

MISS MAZZONI IS WINNER OF MILE

ARCHIBALD RIDES CONTRASTING RACES Miss Picnic and Semproelle Both Win at Long Prices.

(From Saturday's Daily.) The mile race at the Willows yesterday was won under a splendid ride by Archibald on Miss Mazzoni from a moderate field, the only other horse in the race with any class being the second, Archibald gave Ed Ball the start the first time round refusing to force his mount to the front and laying on the Brant horse's withers till Ed Ball stepped for the field by many rounds the water tank turn. Then Archibald sent Mazzoni past El Paso and occupied the same position he had to that horse with Ed Ball. Approaching the last turn he raced Ed Ball for the inside position and got the best of the deal. From there he kept on an equality round the turn and then left Ed Ball behind for the field by many lengths. She needed no nursing for the final as nothing was near enough to challenge. Ten Row and Mi Derecho got the positions.

Archibald also won with Queen Alamo and Blameless in the four and a half and the five furlongs. Blameless had nothing of any particular class and out-stepped for the field by many lengths. She needed no nursing for the final as nothing was near enough to challenge. Ten Row and Mi Derecho got the positions.

Archibald's splendid riding in three races was up as a direct contrast to his handling of Ornate on which he runs second to Semproelle in the six furlongs. Passing the stand he had a clear run for the inside rail to the turn, but held the horse back letting Semproelle get round from the outside and giving her the rail position. Thereafter he seemed to work Ornate into every pocket possible and when Semproelle had the race run, Archibald came out on Ornate and raced the field for second position, beating Chaplet by a length.

Miss Picnic was out to win and her backers collected at 8 to 1. She beat Ketchel and Lady Elizabeth. Lycurgus put the mare to the front and let her go. There was nothing in the race to catch her. The field surprised the field and favorite Belle Kinney which was reckoned to have quite a burst of speed over five furlongs. The favorite, however, was beaten by all the rest of the field. Detailed results of yesterday's racing are:

LUCKY MR. BROWN.

If it had not been for "Fruit-a-tives," Mr. Lemue Brown, of Avondale, N. B., would still be living on stale bread and suffering tortures with indigestion.

His stomach was so weak that he had to give up all kinds of meats, potatoes and other vegetables, and even deny himself the comforts of a cup of tea. Fortunately, Mr. Brown read about "Fruit-a-tives," bought a box and was so much improved by taking the tablets, that he used four boxes altogether. "I have been a great sufferer from indigestion for fifteen years. About two years ago, I read about Fruit-a-tives and concluded to give them a trial. I used nearly four boxes of 'Fruit-a-tives' and they have made me feel like a new man. I can eat all kinds of hearty foods and enjoy tea and coffee." This is not a rare case, but the regular experience of everyone who uses "Fruit-a-tives" for Weak Stomach, Indigestion and Dyspepsia. Try them. 50c a box, 6 for \$2.50, or five boxes, \$12.50. A NEW STRIKE MADE IN THE DUNLEA GROUP

One Body Discovered Running Well in Silver and Gold.

Nelson, B. C., Aug. 2.—George Bartlett has received information from the Dunlea group, situated on Ten-Mile Creek, Slokan, of a new strike of high grade dry ore, which was made at the property a few days ago which is four feet in width, carrying values of 200 ounces in silver and \$8 in gold.

The Dunlea group is an old property, having been owned by Mr. Bartlett for years, and is located near the Westmount, a property which has made favorable returns in the past, and it is thought that the new strike on the Dunlea is a continuation of the Westmount vein. Two men have been working on the property continuously and it is now likely that the force will be considerably increased.

It is Mr. Bartlett's intention to commence shipping to the Consolidated Company's smelter at Trail in the very near future, ten tons of ore being now ready at the mine for shipment. Mr. Bartlett has gone to the mine to investigate the exact proportions of the new strike.

STORY OF A TURTLE. Revelstoke Man Carved His Initials on It Nineteen Years Ago.

Teeswater, July 31.—The News says: A bunch of 8th concession school boys were playing on the banks of the Teeswater river, near where it crosses the road, when they captured a large mud turtle, that is, one with a shell about a foot square. Among the boys were Matt Scott, now of Revelstoke, B.C. Scott wished to make a record of the incident and with a pocket knife carved in the shell of the turtle his initials and the date—1890. The reptile was then given its liberty and was not again heard of for ten years. In the summer of 1909 it fell into the hands of Mr. Walter Pinnell, who, reading the record of its previous capture, his initials on the back of the Turtle's carapace and the date.

These facts were recalled a couple of weeks ago—nineteen years after it first made its acquaintance and nine years after its second adventure—when Mr. Thomas Elliot was the capturer of this old denizen of the river. He very naturally followed the example of Scott and Pinnell and added his initials to those already on the turtle's shell. The fact that each time the turtle was caught within a comparatively short reach of the river, would indicate that these creatures live their long and sleepy lives within a very limited area. If this one lives on the two banks of a river which is said to be the life of a turtle, it may yet be carrying on its back a lengthy history.
