EXPOSITION WILL OPEN TO-MORROW

ALL IN READINESS FOR THE CEREMONY

Practically Every Exhibit is Now in Place—Programme For Day.

(Times Leased Wire.)
Seattle, Wash., May 31.—With every nail driven and practically every exhibit in place, the Alaska-Yukon-Pacific exposition to-day is in readiness for the official opening at noon to-morrow. The momentous occasion has attracted tourists from every part of the world and to-day the city is overflowing with visitors. When President Taft presses the gold studded telegraph key in his office at Washington to-morrow, and sends the electric current flashing its way across the continent to announce the opening of the fair, it is expected that the most cosmopolitan gathering ever assembled at a like ceremony will be on hand, and Seattle itself is a bower of beauty. Thousands of private homes and practically every business house in the downtown district are decorated with hunting and flags and of emblems of the exposition. The people of Seattle are filled with pride. The slogan, "the fair that will be ready," has proved to be no idle boast. The fair is ready, and in this respect it stands out in marked contrast to any of its predecessors.

The opening ceremonies to-morrow will be carried forward with much pomp. The exercises will begin at 11 o'clock in the natural amphitheatre and speeches will be delivered by Director General I. A. Nadeau, President Childers and James J. Hill, the railroad genius of the Northwest.

Preceding the speechmaking, a military parade, consisting of troops from the United States army and navy and sailors from the Japanese warships Aso and Soya, will form on the grounds and will be reviewed at the court of honor by expositing officials, including Governor and Admiral Sebrus and Admiral S. A. as aide.

Following the exercises in the amphitheatre a luncheon will be served to the invited guests at the grandstand and at the New York state building. Concerts by the various bands, receptions and an agassent by the Stroebel airship will make up the remainder of the afternoon's program.

At night there will be a grand official banquet to invited guests at the New York state building. Governor Hay of Washington will deliver an address of welcome to visiting governors and the response will be by Governor Benson of Oregon. Mayor Miller will welcome the visiting mayors and Mayor David S. Rose of Milwaukee will reply.

The press will be welcomed by Col. A. J. Blethen and the response will be by J. Edward Norcross of the World, of Vancouver.

Address of welcome to the army and navy will be delivered by Admiral Sebrus, U.S.N., and Admiral Hich, of the Imperial Japanese navy, will respond. Col. T. C. Woodbury, U.S.A., will then deliver a toast to "Our Canadian Neighbors," and the response will be by Hon. C. W. Cross, attorney-general of Alberta.

SAVES LIFE OF NEGRO.

Woman Protects Him From Infuriated Mob at Augusta, Ga.

Augusta, Ga., May 31.—Mrs. Margaret Sylvester, a prominent and attractive society woman, to-day bears the distinction of being the most courageous woman in Augusta. Unarmed and alone she faced an infuriated mob that was pursuing a terrified negro, Joe Bryant, and probably saved his life.

The attack on the negro was a result of the local railroad strike. Bryant ran down a side street from the railroad yards with the mob in full cry at his heels. Attracted by the howling crowd, Mrs. Sylvester rushed to the street. Taking in the situation at a glance she motioned the fleeing negro into her house, and standing in the door defied his pursuers.

After severely scoring the crowd for its brutality, Mrs. Sylvester ordered it to disperse. The men quietly withdrew and returned to the yards.

TWO DROWNED NEAR CHILLIWACK

PERISH IN SLOUGH WHILE OUT DRIVING

Woman Sees Accident But Help Arrives Too Late.

(Times Leased Wire.)
Vancouver, May 31.—Driving over a flooded road where there was about a foot of water in a slough five or six feet in depth, Emmet W. Bolden and Mrs. L. Shepherd, of Bellingham, lost their lives near Chilliwack, on Saturday afternoon.

Mrs. Bellam, who lives on a ranch near the scene of drowning, saw the buggy and horse disappear and heard the cry for help. She quickly warned a neighbor who went to the assistance of the pair in a boat. He found the horse struggling in the water, but no trace of the two occupants of the buggy. Later the bodies were recovered and taken to Chilliwack where an inquest was held and a verdict of accidental death was returned. The remains were sent to Bellingham.

Bolden was canvassing for a Chilliwack photographer. Mrs. Bolden was driving with her cousin in another part of the valley and did not hear of the tragedy until the inquest.

Mrs. Shepherd leaves a husband and three small children in Bellingham.

FIVE PERISH ON U.S. COLLIER

SUFFOCATED IN THEIR CABINS DURING STORM

Filipino Member of Crew Rescues Captain From Death.

(Times Leased Wire.)
Hongkong, May 31.—Officers Larkin and Rapp and three members of the American collier Nanshan, which has just reached this port, were killed in their cabins during a typhoon that struck the vessel during her trip between Manila and Hongkong.

The water shipped during the heavy storm generated poisonous gases below decks, and the men were suffocated before they could be rescued by other members of the crew.

To the bravery of a Filipino named Cruz, Capt. Carter, of the Nanshan, owes his life. Cruz entered the officers' cabins at the risk of his own life and rescued the captain to the fresh air on deck. He made seven trips, arousing all the officers except Rapp and Larkin.

The Nanshan is attached to the Pacific fleet. She is manned by civilian officers and crew.

BOYS SENT TO SOON TO ENGLAND

Misunderstanding Regarding Day of Lord Roberts Rifle Match.

(Special to the Times.)
Ottawa, May 31.—An extraordinary blunder has been made by some one in sending two Canadian school boys, one from Toronto and one from Hamilton to take part in the Empire school boys shooting match at Bisleigh for the Lord Roberts trophy. It appears the match will not take place until the second week of August, yet two Canadian schoolboys have been in England since a few days before Empire Day. Col. Lessard and Major Winter, of the militia department, who had charge of sending the boys, are utterly unable to account for the blunder. Winter says on May 1st a cable came from Lord Strathcona stating he had been asked by Hanson, secretary of Lord Roberts boys competition, to send an invitation to Canada to have two boys compete in the match on Empire Day. There is no doubt in the mind of any body here that the cable stated distinctly the match was to take place on May 24th. It is possible that Lord Strathcona may have confused the match with Empire Day which would explain the blunder. Meanwhile what will be done with the two Canadian boys now in England officials are unable to say.

TORNADOES CLAIM FORTY-TWO LIVES

LATER REPORTS MAY INCREASE DEATH ROLL

Village in Texas Wiped Out—Property Loss Exceeds \$1,000,000.

(Times Leased Wire.)
Brownwood, Texas, May 31.—Thirty-two lives were lost in the tornado that wiped out the little village of Zephyr, in Brown county, yesterday. The number of seriously or fatally injured will reach nearly a hundred.

The storm, which was one of unusual violence, cut a swath through the town and left a path of death and destruction in its wake. More than fifty homes were demolished, and many of these were destroyed by a fire which was started by lightning. The total of casualties was not much larger is attributed to the fact that hundreds of persons, receiving warning of the coming storm, fled.

The fury of the elements is unparalleled. The hillsides of the little village are covered with debris, carcasses of animals and fowls. Bodies were carried for long distances, and many were found twisted about trees and bent and broken in a fearful way.

Relief trains were hurriedly dispatched from Brownwood, and to-day the homeless and injured inhabitants are receiving every care.

Among the dead is County Clerk T. T. Cabler, of Brownwood, his wife and two children.

FLIES 900 MILES THROUGH AIR

ALL RECORDS BROKEN BY COUNT ZEPPELIN

Collision With Tree Ends Flight Which Lasted Over 40 Hours.

(Times Leased Wire.)
Goppingen, Germany, May 31.—Having broken all aeronautic records by remaining aloft 40 hours and 15 minutes and covering approximately 1,000 miles, Count Zeppelin's wonderful voyage through the air came to an end here to-day when his great airship Zeppelin II, collided with a tree and stove in its bow. It is not known how seriously the airship is damaged.

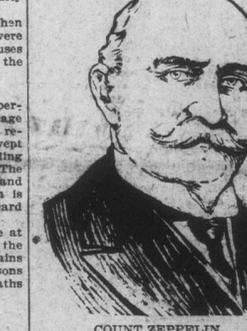

The count made a landing earlier in the day at Untertueschheim, a suburb of Stuttgart, to take on a fresh supply of petrol. He immediately reascended and started in the direction of Friederichshafen, where he ascended Saturday night.

Making his way over Necker Valley he passed Esslingen at 9.45 a.m., Plochingen at 10 o'clock and Kirchheim at 10.45.

The flight was over a zigzag course, and it is impossible to determine its exact length.

Will Repair Airship.

wrecked by striking a tree near here early to-day. The machine was so badly damaged, however, that the aviator will not attempt to continue the return journey to Friederichshafen, at which point the ship ascended Saturday.

Mechanics from Zeppelin's shops at Friederichshafen are on their way here and will commence work on repairing the airship without delay.

In a statement issued here Count Zeppelin declared that the mishap proved nothing with regard to feasibility of aerial navigation and that it merely taught him a lesson which would be of profit to him in the future.

The count estimates that in the forty hours and fifteen minutes his ship was aloft it was travelling at an average rate of 22 1/2 miles an hour, making the entire voyage approximately 900 miles in length.

When Bartlett was near death he availed himself of the opportunity to will to Miss Gould six months' pay which would fall due half a year after his death.
