THE COUNCIL DECIDES THAT CUSHING MUST DO THE WORK

Report of the Board of Works Adopted—Dickerling With the Y. M. C. A. Over the Old Chipman House—A Committee of Entertainment for Regal Visit

A special meeting of the common council was held at City Hall this morning. Mayor Sears presided over the visit to this city of Earl Grey, Governor-General of Canada, should be marked by some special programme. Ald. Frink moved that a committee be appointed to look after the entertainment of the Governor-General. The committee appointed were: Mayor Sears, Ald. Lewis, Baxter, Vanwart, Bullock, Frink and McGoldrick.

The matter of preserving the old Chipman House was next brought up. Mayor Sears stated that Mr. Johnston the building mover, had been asked to report to the council whether or not the Chipman House could be moved to another site. The mayor knew of a great number of citizens who wanted the house preserved. He had learned that the ground on which the Chipman House stands would not be needed at present in the erection of the Y. M. C. A. building.

Ald. Baxter moved that the council go into a general committee to hear the views of those interested in the matter. Carried. L. P. D. Tilley, president of the Y. M. C. A., stated that the trustees of the Y. M. C. A. had decided to offer to sell to the city a lot of land in rear of the new Y. M. C. A. building for \$500. If this land was purchased it would be a good place to put the Chipman House. Mr. Tilley stated that he wished to make the request on behalf of the Y. M. C. A. that the city provide free water for the new institution. Mr. Tilley also asked that the Chipman House be moved until after the new Y. M. C. A. building is completed.

Ald. Baxter asked if the Y. M. C. A. trustees would want money for the Chipman house, if it were removed to a site not needed by the Y. M. C. A. Mr. Tilley answered in the affirmative. He stated that cash or free water was wanted for the building. Apart from the free water proposition, Mr. Tilley stated that at least \$7,000 would be asked for the building. Mr. Tilley did not think the Chipman House should be given to the city. Ald. Baxter said that in selling the building, it was speaking frankly, securing a subscription which the city under the guise of a sale. If the price were \$10,000 Ald. Baxter thought that the building could be removed to another site for that amount.

Ald. Baxter moved that a committee consisting of His Worship, Ald. McGoldrick, Vanwart, Frink and Christie be appointed to consider the matter. Carried. Ald. Baxter on the council resumed said that although citizens were anxious to see the new Y. M. C. A. building erected a subscription could not directly be made by the city. He thought that by paying for the house it would be contributing directly. Ald. Baxter moved that the committee be given power to act in removing the house, if it is given to the city free of charge. Carried. Mayor Sears said that he thought several trustees of the Y. M. C. A. favored giving the Chipman House to the city. The Mayor mentioned that the feeling between the city engineers, Peters and Dickerling, was not harmonious and he thought that the matter should be dealt with.

Ald. Kelley moved that the meeting adjourn and the matter be considered at a meeting of the council on Monday night. Ald. McGoldrick read the report of the board of works which recommended that several amendments be added to the regulations governing the digger. Ald. McGoldrick said that the matter had been thoroughly thrashed out, and the report was carried by a large majority. Ald. McGoldrick said that he considered it his duty to supplant Engineer Peters, as he had given the city excellent service, and he did not believe in working a man of Mr. Peters' age to death. The alderman mentioned that a competent director was needed, and if the present one does not do his duty, another should be obtained. He moved that the board of works report be approved. This was seconded by Ald. Frink and carried. The meeting then adjourned.

WON'T ACT AS CHAIRMAN OF TEMPERANCE COMMITTEE

COLUMBUS, Ohio, May 18.—Dr. David Wells, Jr., of Oswego, N. Y., announced today that he has declined to serve as chairman of the committee on temperance of the general assembly. His resignation has caused a sensation. There promises to be a bitter fight over the report on temperance, and Rev. Dr. Wells says he will not participate in the fight.

STEAMSHIP LINES WILL FIGHT TO A FINISH

Action of Officers of International Company Approved—Strikers Helped to Save Burning Property.

NEW YORK, May 18.—Announcement is made today that the finance committee of the International Mercantile Co. has approved every act previously done by its officers and has ordered that the strike of the Longshoremen be fought to the end. The committee has also taken from every officer the power of compromise or arbitration and has authorized the expenditure of any amount of money to carry out the agreement entered into with its other deep sea lines to fight the strike. Among those at the meeting at which this action was taken were J. P. Morgan, Jr., and Charles Steele and J. Bruce Lamy. The strikers show the same determination as the companies do to fight it out and the property in some quarters that they would starve into submission has not materialized. The men generally are orderly. A number of them were congregated on the river front last night awaiting developments, helped to save thousands of dollars worth of freight during the big fire on the southern Pacific, which caused the loss of half a million dollars. They are receiving much praise for this action.

THE HAYWOOD TRIAL

Task of Selecting a Jury Still Drags Along—Twelve Men Not Likely to be Chosen for a Week.

BOISE, Idaho, May 18.—With five preliminary challenges exhausted out of twenty, with thirty-two talesmen to be examined, eleven talesmen in the box waiting peremptory challenges and one still under examination for cause, the case against Wm. D. Haywood, charged with the murder of former Governor F. Steunenberg, opens today with small prospects of jury being completed before the end of next week. The storm of publicity today was concentrated with Harry Orchard seems to have a small subside. Counsel on both sides are willing to admit that no possible cause for objection exists against the newspapers is likely to be found. It is probable that the defense will reserve the opening address to the jury until after all the evidence for the prospects of a jury being completed be state has closed.

SUES COMPANY FOR BURRING HIS WIFE AT SEA

New York Doctor Claims \$25,000 Damages—Woman Died on the Voyaga.

NEW YORK, May 18.—Dr. Chalmers Prentice, of Chicago, announced to the press last night that he instituted suit against the North German Lloyd Steamship Company demanding damages to the sum of \$25,000 because of that line, caused the burial at sea of the body of the wife of his patient, Mrs. Prentice, in the case, Dr. Prentice said, had been served on the agents of the steamship company. Mrs. Prentice, who was in ill health, was a passenger homeward bound from Naples on the Koenigs-Louise, when she was stricken with a fatal illness and died April 27. Against the protest of her daughter, who accompanied her, cause for contempt proceedings against her, was stricken with a fatal illness and died April 27. Against the protest of her daughter, who accompanied her, cause for contempt proceedings against her, was stricken with a fatal illness and died April 27. Against the protest of her daughter, who accompanied her, cause for contempt proceedings against her, was stricken with a fatal illness and died April 27.

FAILURE TO PROVIDE PROPER TREATMENT IS MANSLAUGHTER

NEW YORK, N. Y., May 17.—A recommendation that a law be passed in New York state subjecting to prosecution on a charge of homicide, all persons responsible for failure to provide proper medical attendance for children suffering from dangerous disease was made by a coroner's jury today. The jury heard the evidence in the case of a five-year-old boy who died without medical attendance. The jury's verdict also censured the father of the child and charged him with criminal negligence. According to the evidence given before a coroner's jury today, the child died of pneumonia. His father testified that the treatment given the child consisted of prayer.

DRAMATIC RESCUE OF WOULD-BE SUICIDE

Drowning Girl Located by Steamer's Searchlight

And Saved from the Waters of Hell's Gate by Three Young Men—A Struggle for Life

NEW YORK, May 18.—A spectacular searchlight rescue was effected in the swirling waters of Hell Gate early today, when Frances Horr, aged 17 years, was saved from suicide by drowning by three young men, after a hard struggle. The girl after brooding long over her troubles, threw herself into the river. Then the love of life temporarily overcame her desire to die and she screamed lustily. Joseph Lazarus, Michael T. Flynn, and Valentine Sealand, heard her cries and turning to the water's edge, they sought the source of the girl's appeals for help. They could see no one and were about to leap blindly into the river trusting to chance to direct them, when the searchlight of a passing steamer revealed the struggling woman. They dived in the direction of the light. Lazarus reached the girl first and was nearly throttled by the would-be suicide, whose desire to die had returned with the prospect of rescue. His companions reached them just in time to save the pair from drowning and the girl was borne ashore and removed to a hospital. She will recover.

P. E. ISLAND MAN WAS KILLED IN A RUNAWAY

And His Mother Died From Grief—Death of John Ross, a Former Well Known Newspaper Man.

CHARLOTTETOWN, P. E. I., May 18.—George H. Partridge, aged 37, who was born at Union Road, Charlottetown was instantly killed in a runaway wagon in Minneapolis sixteen years ago. The affair was made doubly sad by the death one week later of Mrs. E. Partridge, his wife, and a few days later of his mother, Mrs. Partridge, who died of grief. His death was hastened by the sorrow caused by the sudden death of his son. She was born at Brackley Point, P. E. I., sixty-two years ago. John Ross, aged 83, a well known citizen died here last night. He was born in Scotland, resided for several years in New Glasgow, N. S., and for sixty years in this province. He was proprietor of Ross Weekly and fought hard for the tenants league during the great struggle against landlordism in the island. He also conducted a paper in Georgetown, P. E. I.

AN OLD LAND MARK AT PRINCE ALBERT DESTROYED

Windmill Erected Thirty Years Ago, and Used as a Lookout During the Rebellion, Blown Down.

PRINCE ALBERT, May 18.—The old windmill which was built at Prince Albert in the early days of the settlement of the district for the purpose of being a lookout for the first farmers in the district but after a few years of service the stones were removed to a water mill on Red Deer Creek a short distance from the city, and during the rebellion the old structure was of great service to the local troops operating in this district, as a lookout post.

TOLSTOI'S SON WAS FOUND NOT GUILTY

ST. PETERSBURG, May 18.—Count Leo Leonovitch Tolstai, son of the famous author, who was arrested in February last, charged with high treason in publishing his father's latest political pamphlet, has been acquitted. The court decided that the count had no criminal intent in republishing the pamphlet, which was printed abroad, but ordered the Russian edition to be burned and the plates destroyed.

PRIESTS ARE INCITING DISORDERS IN PERSIA

TEHRAN, Persia, May 18.—Serious disorders have broken out at Tabriz, Kermanshah, Reesh and Shiraz. The mobs are under the leadership of the priests belonging to the local parliaments who are endeavoring to obtain reforms in the administration of the cities mentioned. The governor of Shiraz is in hiding.

PAID THREE DOLLARS FOR AN INTERCOLONIAL TIME TABLE

NO STEEPLE TOO STEEP FOR STEIPER'S STEEPLE CLIMBER

An Irishman Who Has Ways of His Own for Doing High Stunts—He Goes Up on the Safe Side.

Many people in St. John will remember the visit of Jack the steeple climber, who fell from a church spire in Chicago some two years ago. St. John is again visited by a professional climber, known as the "Irishman" climber, Mr. Haldane Crosbie. This week he has been working on the spire of St. Luke's church replacing several sheets of copper, which had blown off during the big storm last March. Unlike his predecessor, the Irishman climbed up the inside of the spire to the height required, cut a hole through the side and pushed out a plank, securely fastened it inside, then quietly lit his pipe, crawled through the hole and sat on the end of the plank smoking and working without a strap or rope, as much at home as if he was not over one hundred feet in the air. By a very unique method the Irishman drove nails and made the watertight fit in all directions from where he stood or sat, while numbers of people watched from the street below. When through with his work he pulled in the plank and by an original scheme brought in the hole with him.

After the storm of Thursday evening no leaks showed, and the Irishman climber received congratulations from local tinmiths and metal workers. Mr. Crosbie, who is 55 years of age, and unmarried, has travelled round the world, worked on many spires, bridges and steel structural work. He has fallen from heights on three occasions, once thirty-five feet, alighting on the back of a very fat man without much injury to either. On another occasion he had a broken arm and leg. W. A. Steiper, the Mill street metal worker, who had the contract for repairing the St. Luke's spire has secured the services of this workman.

INTERNATIONAL CHRISTIAN ENDEAVOUR CONVENTION

Will be Held at Seattle on July 10th—An Outline of the Opening Ceremonies.

BOSTON, May 18.—Announcement was made here today of the programme of the 23rd International Christian Endeavour Convention at Seattle, Wash., July 10-18. Rev. Dr. Francis E. Clark, president and founder, will preside. Routine business will be first disposed of at a meeting at the Hotel Lincoln, Wednesday afternoon, July 10, including the election of officers, after which there will be the annual meeting of the board of trustees. The greetings of the State will be extended by Governor Albert E. Mead, while the city's hospitality will be offered by Mayor Moore. Rev. John Pollock, president of the European Christian Endeavour Union and pastor of St. Enoch's Presbyterian church, Belfast, Ireland, will respond to the delegates. Among the prominent speakers provided are Hon. George Nichols, M. P., London, England, Wm. Phillips Hall, president of the American Bible League, New York, Hon. Ogden Vogt, secretary of the World's Christian Endeavour Union, Rev. Alexander Frances, D. D., St. Petersburg, Russia, Charles W. Fairbanks, vice-president of the United States, Rev. Andrew Beattie, Ph. D., Canton, China, Rev. Edward Marsden, Saxman, Alaska and many others.

One of the features of the convention will be the singing of Handel's Oratorio of "The Messiah" in the Auditorium, Saturday evening, July 13, by a chorus of 1,500 voices, assisted by an orchestra of 150 pieces.

The victims have no chance of getting their money back, as they never know they have been robbed until they arrive at some other place. Then they cannot afford to go back to the place where they fell victims to the same. A local railway official said yesterday that he thought these foreigners should have some protection when they first arrived in Canada, either by the immigration authorities, or by the police.

WANT MORE SKILLED WORKMEN BROUGHT HERE

Canadian Manufacturers Ask the Government to Pay Attention to This Class of Immigration.

TORONTO, May 18.—The Canadian Manufacturers' Association will request the Dominion government through a resolution passed at the regular meeting of the executive council of the association held yesterday, to encourage the emigration to Canada of skilled artisans for whom the association claims there is a great demand at present. The Govt. is asked to increase the number who have come over through its present immigration officers and by the appointment of special representatives for this purpose.

The growth of the country and the expansion in industrial enterprises has created a demand for more skilled men and the association believe that as employers are prevented by the alien labor act from bringing in workmen from the United States, the Canadian government should make an effort to meet the requirements.

CHANGES AMONG LEAGUE PLAYERS. NEW YORK, May 18.—A despatch from Cleveland says the New York American League Club completed a deal yesterday whereby Pitcher Mac of the Cleveland will join the St. Yorks at once. For his release, Cleveland secures Pitcher Walter Clark and Outfielder Frank Delehanty. Pitcher Moore has been with the Cleveland since the season of 1901. Until last year he was always one of the leading pitchers of the league. An accident to his foot made him of no use in 1906, and he had not worked into consistent form this season.
