CHILDREN MAKE PRETTY SIGHT IN PICNIC MARCH

Cathedral Sunday School Parade to Depot Is Attractive Picture

The weather man brightened the hearts of hundreds of children of the Cathedral parish today when he sent along sunshine in the "Biblicus Picnic," postponed from yesterday. At 8 o'clock this morning the Cathedral bells rang out again announcing that the picnic would be held at Torryburn. An early morning fog soon lifted and a fine day ensued for the picnic.

Sharply at 10 o'clock some 280 little girls assembled at St. Joseph's school and at many boys gathered at the old St. Malch's Hall, Sydney street. The City Cornet band led the girls up Sydney street. To musical airs the kiddies marched to the Union Depot where they entrained at 10:30 o'clock for the picnic grounds at Torryburn. Many citizens gathered along the line of march and the kiddies presented an attractive and happy appearance as they walked along to the music of the band.

The girls were in charge of Rev. C. P. Reynolds and Rev. James Brown while Rev. William M. Duke and Rev. Charles Boyd looked after the boys.

COMMITTEE OUT EARLY

The committee, which has had in hand the details for the picnic for several days, went out to the grounds on the 8 o'clock train this morning and had everything in readiness for the arrival of the children. The 12:20 and the 2:30 trains took a large number of adults out to the picnic and early reports this afternoon was that the day was proving a gala one. Many people also journeyed out by automobile and indications were that a large number would be on hand at supper time. The picnicers will return to the city this evening by train leaving the grounds at 6 and 8 o'clock.

SEE THE FALLS

At high tide the water of the Bay of Fundy reaches a higher level than the water of the Saint John River and forces its way through the gorge of the falls, creating a "fall" running up river.

At low tide, when the level in the Bay is lower than that of the Saint John River, the water of the falls becomes smooth as the surface of a lake.

To appreciate this wonder of the world it should be seen at all three stages.

The best time to view this phenomenon is:

As Hiram Sees It

THE SETTLEMENT—You kin tell town folks from country folks from the time they get up in the mornin'. Gintally it's from nine o'clock till noon—after us country folks has been up four or five hours. I guess if they knowed what they miss when they don't get the fresh mornin' air about sunrise—see the river an' the hills an' meadows—hear the birds an' watch the world wakin' up—they'd change their ways. They aint two mornin' alike — an' the's some noo trick of old Mother Nature every minute to make a feller wonder how it was done. I couldn't stay abed in the mornin' if I wanted to—unless I hed to. These here town folks wont go to bed till all hours—an' then they sleep late. They got the habit in town. It aint a good habit. I told some 'em to—an' they laughed at me. Well, sir, mebbe I'll be laughin' when they're tellin' the doctor about their nerves breakin' down. Yes, sir.

HIRAM.
