

Centreville Scintillations.

"Hope deferred makes the heart sick." We have wondered what has influenced Judge Vanwart from either confirming or raising the injunction on the jail building. It must be apparent to the most casual observer that those who interested themselves in the matter have put the county to needless expense, and they alone will take the blame, as those who are willing to build, won't be satisfied to allow \$2 500 repairs put on the old trap, if that is the wish of the people but it will be false economy. Much like the way councils have managed heretofore.

Well we had expected to see work of bridge building going on before this time, and had expected to cross on that structure before cold weather. As far as we can learn at this distance the only material on hand for building, is a bunch of shingles.

Dr. Brown performed an operation on John Simonson, removing part of two ribs and taking an abscess off his lung. The patient is now on the road to recovery.

We have been making enquiry as to the probable candidates for Brighton, have only heard of one, Mr. Richardson the present member who we think the electors would do well to re-elect, as on most questions, in one opinion, he shows good judgement, and would make a useful member scarcely equalled by any who has heretofore represented Brighton.

The Episcopal Church is yet without a resident minister, the people have the choosing. Reforms in other churches since we first attended. Methodist ministers used to line out the hymns, after singing two lines of a verse the music ceased until the preacher read the other two. This sometimes caused a break-down in the music.

Nervous Dyspepsia.

A Young Lady in Trenton Released from Suffering.

She Suffered Untold Agony from Stomach Troubles and Sick Headaches—Dr. Williams' Pink Pills Cured Her.

From the Courier, Trenton, Ont.

Some years ago we reported the case of Wm. Pickering, Trenton, being cured of locomotor ataxia. He was not able to move and was confined to his bed for weeks. Upon advice he tried Dr. Williams' Pink Pills and immediately obtained relief. He is still free from the terrible excruciating affection, and enjoys active, robust health. We have just learned of another positive cure through using Dr. Williams' Pink Pills. It is the case of Miss Cassie Way, who has been an acute sufferer from that common foe of humanity and the foundation for many other ills, dyspepsia. For nearly eight years Miss Way suffered untold agonies with sick headache and pains in the stomach. She tried several doctors without any material benefit. A year ago she came to live with a friend in Trenton, Mrs. W. L. Derbyshire, and was so reduced that she could not sit up an hour. She feared her trouble would drive her crazy. She was advised to try Dr. Williams' Pink Pills. She replied that she had used a box before and they had done her no good. It was urged that she could not hope for relief from one box and she commenced them again. She continued using the pills throughout the year with the result that she had completely recovered her health. Her appetite is good, she has gained flesh rapidly, and is able to attend to all her household duties. She voluntarily offers this testimony as a tribute of gratitude for the benefit she has derived with the hope that others suffering as she has, may be induced to try this health restoring remedy. Mrs. Derbyshire adds her testimony to the correctness of the statements of Miss Way. Allow me to add that for four or five years the editor of this paper has suffered from an itching rash that attacked all his joints and all the ointments within reach failed to banish it. He took Dr. Williams' Pink Pills last year and is nearly well.

Dyspepsia, rheumatism, sciatica, neuralgia, partial paralysis, locomotor ataxia, nervous headache, nervous prostration, kidney trouble and diseases depending upon humors in the blood, such as scrofula, chronic erysipelas, etc., all disappear before a fair treatment with Dr. Williams' Pink Pills. They give a healthy glow to pale and sallow complexions and build up and renew the entire system. Sold by all dealers or sent postpaid at 50 cents a box or six boxes \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont. Do not be persuaded to take some substitute.

REPORTERS WANTED.

The ADVERTISER has made arrangements whereby it can offer a scholarship in the Robert F. Rose school of Shorthand as a prize to ambitious writers. The ADVERTISER wishes to maintain an able and permanent corps of reporters in every village and school district in this and Victoria County. As an inducement to young people having journalistic aspirations we will give a full course of 28 lessons in Shorthand to the person giving the best satisfaction as a reporter to the ADVERTISER during the remainder of this year.
