PAVEMENT BLOWN UP BY EXPLOSION

One Person Killed and Twenty-Five Others Injured in Brooklyn

New York, Nov. 18.—Triple explosions of gas pent up beneath the pavement of a crowded street in the downtown section of Brooklyn resulted in the killing late last night of one person and the injury of twenty-five others. The explosion wrecked a mile of electric conduits and the theatre section of Brooklyn was in darkness the greater part of the night.

James Bryce, the British ambassador, delivered a lecture in the Brooklyn Academy of Music by candle light and the theatres were compelled to rely upon candles for their performances.

LOCAL NEWS

Fired a Shotgun.—A man named N. E. Grongard was arrested by Provincial Constable Booth Friday afternoon on information given by a property owner at Cadboro Bay, where the man is alleged to have fired a shotgun after being warned not to do so by the property owner. Grongard is out on bail and his action will be investigated on Friday next.

o o o

New Library Act.—At the suggestion of the secretary of the B. C. Library Association, the Union of Municipalities at their conference here passed a resolution heartily commending the movement to secure a satisfactory modern library act for the province, which would be applicable to the condition of British Columbia.

o o o

Sealing Licences.—As the agreement between Great Britain, the United States, Japan and Russia, suspending pelagic sealing for fifteen years, comes into force on December 15, instructions have been sent out from Ottawa to Collector Newbury not to issue any more sealing licences and not to clear any vessels on sealing voyages.

o o o

St. Columba Church At-Home.—The Ladies' Aid of St. Columba church, Oak Bay avenue and Hulton street, will give an "at-home" on Wednesday afternoon next. Tea will be served from three o'clock, and a number of useful articles, suitable for the Christmas season, will be displayed for sale. A fine programme has been arranged for the evening.

o o o

Disclaimer from Mr. Thompson.—Clarence Thompson, organist of St. James' church, and secretary of the B. C. Employment and Statistical Bureau, formerly of Duncans wishes to disassociate himself from any connection with a man of the same name, who was recently sentenced to five years in the B. C. Penitentiary for embezzlement.

o o o

Ball for Joint Charities.—The Knights of Columbus chapter here proposes to give a ball at the Alexandra Club on January 24, in aid of the Royal Provincial Jubilee hospital, St. Joseph's hospital, and Tranquille sanitorium, the proceeds to be equally divided, and for that purpose are asking for the various bodies to be benefited to cooperate, three ladies each to help in the arrangements for this function.

o o o

Over-Seas Club.—The first meeting of the winter session of the Over-Seas Club will be held in the lodge room of the A.O.F. Society at 1415 Broad street (between Johnson and Pandora streets), at 8 o'clock on Tuesday evening next. The delay in reassembling for the winter has been due to the difficulty of procuring a comfortable room, and it is hoped that every member will make an effort to be present, as there is business of importance to transact. There will be a musical programme.

o o o

Quiet at Fernie. — Superintendent Campbell, of the provincial police force, who is in Fernie in charge of the police arrangements there during the strike troubles, has sent a report to the attorney-general's department stating that the difficulties are now apparently at an end, and that the force at his command is quite sufficent should any further trouble occur. He reports that there is no suffering for food among the miners, but that there is a shortage of fuel and also of clothing.

o o o

Wireless Stations.—The Board of Trade Council, at its meeting this week, will take up the question of additions to the chain of Dominion government wireless stations along the coast. Shipping interests desire to see one or more stations established between Cape Lazo and Prince Rupert. The board is in receipt of a copy of a resolution adopted by the Vancouver board, calling for the establishment of stations at Alert Bay and Swanson Bay.

o o o

A Continual Increase.—At the regular meeting of Victoria Lodge, I.O.G. T., in the school of the Church of Our Lord, corner of Humboldt and Blanchard streets Friday evening, there was again a substantial addition to the membership. Seven new members were enrolled, making a gain of twenty in three weeks of the new quarter. The programme for the evening was "Picture Postcards and Letters From Near and Far." Many kindly messages from lodges of the order in many parts of the world were read and inspected, and general musical items were also rendered.

o o o

The Coming Bazaar.—The ladies of the Congregational church are looking forward with much pleasure to their eleventh annual bazaar to be held in the lecture hall of the church on November 22. With the president, Mrs. Herd, at the head, the committee will conduct the different departments as follows: Plain work booth, Mrs. Buick and Mrs. Boorman; fancy work, Miss Metcalf, Mrs. McCain; candy stall, Mrs. Harger, Miss Hodgkinson; flower stall, Miss Roberts and Miss Howell; the tea room, Mrs. Kinney and Mrs. Harger, and the kitchen, in which the ladies will prepare, as usual, an excellent supper, is in charge of Mrs. Hodgkinson, Mrs. Holt and others.

o o o

Financial Assistance.—The municipality of North Saanich will shortly pass out of existence through its disincorporation, and this creates a somewhat unusual situation in regard to the financial liabilities of the corporation. There are several items of expense to be provided for and payments to be made, but there will be no council in being when the tax collections come in. Reeve Armstrong headed a deputation which waited upon the acting premier, Hon. Dr. Young, yesterday afternoon, to ask that the government meet the outstanding liabilities of the municipality, taking the taxes due as security for the amount. The executive promised to do this, and also to look after educational expenses.

PROPOSED CITY PARK FOR CRANBROOK

Council Appoints Committee to Investigate—Sewerage Work

Cranbrook, Nov. 17.—At the regular meeting of the city council several matters of great importance, looking to the improvement of the city, came up for consideration.

The first business of public interest to arise was in connection with the petition of Slaterville residents for a water service.

Mr. Knocke, as spokesman for a delegation, outlined existing conditions in Slaterville in regard to water supply and intimated that at a recent meeting of property owners it had been decided to request the city of Cranbrook to co-operate with Slaterville residents in securing a better system. In the outcome the following resolution, moved by Ald. Bowness and seconded by Ald. Johnson, was adopted:

"That the petition of Slaterville residents re water supply be received and that an agreement be drawn up by the city solicitor for their signature."

Ald. Bowness further gave notice of motion to amend the water works by-law to meet the exigencies of this case.

Ald. Jackson then brought up the question of grounds for the city, including a lake. He pointed out that a suitable site could be secured, which contained a large pond, about a mile and a quarter beyond the west boundary of the city. At a relatively small cost, this pond could be dammed and enlarged to make a fair sized lake.

On motion of Ald. Jackson and McNabb, a committee was appointed to investigate and report upon the project.

From reports presented by the John Galt Engineering company it appears that the cost of sewerage installation to date amounts to $34,000. So far the expenditure has been kept within the estimates.

GENERAL REYES ARRESTED.

Taken Into Custody at San Antonio, Texas, Charged With Violating Neutrality Law.

San Antonio, Texas, Nov. 18.—General Bernardo Reyes was arrested today by a United States marshal here on a charge of violating the neutrality law. The arrest was made in pursuit of an indictment returned by the federal grand jury now sitting at Laredo.

Federal secret service men have evidence of an active Reyes junta here which has been carrying on an extensive campaign of getting arms and ammunition across the Mexican border. It is said that the plan of the junta was to begin an attack on Juarez.

Prominent men from Mexico, former federals, are in El Paso and several of them are under close surveillance. One former Chihuahua attorney is said to have sent twenty or more wagon loads of arms across the river, hidden in household goods. When suspicion pointed to him he left the city. The junta, it is said, has $100,000 available in El Paso banks.

Washington, D. C., Nov. 18.—Commanders of the American troops now near the Mexican border were ordered to-day to hold themselves in readiness to proceed immediately upon request of the proper federal officers to enforce the neutrality laws of the United States.

OBJECT TO BEER IN CANTEENS.

Toronto, Nov. 20.—Officers attending the militia conference at Ottawa have recommended the legalizing of some of the lighter beers in canteens in military camps. This procedure has caused quite a "to do" in temperance circles.

"I never dreamed of such a recommendation being made by anyone," said Mrs. E. A. Stevens, general secretary of the Dominion Women's Christian Temperance Union. "It would be a most retrograde step, and I don't think the minister of militia will consider such a proposal at all. The act has never really been enforced in the canteens until the last two years, and to go back again, oh, no, that would never do, and if such a recommendation is put through we will send a delegation to Ottawa."

Rev. H. Spense, secretary of the Dominion Alliance, said that Hon. Sam Hughes has declared against the sale of liquor in canteens, and he didn't think the recommendation would have any weight.

BOXING IN AUSTRALIA.

Sydney, N. S. W., Nov. 18.—Jimmy Clabby, of Milwaukee, easily outpointed Arthur Cripps for the middleweight championship of Australia today. The bout was scheduled for 20 rounds, but Cripps acknowledged defeat in the 15th round.

CURLERS COMING.

Glasgow, Nov. 18.—The Royal Caledonian Curlers sail on board the Allan liner Ionian from here on December 23.

PAYS VISIT TO TIMBER LIMITS

NEW LUMBER PLANT WILL OPERATE SOON

President Marsh Inspects Empire Lumber Company's Holdings at Cowichan Lake

(From Mondays' Daily.)

President W. E. Marsh, of the Empire Lumber Company, New York, whose company recently acquired a large tract of timber near Cowichan Lake, returned to the Empress hotel on Saturday from a visit to the limits. Mr. Marsh was very reluctant to discuss the proposals of his company as to the development of what is a first-rate lumber property, saying that statements which had been made during the negotiations were entirely unauthorized by the Empire interests.

It was true, however, that the Cowichan Lake branch of the E. & N. would bring their product to tidewater, and they contemplated building a sawmill later on Osborne Bay, near Crofton. Until the mill was built the product would be sold in the open market. When the railway extension was opened the company would go into business in a large way, recognizing that the timber on this island was exceptionally good. Mr. Marsh said he could speak with some knowledge when he praised the timber on Vancouver Island, as he had been a lumberman all his life, and had done business in lumber all over the continent.

He had been much delayed in making an inspection by the bad weather last week, the snow being two feet deep round the lake, and he would return there before leaving for San Francisco, where he had business. So far as the extension of the E. & N. Railway was concerned, it was an understanding when the property was acquired from that railway by the American Finance & Securities Co., of New York, on their behalf, that facilities should be afforded to get out their logs.

Mr. Marsh referred to the great progress made in Victoria since he was here last, and to the courtesy shown him by the official classes, and also spoke of the marvellous possibilities of the island and its undeveloped mineral and lumber resources. Mr. Marsh shared the sentiment of his countrymen that reciprocity would have been of benefit to Canada as a whole, but believed that so far as the lumber industry in British Columbia was concerned, the agreement would not have resulted beneficially to the men engaged in that industry here.

He is an enthusiast for the Panama canal, and does not agree that the southern ports of the United States on the Pacific seaboard will be the sole gainers from the cut off, but believes that the British Columbian ports will take a fair share of the trade if they seize the opportunity and improv their harbor accommodation. He thinks the canal will have a stimulating effect on the lumber industry in this province, giving the operators better access to markets on the Atlantic coast and South American ports, and cutting 6,000 miles off the journey to Europe.

CLERGYMAN ENDS LIFE BY HANGING

Commits Suicide While in Fit of Despondency Caused by Ill-Health

Vancouver, Nov. 18.—Despondent and morbid on account of his long illness, Rev. T. Walker, a Church of England clergyman, took his own life in St. Luke's home last night. He was found this morning hanging by the rope of his dressing gown from one of the rafters of the woodshed, next door to St. Luke's home, and it was evident from his appearance that he had tried to slash his throat with a safety razor before hanging himself.

Some three months ago Rev. Mr. Walker was in charge of the mission at Merritt, when a rock from a railway cut where some blasting was being done, struck him on the side. He seemed to recover somewhat from the effects of the accident, but was later compelled to resign from his charge at Merritt and enter St. Luke's home here. Rev. Mr. Walker came here from England about a year ago and was ordained in New Westminster.

He was only 31 years of age and Merritt was his first charge.

JURY SELECTED.

Miss Chamberlain, Victim of Alleged Tarring, Will Be First Witness.

Lincoln Centre, Kas., Nov. 18.—A jury was secured to-day to try Sherrill Clark, A. N. Simms and John Schmidt, the three men charged with assault and battery in connection with the tarring of the young school teacher. The court then adjourned until Monday morning.

The intention of the prosecution, it is understood, is to place Miss Chamberlain, the victim of the alleged tarring, on the stand as the first witness. Miss Chamberlain has recovered her health and is eager to testify. She and her mother were in the court room while the jury was being selected.

The three defendants and Miss Chamberlain met in a hallway. No sign of recognition passed between them. Formerly they were good friends.

THE STRANDED EMPRESS.

Vancouver, Nov. 18.—Yesterday was the day set by the Mitsui Salvage people for an attempt to float the stranded liner Empress of China, ashore on Awa Peninsula, Japan, since July 26. Yesterday was announced as the day when an exceptionally high tide would prevail and the salvors had declared their intention of pumping the liner full of compressed air and floating through the channel they blasted in the reef. However, up to noon to-day no word had been received from the Orient as to the success or failure of the attempt.

ASSOCIATION HAS SUBSTANTIAL SURPLUS

Reports Submitted at Meeting of Cowichan Agricultural Society

Duncan, Nov. 17.—The annual general meeting of the Cowichan Agricultural Society was held in the agricultural hall. The president, A. A. Mutter, called on the secretary, Alex. Herd, to read the financial statement for the year.

The balance sheet showed that whereas when the executive committee for 1911 had taken office there had been over $750 worth of debts outstanding, at the present moment there was ample funds in the bank to meet all liabilities, and have a substantial balance of about $450 to be carried forward to next year.

The report was adopted.

The full list of officers elected was as follows: Hon. president, W. H. Hayward, M. P. P.; president, H. W. Bevan; first vice-president, A. A. Mutter; second vice-president, John Hirsch. The ballot for the executive committee resulted as follows: Capt. Watson, Rev. F. G. Christmas, and Messrs. Hadwen, Mutter, Peterson, T. A. Wood, jr., Fry, W. R. Robertson, H. D. Evans and Maitland-Dougall.

Mr. Peterson thought that a vote of thanks should be tendered to the ladies who had taken a lot of pains with the arranging and judging of exhibits at the fall show. The secretary was instructed to tender the thanks of the society to these ladies.

Mr. Neel asked if it would be possible for district committees to be appointed by the executive to arrange for exhibits to be sent to the show. The matter was left to the executive committee.

Mr. Neel also suggested that district exhibits might be arranged from the various districts such as Cowichan, Westholme, Somenos and Chemainus. The suggestion was well received, as it was thought that useful competition might thus be started. Mr. Neel was asked to write to the executive committee setting forth his suggestion.

CONDUCTOR CRUSHED BETWEEN TWO CARS

Escape of Air From Brake Pipes of Stationary Car Causes Collision and Accident

(From Mondays' Daily.)

Arthur Clayton, employed as a conductor on the George car was injured accidentially on Saturday afternoon by being jammed between a Gorge and an Esquimalt car at the Government street terminus owing to a sudden escape of air from the brakes which caused the rear car to run back of its own accord and jam the conductor before he was aware of the danger.

The Esquimalt car had come to the terminus and the motorneer applied the brakes and was passing through the car to the other end to make ready for the return journey to Esquimalt. A moment before the Gorge car had come to standstill a few yards in front of the stationary Esquimalt car, and the injured man was engaged in putting up the front fender when the escape of air from the brake pipes released the Esquimalt car, which travelled by its own momentum down the slope and struck Clayton as he was bending down over the fender of his own car.

The injuries caused to the conductor by the collision were sufficient to render his removal to the Royal Jubilee hospital necessary, where he was immediately taken by orders of the B. C. Electric Co. He was placed under the care of Dr. George Hall and will be in the hospital for some time, an operation having been advised.

Meanwhile he is being cared for by the B. C. Electric company and receiving every attention. The accident was due to an escape of air from the brake pipes, as the car stood stationary for some moments after the brakes were applied by the motorneer, and did not move until he was well down the car to the other end.

THREE HUNDRED KILLED IN FIGHT

Chin Kiang, China, Nov. 18.—Wireless reports from Kang Kow state that the fighting continues. To-day there was a sharp engagement during which both sides lost a total of 300 killed. Several shells dropped into the foreign concessions but no one there was injured.

It is reported that Admiral Sah Chen Ping, commander of the Chinese navy, is a prisoner at Kuh Lang.

Pekin, Nov. 18.—7.30 p. m.—Premier Yuan Shi Kai announced to-day that the rebels and the Imperial forces met near Nanking yesterday. There was fierce fighting but the rebels were finally repulsed with large losses.

NEARLY BLOWN OVERBOARD.

New York, Nov. 18.—"Out of a comparatively smooth sea came a big wind which lifted Captain Smillock up bodily and carried him the whole length of the bridge. He barely escaped being carried into the sea."

This is the tale told by the officers of the steamer Estonia, just in from Copenhagen. The hurricane struck the ship on November 4, and reached such a velocity that the stanchions holding the weather cloth on the bridge were bent.

TWO GASOLINE SCHOONERS ASHORE

Stranded on the Coast of Oregon, but Are Not in Danger

Marshfield, Ore., Nov. 18.—In addition to the schooner Sausalito en route from San Francisco to Coos Bay and the little schooner Advance, both of which are anchored near shore in the vicinity of the mouth of the Coquille river, it is reported here that the gasoline schooner Randolph, which plies between small ports in Curry county, is ashore at the mouth of the Rogue river, and that the little gasoline schooner Patsy is beached on the coast somewhere north of here.

At last reports from Coquille, the Sausalito and Advance were in no immediate danger. Tugs have been unable to cross out of Coos Bay because of roughness of the bar.

Declines Assistance.

Hoquiam, Wash., Nov. 18.—Bar tugs and the keeper of the Westport lighthouse report the four-masted British barque Crocodile, Callao to Portland, anchored just south of the entrance to Gray's Harbor waiting for a favorable wind to bear out to the open sea.

She was spoken to-day by one of the local tugs, and reported all well and declined assistance.

She is anchored in ten fathoms of water and has good holdings.

Another Report.

Astoria, Ore., Nov. 18.—It is reported that the tug Goliah with a ship in tow, is southward bound at a point about 30 miles north of the mouth of the Columbia river. It is believed that she has the British barque Crocodile in tow.

ELECTRIC TRACKS WASHED AWAY.

Vancouver, Nov. 20. — The heavy rains of the past few days did serious injury on Sunday to the Lynn Valley flume. Near the terminus of the B. C. E. R. tram line in Lynn Valley the Hastings mill flume, used for floating shingle bolts to tide water, runs underneath the tram line. The rains sent down a tremendous head of water which soon choked the bridge and flooded the line, eventually carrying away its wooden supports. Some small building in the vicinity were damaged, but the most serious harm was done to the B. C. E. R. tracks, some 500 feet of which were washed away.

RHODES SCHOLAR.

London, Nov. 18.—H. R. L. Henry, of Winnipeg, Rhodes scholar, is the only Canadian at either Oxford or Cambridge to get his full blue this term, this being for Association football. He has just been called a barrister of Temple Inn.

ALGERINE TARS WIN MATCH IN STATES

Los Angeles Soccer Team Fell Before Sailors—Game Clean and Enjoyable

The sailors of the H. M. S. Algerine, well known to local footballers, have been winning fame on the soccer field in American towns. The following is the report of a game which they played and won against the Los Angeles teams recently:

Quite an enjoyable game of soccer football was that provided by a strong Los Angeles team and the bluff, hearty and withal vigorous sailor boys from the British gunboat Algerine. The latter team won, 3 goals to 2.

A large crowd of shipmates and marines were on the bleachers who added not a little to the fun during the game. The sailors started the game in strong style and it was soon evident that they would prove no mean antagonists. Jamison, their centre forward, with a very tricky, dodging run put the ball past Jarvis, opening the score for the Algys. Stubs, Ainslee and McLeod were showing excellent form and keeping the ball in Los Angeles territory.

The local boys finally got away and Tommy Lowe equalized with a smart shot. The Algys were strong on the defence and the trickery and good nature of the sailors, especially Jamison and McLeod, created much amusement. The Los Angeles boys, however, got away again and McCubbon carried the ball in front of the sailors' goal and passing to Shepherd, the latter put on a second goal for the Los Angeles team.

McDonald, the outside left for the sailors, put in some splendid runs and centered well, but at half time the home team led by 2 goals to 1.

In the second half the sailors, urged on by their shipmates from the bleachers, had by far the best of the game and from a penalty Jamison scored the equalizing goal amidst loud cheering.

Lowe, Shepherd and Leslie did fine work for Los Angeles, but the defence of the seamen was both sound and vigorous and after some pretty combined passing and dribbling McDonald scored a third and what proved a winning goal. The game ended in a victory for the Algerine boys by 3 goals to Los Angeles 2.

It was a most enjoyable game, clean and sportsmanlike throughout. In Jamison, McLeod, Ainslee and McDonald the sailors have four fine players, Jamison, especially, being exceedingly clever and tricky. Lowe, Leslie, Shepherd and McCubbon were the pick of the Los Angeles team. The teams follow:

Los Angeles—Jarvis; Riley and W. Greaves; Crowe, Summers and Lincoln; Leslie, Conway, T. Lowe, Shepherd and McCubbon.

Algerines — Prowse; Ainslee and Stubbs; Driskell, Stoner and Truscott; Stone, Yabsley, Jamison, McLeod and McDonald.

JACK JOHNSON'S TROUBLES.

Tacoma, Nov. 18.—Jack Johnson, champion heavyweight pugilist of the world, is down and out financially, according to a letter received this morning by "Denver Ed." Martin, of Tacoma, from Bob Armstrong, who until a few days ago was Johnson's sparring partner and trainer in England. Martin and Armstrong are both negro boxers.

LAND ACT

COAST DISTRICT, RANGE 1.

Take notice that William Dalziel Duke, of Victoria, farmer, intends to apply for permission to purchase the following described lands, about 180 acres: Commencing at a post planted on the southwest corner of Lot 680, thence south 30 chains to northwest corner of Lot 629, thence east 60 chains, thence north 30 chains, thence west 60 chains more or less to point of commencement.

FARMER'S SON, just arrived from East, seeks work on farm; will work for board and small wage. Box 558, Times.

REPORT NOT CONFIRMED.

China Inland Mission Has No Information Regarding Rumor of Murder of Missionaries.

Toronto, Nov. 18.—Consternation was thrown into the Methodist mission camp for a time yesterday, when the cablegram was received stating that two missionaries had been stabbed to death in China. A number of telegrams were sent from all parts of Canada to the missionary headquarters in the Wesley building, Richmond street, asking for particulars. Rev. T. E. Egerton, who is secretary of the foreign missionary department of the Methodist church, wired to the China Inland Mission, Shanghai, China, for information. This morning the following cablegram was received: "Report is evidently a mistake. No such information has been received here."
