk shot Frau Katz first, but his hand must have shaken, for the bullet inflicted only a scalp wound, though this was sufficient to stun her. He then shot himself through the temple. Frau Katz was soon brought to consciousness, but when she saw her lover dying she endeavored to throw herself into a pond.
