leading British Periodicals viz:

LONDON QUARTERLY (Conservative.)
EDINBURGH REVIEW (Whig.)
NORTH BRITISH REVIEW (Free Church.)
WESTMINSTER REVIEW (Liberal.)
BLACKWOOD'S EDINBURGH MAGAZINE
(Tory.)

These Periodicals ably represent the three
great political parties of Great Britain—
Whig, Tory, and Radical—but politics forms
only one feature of their character. As
Organs of the most profound writers on
Science, Literature, Morality, and Religion
they stand, as they ever have stood unvalued
in the world of letters, being considered
indispensable to the scholar and the pro-
fessional man, while to the intelligent reader

of every class they furnish a more correct
and satisfactory record of the current literature
of the day, throughout the world, than can
be possibly obtained from any other source.

EARLY COPIES.
The receipt of advance sheets from the
British publishers gives additional value to
these Reprints, inasmuch as they can now
be placed in the hands of subscribers almost
as soon as the original editions.

TERMS.
For any one of the four Reviews \$3 00
For any two of the four Reviews 5 00
For any three of the four Reviews 7 00

five Periodicals above-named is about \$31
per annum.

THE FARMER'S GUIDE
TO SCIENTIFIC AND PRACTICAL AGRICULTURE
BY HENRY STEPHENS, F. R. S., of Edin-
burgh, and the late J. P. Norton, Professor
Scientific Agriculture in Lane College, New
Haven. 2 vols. Royal Octavo. 1600 pages
and numerous Wood and Steel Engravings.

This is, confessedly, the most complete
work on Agriculture ever published, and in
order to give it a wider circulation the pub-
lishers have resolved to reduce the price to
FIVE DOLLARS FOR THE TWO VOLUMES.

When sent by mail (post paid) to California
and Oregon the price will be \$7. To every
other part of the Union, and to Canada (post
paid, \$6.) This work is now the
"Book of the Farm."

Remittances for any of above publications
should always be addressed, post-paid, to the
Publishers,

LEONARD SCOTT & CO.,
No. 54 Gold-street, New York.

Notice to the Public.

WHEN any LETTERS are dropped into the
staid of being handed in at the Window and a Re-
ceipt taken for them, they will be Registered, and
the Registration, in addition to the Postage, charged
to the person addressed.

AYER'S CHERRY PECTORAL.

FOR THE RAPID CURE OF
Colds, Coughs, and
Hoarseness.

Boston, Mass., 20th Dec. 1856.
Dr. J. C. Ayer: I do not hesitate to say the
best remedy I have ever used for Coughs,
Hoarseness, Influenza, and the complicated
symptoms of a Cold is your CHERRY PECTORAL.
I have used it in my practice and my family
for the last year, and have found it to possess
superior virtues for the treatment of these
complaints. WILKES KENDRICK, M. D.

A. R. MORTLEY, Esq., of Utica, N. Y., writes: "I have used
your PECTORAL in my family ever since you invented
it, and believe it the best medicine for its purpose ever put out.
With a bad cold I should sooner pay twenty-five dollars for a
bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.
BROOKLYN, N. Y., Feb. 1st, 1857.
Dr. J. C. Ayer: I will cheerfully certify your PECTORAL is the
best remedy for the Croup of Infants, and the
hoarseness of children. We of your fraternity in the
South appreciate your skill and commend your medicine to our
patients. H. L. COCKLEY, M. D.

AMOS LEE, Esq., of Worcester, Mass., writes, Jan. 1st, 1856: "I
have a tedious Influenza, which confined me in doors six weeks
and rendered me almost helpless. I finally tried your PECTORAL
by the advice of our clergyman. The first dose relieved the
cough, and the second cleared away the phlegm. I have since used
it as a preventive, and have found it the cheapest and best
as well as the best remedy for Coughs, Whooping Cough, and
all the pulmonary affections of the human system."

Asthma, or Phthisis, and Bronchitis.
WASH. D. C., Feb. 1st, 1857.
Dr. J. C. Ayer: I am performing marvelous cures
in this section. It has relieved several from alarming symptoms
of consumption, and is now curing a man who has labored under
an affection of the lungs for the last forty years. HENRY L. PARKS, Merchant.

A. A. RAMSEY, M. D., Albany, N. Y., writes, Nov. 1st, 1856.
I have used your PECTORAL for giving ease and relief
to consumptive patients, or curing colds in the
lungs, and have found it the best remedy for the
relief of the victims of this disease in all its stages.

Consumption.
Probably no one remedy has ever been known which cured so
many and such dangerous cases as this. Some say human life
can reach; but even to those the CHERRY PECTORAL affords re-
lief and comfort.

AMOS LEE, Esq., of Worcester, Mass., writes, Jan. 1st, 1856.
I feel it a duty and a pleasure to in-
form you what your CHERRY PECTORAL has done for my wife.
She was afflicted with a severe Cough, and had been under the
care of several physicians, and had used many remedies, but
without success. She was steadily failing, until Dr. Ayer's
Pectoral was sent her, when she recovered, and is now as well
as ever. We bless his kindness, as we do your skill,
for the recovery from that day. She is not so strong as
she used to be, but is free from her cough, and calls herself well.
Yours, with grateful remembrance, ORLANDO SHELLEY, or SHELLEYVILLE.

Consumption, do not despair till you have tried AYER'S CHERRY
PECTORAL. It is made by one of the best medical chemists in the
world, and its cure of consumption is beyond the high merits of its
virtues. —Philadelphia Ledger.

Ayer's Cathartic Pills.

The secret of Chemistry and Medicine have been traced
their utmost to produce this best, most perfect purgative
known to man. Innumerable proofs are shown that
these PILLS have virtues which surpass in excellence the ordinary
purgatives, and that they are perfectly safe and reliable in
all cases, and that they are perfectly safe and reliable in
all cases, and that they are perfectly safe and reliable in
all cases.

AYER'S PILLS.

FOR ALL THE PURPOSES OF A
FAMILY PHYSIC.

There has long existed a public demand for an
effective purgative pill which could be relied on as
sure and perfectly safe in its operation. This has
been supplied by the CHERRY PECTORAL, and an exten-
sive trial of its virtues has conclusively shown with
what success it accomplishes the purpose designed.
It is easy to make a physical pill, but not easy to
make the best of all pills—one which should have
none of the objections, but all the advantages, of
every other. This has been attempted here, and
with what success we would respectfully submit to
the public decision. It has been unfortunate for the
patient hitherto that almost every purgative
medicine is acrimonious and irritating to the bow-
els. This is not. Many of them produce such
gripping pain and revulsion in the system as to more
than counterbalance the good to be derived from
them. These pills produce no irritation or pain,
and are perfectly safe in their operation. Hence a
purgative, no harm can arise from their use in any
quantity, but it is better that any medicine should
be taken judiciously. Minute directions for their
use in the several diseases to which they are ap-
plicable are given on the box. Among the com-
plaints which have been speedily cured by them, we
may mention Liver Complaint, in its various forms
of Jaundice, Indigestion, Languor and Loss of Ap-
petite, Headaches, Irritability, Bilious Headache,
Bilious Fever, Fever and Ague, Pain in the Side
and Loins, &c. In truth, all these and the com-
monest of diseases are cured by them. As an
aperient, they afford prompt and sure relief in Con-
stipation, Piles, Colic, Dysentery, Hemorrhoids,
Scour, &c. They are also a powerful remedy for
Ulcers and impurity of the blood; in short, any
and every case where a purgative is required.

They have also produced some singularly suc-
cessful cures in Rheumatism, Gout, Dropsy, Gravel,
Erysipelas, Pimples of the Face, Pains in the
Back, Stomach, and Side. They should be freely
taken in the spring of the year, to purify the blood
and prepare the system for the change of season.
As a constant action on the circulatory system, re-
new the strength of the body, and restore the
wasted or diseased energies of the whole organism.
Hence an occasional dose is advantageous, even
though no serious derangement exists; but un-
necessary dosing should never be carried too far,
as every purgative medicine reduces the strength,
when taken to excess. The thousand cases in which
a physic is required cannot be enumerated, but
they suggest themselves to the reason of every
body; and it is confidently believed this pill will
answer a better purpose than any other which has
been made available to mankind. When their
virtues are once known, the public will no longer
doubt what remedy to employ when in need of a
cathartic medicine.
